

Violence In Lesbian Relationships

Eve S. Buzawa,Evan Stark

Intimate Betrayal Ellyn Kaschak,2014-01-02 Help ease the secret suffering of lesbians in abusive relationships!Why is woman-on-woman violence so often ignored or discounted? Intimate Betrayal: Domestic Violence in Lesbian Relationships uncovers the hidden problem of lesbians who hurt the women they love. This long-needed book brings together theory, practice, and research to suggest new and fruitful ways to understand, prevent, and treat this common problem. Intimate Betrayal provides new empirical research into the psychological and sociocultural causes of abuse. As several of the chapter authors demonstrate, neither traditional feminist theories about power nor heterosexist paradigms explain the causes, dynamics, or treatment of this problem. However, the new research presented here suggests helpful diagnostic criteria and effective treatments. Intimate Betrayal analyzes the factors that contribute to lesbian domestic violence, including: heterosexism and homophobia minority stress emotional isolation and lack of community ties revictimization of women who have previously suffered abuse The thorough literature review included reveals the paucity of attention that has been paid to this problem. Intimate Betrayal suggests exciting new models for freeing women from domestic violence, including the use of clinical and community resources and liberation theology. Community activists, counselors, and psychologists will be intrigued by the insightful analysis of the root causes of lesbian-on-lesbian violence and the valuable treatment suggestions. Researchers will welcome the new avenues it opens for additional research.

No More Secrets Janice Lynn Ristock,2002 Violence is a male biological trait. When women fight, no one gets seriously hurt. Lesbians don't abuse their spouses. The truth revealed in Janice Ristock's groundbreaking book is that lesbian relationships sometimes do turn violent. Based on interviews with more than one hundred lesbians who have suffered abuse and seventy-five case workers, No More Secrets is the first in-depth account of this startling phenomenon. Although one in four gay and lesbian couples are affected by domestic violence, the problem has remained hidden for several reasons. By giving voice to the victims, Ristock helps women to address violence by breaking silences, sharing secrets, and naming the forms of abuse.

Violent Betrayal Claire M. Renzetti,1992-04-06 Based on a study of violence in lesbian relationships, this challenging book derives from a common theme expressed by the subjects - the sense of having been betrayed, first by their lovers, and subsequently by a lesbian community which tends to deny the problem when victims seek help. Renzetti skillfully addresses

several central issues: consequences for victims, batterers and the community as a whole; and, what we can learn about domestic violence in general by studying violence in lesbian relationships. The research offers a fresh look at domestic violence by examining the phenomenon of women as perpetrators of intimate violence against women, at the same time making a clear distinction between battering and self defence.

Abuse in Lesbian Relationships Laurie C. Chesley, Donna MacAulay, Janice Lynn Ristock, Canada. Health Canada, 1998

Same-Sex Relationships, Law and Social Change Frances Hamilton, Guido Noto La Diega, 2020-01-15 This edited collection provides a forum for rigorous analysis of the necessity for both legal and social change with regard to regulation of same-sex relationships and rainbow families, the status of civil partnership as a concept and the lived reality of equality for LGBTQ+ persons. Twenty-eight jurisdictions worldwide have now legalised same-sex marriage and many others some level of civil partnership. In contrast other jurisdictions refuse to recognise or even criminalise same-sex relationships. At a Council of Europe level, there is no requirement for contracting states to legalise same-sex marriage. Whilst the Court of Justice of the European Union now requires contracting states to recognise same-sex marriages for the purpose of free movement and residency rights, unlike the US Supreme Court, it does not require EU Member States to legalise same-sex marriage. Law and Sociology scholars from five key jurisdictions (England and Wales, Italy, Australia, Canada, and the Republic of Ireland) examine the role of the Council of Europe, European Union and further international regimes. A balanced approach between the competing views of critically analytical rights based theorists and queer and feminist theorists interrogates the current international consensus in this fast moving area. The incrementalist theory whilst offering a methodology for future advances continues to be critiqued. All contributions from differing perspectives expose that even for those jurisdictions who have legalised same-sex marriage, still further and continuous work needs to be done. The book will be of interest to students and scholars in the field of human rights, family and marriage law and gender studies.

