

Sri Lanka National Dress

Razeen Sally

Dressing the Colonised Body Nira Wickramasinghe, 2003 This book explores popular, political and symbolic meanings assigned to dress in a variety of colonial contexts in Sri Lanka; thus it focuses on the politics of nationalism and identity under late colonialism. Proceeding from the understanding that self-representation is at its peak at the moment of political independence, the author examines the lineages that exist between that moment in Sri Lanka and the colonial past, as also the meaning of the commemorations that took place on independence day.

Sri Lanka in the Modern Age Nira Wickramasinghe, 2006-03-31 Since the late 1970s civil war has left Sri Lanka in an almost permanent state of crisis; conventional histories of the country by liberal and Marxist scholars in the last two decades have thus tended to focus on the state's failure to accommodate the needs and demands of the minorities. The entire history of the twentieth century has been tied to this one key issue. Sri Lanka in the Modern Age offers a fresh perspective based on new research. Above all, the author has written a history of the peoples of Sri Lanka rather than a history of the nation-state.

Encyclopedia of National Dress Jill Condra, 2013-04-09 This two-volume set presents information and images of the varied clothing and textiles of cultures around the world, allowing readers to better appreciate the richness and diversity of human culture and history. The contributors to Encyclopedia of National Dress: Traditional Clothing around the World examine clothing that is symbolic of the people who live in regions all over the world, providing a historical and geographic perspective that illustrates how people dress and explains the reasons behind the material, design, and style. The encyclopedia features a preface and introduction to its contents. Each entry in the encyclopedia includes a short historical and geographical background for the topic before discussing the clothing of people in that country or region of the world. This work will be of great interest to high school students researching fashion, fashion history, or history as well as to undergraduate students and general readers interested in anthropology, textiles, fashion, ethnology, history, or ethnic dress.

Costumes of Sri Lanka K. D. G. Wimalaratne, Dian Gomes, 2001 The scope of this book is the evolution of Sri Lankan costumes spanning from around 6th century B.C. with the first available records of the island's dress form, to the post-independence era. This broad time span begins with hints of a pre-Vijayan culture of costumes and textiles and ends in the post independence politics and its relationship to dress both in prescription and practice. Sculptures, graffiti, paintings, literature and photographs in the book provide an engrossing glimpse of the traditions of clothing in this multi-cultural

island.

Sri Lanka Literary Essays & Sketches Charles Sarvan, 2011-04-08 This anthology consists of articles on Sri Lankan literary works written (with a few exceptions) in English. For the benefit of non-Sri Lankan readers, something of the necessary historical, political and cultural background is provided. Broadening into the field of 'cultural studies', the volume includes comment on films based on, or relevant to, Sri Lanka. Published over several years (the first in 1989), the articles reflect changes in the Island and, therefore, in the concern of its writers. Section 2, 'Related articles', consists of a reading of Conrad's *Heart of Darkness* from a Buddhist and Hindu perspective; an examination of the term racism, and a "meditation" on an aspect of the Sri Lankan exile experience. 'Sketches', the last section, contains two imaginative pieces and a factual, tsunami-related, incident. Altogether, this anthology will be of use not only to students of the Island's English-language literature but also to those who have a general interest in Asia and Sri Lanka.

Encyclopedia of Sri Lanka Charles A. Gunawardena, 2005 Over 1,100 alphabetically arranged entries examine the history, geography, people, government, economy, art, and religions of Sri Lanka.

The Rise of Tamil Separatism in Sri Lanka Gnanapala Welhengama, Nirmala Pillay, 2014-03-05 Among the examples of civil wars, armed secessionist movements and minority uprisings in the world today, many involve conflict between a minority group's aim for political self-determination, and the nation state's resistance to any diminution of sovereignty. With the expansion of the international regime of human rights, minority groups have reconceptualised their struggle with the understanding that a minority which is linguistically, religiously or ethnically distinctive is entitled to self-determination if their aspirations cannot be met. This book explores the relationship between minority rights, self-determination and secession within international law, by contextualising these issues in a detailed case study of the rise of Tamil separatism in Sri Lanka. Welhengama and Pillay show how Tamil communalism hardened into secession and assess whether the Sri Lankan government has met its obligations with respect to the right to self-determination short of secession. Focusing on the legal and human rights arguments for secession by the Tamil community of the North and East of Sri Lanka, the book demonstrates how the language of international law and international human rights played a major role in the development of the arguments for secession. Through a close examination of the case of the Tamil's secessionist movement the book presents valuable insights into why modern nation states find themselves threatened by separatist claims and bids for independence based on ethnicity.

Culture, Politics, and Development in Postcolonial Sri Lanka Nalani Hennayake, 2006-01-01 In this book, Nalani Hennayake unravels how the development experience of a postcolonial society is deeply embedded in a complex historical relationship between culture and politics by focusing on the country of Sri Lanka.

