*The Religious Philosophy of Simone Weil* Lissa McCullough,2014-07-23 The French philosopher Simone Weil (1909-1943), a contemporary of Simone de Beauvoir and Jean-Paul Sartre, remains in every way a thinker for our times. She was an outsider, in multiple senses, defying the usual religious categories: at once atheistic and religious; mystic and realist; sceptic and believer. She speaks therefore to the complex sensibilities of a rationalist age. Yet despite her continuing relevance, and the attention she attracts from philosophy, cultural studies, feminist studies, spirituality and beyond, Weil's reflections can still be difficult to grasp, since they were expressed in often inscrutable and fragmentary form. Lissa McCullough here offers a reliable guide to the key concepts of Weil's religious philosophy: good and evil, the void, gravity, grace, beauty, suffering and waiting for God. In addressing such distinctively contemporary concerns as depression, loneliness and isolation, and in writing hauntingly of God's voluntary 'nothingness', Weil's existential paradoxes continue to challenge and provoke. This is the first introductory book to show the essential coherence of her enigmatic but remarkable ideas about religion.

Intimations of Christianity Among the Ancient Greeks Simone Weil,2023-09-28 Simone Weil (1909-1943) is one of the most brilliant and unorthodox religious and philosophical minds of the twentieth century. She was also a political activist, worked in the Renault car factory in France in the 1930s and fought briefly as an anarchist in the Spanish Civil War, before her tragic early death in England at the age of thirty-four. Her work spans an astonishing variety of subjects, from ancient Greek philosophy and Christianity to oppression, political freedom and French national identity. Intimations of Christianity Among the Ancient Greeks sees Weil apply her unique and piercing intellect to early Greek thought, where she finds fundamental precursors to Christian religious ideas. She argues, provocatively, that concepts fundamental to Christianity such as incarnation, redemption, suffering and resurrection are Greek as well as Christian and that there is much we can learn, spiritually and philosophically, from their entwinement. This Routledge Classics edition includes a new Foreword by Christopher Hamilton.

**The Business Man's Library: Personality in business** ,1907

**The Outline of Man's Knowledge** Clement Wood,1927

*The History of the World; a Survey of a Man's Record* Hans Ferdinand Helmolt,1907