Lesbian Love and Relationships Suzanna Rose, 2013-09-13 Explore the broad range of healthy lesbian attitudes and behaviors in love, friendship, self-image, and society! This pioneering book makes a revolutionary assumption: that lesbian and bisexual women are normal, if not average. Instead of focusing on which family or genetic quirks might produce lesbians, these studies turn attention to describing the healthy ways lesbians interact with each other, with heterosexual women, and with society. The result is a significant exploration of uncharted territory. *Lesbian Love and Relationships* examines the lives of lesbian and bisexual women from adolescence to old age, addressing issues of class and race as well as sexual orientation. It encompasses theory, empirical research, and memoir on such diverse topics as physical appearance, cross-generational friendships, butch-femme issues, and lesbian sexuality. It also looks at such difficult and painful issues as lesbian domestic violence and the impact of homophobia on lesbian couples. *Lesbian Love and Relationships* asks personal, political, and psychological questions, including: how do young lesbians find each other? what makes successful lesbian relationships last?

how does social class affect African-American lesbian relationships? what was it like growing up lesbian in the South during World War II? does “lesbian bed death” exist? This compendium offers exciting original research in a neglected field. Lesbian Love and Relationships is an essential resource for anyone interested in women’s lives and sexuality as well as scholars in the field.

Encyclopedia of Lesbian and Gay Histories and Cultures Bonnie Zimmerman, George Haggerty, 2021-06-13 A rich heritage that needs to be documented Beginning in 1869, when the study of homosexuality can be said to have begun with the establishment of sexology, this encyclopedia offers accounts of the most important international developments in an area that now occupies a critical place in many fields of academic endeavors. It covers a long history and a dynamic and ever changing present, while opening up the academic profession to new scholarship and new ways of thinking. A groundbreaking new approach While gays and lesbians have shared many aspects of life, their histories and cultures developed in profoundly different ways. To reflect this crucial fact, the encyclopedia has been prepared in two separate volumes assuring that both histories receive full, unbiased attention and that a broad range of human experience is covered. Written for and by a widerange of people Intended as a reference for students and scholars in all fields, as well as for the general public, the encyclopedia is written in user-friendly language. At the same time it maintains a high level of scholarship that incorporates both passion and objectivity. It is written by some of the most famous names in the field, as well as new scholars, whose research continues to advance gender studies into the future.

Lesbian Couples D. Merilee Clunis, G. Dorsey Green, 2004-12-21 Written by two experienced lesbian therapists, Lesbian Couples covers a range of topics--from marriage to money to conflict resolution--and presents a variety of helpful examples and problem-solving techniques, drawing from research done on lesbian couples over the past decade.

Lesbian Family Life, Like the Fingers of a Hand Valory Mitchell, 2013-09-13 In this book, an array of approaches - first person and theoretical accounts, clinical understandings, qualitative and quantitative research - are brought to bear on controversial or under-discussed topics in lesbian family life. From conception all the way to care for elderly parents, this book takes a fresh look at lesbian family relationships. Topics include: butch/femme couples, infidelity, the psychological meaning of family for lesbians, age-discrepant couples, lesbian nuns as family, Listservs as family, intentional family for aging women, women raising sons, mothers who come out late in life, mothers and children in situations of domestic violence, lack of support for lesbian domestic violence survivors, death of a partner, psychological issues in the use of sperm donors or surrogates, and middle-aged lesbians caring for homophobic elderly parents. Some authors use self psychology and Jungian psychology to describe aspects of family life. The richness and diversity of topics makes it a text on lesbian lives. Therapists and academics from throughout the U.S. have contributed to this collection. Many lesbian women, as well as teachers (it can be a text) and mental health professionals who work with children, families, couples and elderly will find useful material

here. This book was published as a special issue of the Journal of Lesbian Studies.