The Buddhist Revival in Sri Lanka George Doherty Bond, 1992-01-01 In 1956, Theravada Buddhists in Sri Lanka and

throughout Southeast Asia celebrated the 2500th anniversary of the Buddha's entry into Nirvana and of the establishment of the Buddhist tradition. This book examines this revival of Theravada Buddhism among the laity of Sri Lanka, analysing its origins and its growth up to the present-day. Within the spectrum of reinterpretations that have comprised the revival, the book focuses on four important types or patterns of reinterpretation and response. It examines the rational reformism of the early Protestant Buddhists led by Anagarika Dharmapala and the conservative neotraditionalism of the Jayanti period. Particular attention is given to two of the most recent and dynamic reforms, the insight meditation movement, breaking with tradition, has opened the path of meditation to lay people, enabling them to seek Nirvana without renouncing the world. The sarvodaya Shramadana movement has addressed the social context, reinterpreting the Buddhist heritage to derive authentic forms of Buddhist social development. Comprising this series of interpretations and options for lay Buddhists, the Buddhist revival represents a new gradual path to Nirvana.

The Maha-Bodhi , 1892

Return to Sri Lanka Razeen Sally, 2025-01-02 A blend of travel writing, memoir, history and current affairs that tells the story of Sri Lanka. A perfect read for first-time visitors, Sri Lankans abroad or at home, or anyone looking to deepen their understanding of one of the world's most fascinating and paradoxical countries. Razeen Sally was born to a Sri Lankan Muslim father and a Welsh mother. Just before his teens, a political conflict tore his family apart and he left Sri Lanka, barely going back for thirty years. When he finally returned 'home', he spent much of the next decade crisscrossing the island, trying to understand this paradoxical place. Blessed with nature's bounty and an easy, pleasure-loving people, it was nevertheless scarred by ethnic conflict and the violence of civil war. As a native and a tourist, Sally makes an ideal guide to Sri Lanka's past and present. He won't tell you which restaurant has the best reviews or the price of a hotel room. Instead, he will accompany you like a learned friend, sharing his journeys, pointing out the unmissable gems beyond the obvious spots, and unpacking the nation's culture and history. Insightful, intimate and moving, *Return to Sri Lanka* is an indispensable book, whether you're already familiar with this spectacular country, or planning your first visit.

Clothing Robert Ross, 2013-05-02 In virtually all the countries of the world, men, and to a lesser extent women, are today dressed in very similar clothing. This book gives a compelling account and analysis of the process by which this has come about. At the same time it takes seriously those places where, for whatever reason, this process has not occurred, or has been reversed, and provides explanations for these developments. The first part of this story recounts how the cultural, political and economic power of Europe and, from the later nineteenth century North America, has provided an impetus for the adoption of whatever was at that time standard Western dress. Set against this, Robert Ross shows how the adoption of European style dress, or its rejection, has always been a political act, performed most frequently in order to claim equality with colonial masters, more often a male option, or to stress distinction from them, which women, perhaps under male

duress, more frequently did. The book takes a refreshing global perspective to its subject, with all continents and many countries being discussed. It investigates not merely the symbolic and message-bearing aspects of clothing, but also practical matters of production and, equally importantly, distribution.

Historical Companion to Postcolonial Literatures in English Prem Poddar, 2019-08-07 This is the first reference guide to the political, cultural and economic histories that form the subject-matter of postcolonial literatures written in English. The focus of the Companion is principally on the histories of postcolonial literatures in the Anglophone world - Africa, the Middle East, South Asia, South-east Asia, Australia and New Zealand, the Pacific, the Caribbean and Canada. There are also long entries discussing the literatures and histories of those further areas that have also claimed the title 'postcolonial', notably Britain, East Asia, Ireland, Latin America and the United States. The Companion contains: *220 entries written by 150 acknowledged scholars of postcolonial history and literature; *covers major events, ideas, movements, and figures in postcolonial histories *long regional survey essays on historiography and women's histories. Each entry provides a summary of the historical event or topic and bibliographies of postcolonial literary works and histories. Extensive cross-references and indexes enable readers to locate particular literary texts in their relevant historical contexts, as well as to discover related literary texts and histories in other regions with ease.

Sri Lanka Herbert Keuneman, 1992 Insight guides er reisehåndbøker som skal gi historisk og kulturell forståelse for stedene som skal besøkes. De er kjent for dyptpløyende artikler om kultur, religion, mat, severdigheter osv., og er illustrert med flotte fargefotografier.

