Sportswriter Justin Spizman identifies and profiles 168 of the greatest coaches and managers of all time. They have much to teach us about optimizing our performance, our character, and our lives. *Coach: The Greatest Teachers in Sports and Their Lessons for Us All* profiles coaches in every significant sport, from football, basketball, baseball, and hockey to gymnastics, skating, rowing, rugby, soccer, and more. Some champions were deaf, some were amputees, but all earn the respect of thousands for their work ethic a hallmark of the state's populace. Is this heaven? No, it's better than that. It's high school wrestling in Iowa!

How do they reach out to potential story

subjects? What are their interview strategies? How do they conduct other information gathering? How do they come up with their amazing and enticing leads? How do they develop story structure? How does the story change in the revision process? How do they make their stories great and make them into the types of stories that people read and talk about for years? The Deepest Human Life Scott Samuelson, 2014-04-03 This accessible and thought-provoking introduction to philosophy shows how the eternal questions can shed light on our lives and struggles. These days, we generally leave philosophical matters to professional philosophers. Scott Samuelson thinks this is tragic, for our lives as well as for philosophy. In *The Deepest Human Life*, he restores philosophy to its proper place at the center of our humanity, rediscovering it as our most profound effort toward understanding, as a way of life that anyone can live. Exploring the works of some of history's most important thinkers in the context of the everyday struggles of his students, Samuelson guides readers through the most vexing quandaries of existence—and shows just how enriching the examined life can be. Samuelson begins at the beginning: with Socrates, and the method he developed for approaching our greatest mysteries. From there he embarks on a journey through the history of philosophy, demonstrating how it is encoded in our own personal quests for meaning. Through heartbreaking stories, humanizing biographies, accessible theory, and evocative interludes like “On Wine and Bicycles” or “On Zombies and Superheroes,” Samuelson invests philosophy with the personal and vice versa. The result is a book that is at once a primer and a reassurance—that the most important questions endure, coming to life in each of us. Winner of the 2015 Hiett Prize in the Humanities

So It Goes Jeffrey Yeatman, 2024-08-09 There is a disconnect between the sacred and secular worlds that have left many individuals lost in life. Similar to wounded animals in the wild, we resort to our survival instincts at the sight of blood. The psychic wound in an individual will lead to a path of consciousness. It is in the healing of our psychic wounds that we come to know ourselves. We must embrace the quest for identity and understand that life will break us. It is through these dark and challenging times that we are faced with the truth. The truth is righteous. The truth destroys in order to create a new path—a path to find out who we are. But because of your stubbornness and your unrepentant heart, you are storing up wrath against yourself for the day of God's wrath, when his righteous judgment will be revealed. --Romans 2:5