Encyclopedia of Lesbian and Gay Histories and Cultures George Haggerty, Bonnie Zimmerman, 2003-09-02

Beginning in 1869, when the study of homosexuality can be said to have begun with the establishment of sexology, this Encyclopedia offers accounts of the most important international developments in an area that now occupies a critical place in many fields of academic endeavours. While gays and lesbians have shared many aspects of life, their histories and cultures developed in profoundly different ways. To reflect this crucial fact, the Encyclopedia has been prepared in two separate volumes assuring that both histories receive full, unbiased attention and that a broad range of human experience is covered. Written by some of the most famous names in the field, as well as new researchers this is intended as a reference for students and scholars in all areas of study, as well as the general public.

Reader's Guide to Lesbian and Gay Studies Timothy Murphy, 2013-10-18

The Reader's Guide to Lesbian and Gay Studies surveys the field in some 470 entries on individuals (Adrienne Rich); arts and cultural studies (Dance); ethics, religion, and philosophical issues (Monastic Traditions); historical figures, periods, and ideas (Germany between the World Wars); language, literature, and communication (British Drama); law and politics (Child Custody); medicine and biological sciences (Health and Illness); and psychology, social sciences, and education (Kinsey Report).

Violence against Women in Families and Relationships Eve S. Buzawa, Evan Stark, 2009-06-08

This comprehensive overview of domestic violence against women and children in America covers the services meant to combat it, the legal approaches to prosecuting it, the public's attitudes toward it, and the successes and failures of systems meant to address it. The fight to end domestic violence consists of community-based services for battered women, laws and policies to combat the problem, a broad spectrum of frequently-innovative programs to protect or otherwise support abused women and children, a dramatic shift in media portrayals of violence against women, and a growing public critique of unacceptable forms of power and control in relationships. These volumes offer another weapon in that battle. Violence against Women in Families and Relationships takes stock of all of the ways in which legislation, programs and services, and even public attitudes have impacted victims, offenders, and communities over the last few decades. Contributors pay special attention to how race, class, and cultural differences affect the experience of abuse. They explore the efficacy of interventions, and they provide compelling real-life examples to illustrate issues and challenges. Our society has made an enormous investment in stopping abuse in families and relationships, but numerous questions still remain. Many of those questions are answered in these pages, as experts uncover the realities of domestic violence and the toll it takes on families, individuals, communities, and society at large.

Handbook of LGBT-Affirmative Couple and Family Therapy Jerry J. Bigner, Joseph L. Wetchler, 2012-05-04

The editors and contributors of this comprehensive text provide a unique and important contribution to LGBT clinical literature.

Spanning 30 chapters, they discuss the diverse and complex issues involved in LGBT couple and family therapy. In almost 15 years, this book provides the first in-depth overview of the best practices for therapists and those in training who wish to work effectively with LGBT clients, couples, and families need to know, and is only the second of its kind in the history of the field. The clinical issues discussed include • raising LGBT children • coming out • elderly LGBT issues • sex therapy • ethical and training issues Because of the breadth of the book, its specificity, and the expertise of the contributing authors and editors, it is the definitive handbook on LGBT couple and family therapy.

Family Communication Chris Segrin, Jeanne Flora, 2004-09-22 This advanced text carefully examines state-of-the-art research and theories of family communication and family relationships. In addition to presenting cutting-edge research, authors Chris Segrin and Jeanne Flora focus on classic theories and research findings that have influenced and revolutionized the way scholars conceptualize family interaction. Showing that answers to many questions about family communication can be found in current scientific research, the book introduces readers to fundamental issues in the study of family communication; explores what is known about communication in different types of families and family relationships; and examines problematic issues in family communication. Family Communication offers a thorough and up-to-date presentation of scientific research in family communication for students and teachers of family communication, as well as professionals who work with families. Undergraduate readers will find the text to be accessible, engaging and easy to understand while graduate students and professionals will utilize the work as a comprehensive reference to classic and contemporary research on family communication and relationships.