Fashioning the Self: Identity and Style in British Culture Emily Priscott, 2023-06-06 'Fashioning the Self: Identity and Style in British Culture' offers an eclectic approach to contemporary fashion studies. Taking a broad definition of British culture, this collection of essays explores the significance of style to issues such as colonialism, race, gender and class, embracing topics as diverse as eighteenth-century portraiture, literary dress culture and Edwardian working-class glamour. Examining the emblematic power of garments themselves and the context in which they are styled, this work interrogates the ways that personal style can itself decontextualize garments to radically reframe their meanings. Using an intentionally eclectic range of subjects from an interdisciplinary perspective, this collection builds on the work of theorists such as Aileen Ribeiro, Vika Martina Plock, Cheryl Buckley and Hilary Fawcett, to examine the social significance of personal style, while also highlighting the diversity of British culture itself.

The Buddha in Sri Lanka Gananath Obeyesekere, 2017-08-07 This book examines culture, religion and polity in the context of Buddhism. Gananath Obeyesekere, one of the foremost analytical voices from South Asia develops Freud's notion of 'dream work', the 'work of culture' and ideas of no-self (anatta) to understand Buddhism in contemporary Sri Lanka. This work offers a restorative interpretation of Buddhist myths in contrast to the perspective involving deconstruction. The book

deals with a range of themes connected with Buddhism, including oral traditions and stories, the religious pantheon, philosophy, emotions, reform movements, questions of identity and culture, and issues of modernity. This fascinating volume will greatly interest students, teachers and researchers of religion and philosophy, especially Buddhism, ethics, cultural studies, social and cultural anthropology, Sri Lanka and modern South Asian history.

Seeding Buddhism with Multiculturalism D. Mitra Barua, 2019-05-13 Immigrants often face considerable challenges when it comes to preserving their cultural and religious teachings. D. Mitra Barua argues that the Sri Lankan Buddhist community in Toronto has maintained its coherence and integrity not despite but because of the need for cultural adaptations. Drawing on survey data, over fifty in-depth interviews with temple monks, educators, parents, and children, and fieldwork conducted in Toronto and Colombo, Sri Lanka, *Seeding Buddhism with Multiculturalism* examines how a religious tradition is transmitted from one generation to the next in a new cultural setting, and what happens during that process of transmission. Barua demonstrates that Buddhists have passed on Buddhist beliefs, attitudes, and practices to their Canadian-born youth, who in turn have constructed their own distinct Buddhist identity, influenced by the individualistic, egalitarian, and secular cultural ambience in Toronto. Through creative fieldwork and translocal analysis – taking into account migrants' geographical, cultural, and familial ties to multiple locales – this book further explains that pre-migration experiences often shape and determine the success or failure of intergenerational transmission. An ethnographic religious study with an uncommon depth of perspective, *Seeding Buddhism with Multiculturalism* shows that first- and second-generation Sri Lankan Buddhists in Toronto are successfully practising Theravāda Buddhism within a Canadian context.

Encyclopedia of Post-Colonial Literatures in English Eugene Benson, L.W. Conolly, 2004-11-30 Post-Colonial Literatures in English, together with English Literature and American Literature, form one of the three major groupings of literature in English, and, as such, are widely studied around the world. Their significance derives from the richness and variety of experience which they reflect. In three volumes, this Encyclopedia documents the history and development of this body of work and includes original research relating to the literatures of some 50 countries and territories. In more than 1,600 entries written by more than 600 internationally recognized scholars, it explores the effect of the colonial and post-colonial experience on literatures in English worldwide.

Sri Lanka and You Maureen Seneviratne, 1988

Women's Lives around the World Susan M. Shaw, Nancy Staton Barbour, Patti Duncan Ph.D., Kryn Freehling-Burton Ph.D., Jane Nichols, 2018-01-04 Providing an in-depth look at the lives of women and girls in approximately 150 countries, this multivolume reference set offers readers transnational and postcolonial analysis of the many issues that are critical to the success of women and girls. For millennia, women around the world have shouldered the responsibility of caring for their families. But in recent decades, women have emerged as a major part of the global workforce, balancing careers and family

life. How did this change happen? And how are societies in developing countries responding and adapting to women's newer roles in society? This four-volume encyclopedia examines the lives of women around the world, with coverage that includes the education of girls and teens; the key roles women play in their families, careers, religions, and cultures; how issues for women intersect with colonialism, transnationalism, feminism, and established norms of power and control. Organized geographically, each volume presents detailed entries about the lives of women in particular countries. Additionally, each volume offers sidebars that spotlight topics related to women and girls in specific regions or focus on individual women's lives and contributions. Primary source documents include sections of countries' constitutions that are relevant to women and girls, United Nations resolutions and national resolutions regarding women and girls, and religious statements and proclamations about women and girls. The organization of the set enables readers to take an in-depth look at individual countries as well as to make comparisons across countries.

Discover tales of courage and bravery in is empowering ebook, **Unleash Courage in Sri Lanka National Dress** . In a downloadable PDF format (*), this collection inspires and motivates. Download now to witness the indomitable spirit of those who dared to be brave.