Lesbian Families' Challenges and Means of Resiliency Anne M. Prouty Lyness, 2013-05-13 An inside look at the unique challenges of the lesbian experience Lesbian Families' Challenges and Means of Resiliency: Implications for Feminist Family Therapy is a unique collection of interdisciplinary feminist examinations of the resiliency of lesbian couples and families. Leading feminist researchers and clinicians discuss parenting within lesbian families, with a focus on personal resiliency. These thought-provoking and insightful articles address the challenges of having and raising children in a society that struggles to accept alternative family structures. Lesbian Families' Challenges and Means of Resiliency examines a wide range of issues facing lesbian couples, with a special focus on parenting and couple violence. The book's contributors examine the unique challenges of lesbian and gay parenting; adversities facing lesbian parents and the coping methods they employ; violence among lesbian couples and the lesbian community's response to domestic violence; and the application of feminist theory to validate, strengthen, and promote resiliency in lesbian couples. The book also includes interviews with single or partnered lesbians who had children through adoption, artificial insemination, or a previous relationship. Topics examined in Lesbian Families' Challenges and Means of Resiliency include: parenting artificial insemination lesbian family therapy family law couple violence lesbian community feminist research feminist couple therapy and much more Lesbian

Families' Challenges and Means of Resiliency is a vital professional aid for psychotherapists, family therapists, psychologists, social workers, and counselors. It's an equally valuable resource for academics working in family studies, women's studies, queer studies, gender studies, and sociology.

Women's Health Issues Across the Life Cycle Angela Sammarco, 2016-02-03 Women's Health Issues Across the Life Cycle: A Quality of Life Perspective is a unique text that explores a wide-variety of health issues and concerns for women to offer a holistic approach to care. Presented within a quality of life framework, it provides a women-centered perspective to explore the range of factors that can impact women's health and well-being throughout the major life stages. The first text of its kind, Women's Health Issues Across the Life Cycle: A Quality of Life Perspective examines the ways in which the physical, psychological, spiritual, socioeconomic, and family domains impact women's quality of life. It also offers current research specific to women's health, health promotion strategies and interventions, case studies, critical thinking questions, and Internet resources for more information.

Social Services for Gay and Lesbian Couples Lawrence A Kurdek, 2012-11-12 Here is an essential resource filled with advice for providing social services to gay and lesbian couples. Despite myths to the contrary, many gay men and lesbians form long-term couples relationships. Unfortunately, many professionals working in the area of social services lack training with regard to the special needs of gay/lesbian couples. Social Services for Gay and Lesbian Couples helps fill this gap by providing information on diverse aspects of gay and lesbian domestic partnerships for social services workers. The contributing authors highlight the unique characteristics of gay and lesbian couples relationships and provide valuable information on the special social services these couples may need. Social Services for Gay and Lesbian Couples includes the results of a survey that divulge basic, descriptive information on the nature of gay and lesbian couples. These in-depth statistics reveal couples' perspectives on relationship length, commitment, and quality, terms of address for partners, finances, relationship experience, discrimination, living situation, sex, first meetings, support and challenges for the relationship, children, legal arrangements, and concerns about HIV and AIDS. In addition to revealing specific information about gay and lesbian couples, Social Services for Gay and Lesbian Couples also explores the therapeutic implications of this knowledge for social service providers. Chapters discuss specific situations in gay and lesbian relationships about which social workers should be informed, such as the factors involved in the formation of lesbian identities and issues encountered by gay couples when one partner is HIV-infected and the other is not. Also addressed are the special needs of gay or lesbian couples who wish to be parents, complete with descriptions of innovative services and the names, addresses, and phone numbers of national organizations that provide resources for gay or lesbian parents.

Sexual Minorities Michael K. Sullivan, 2013-10-31 Explore the crucial issues facing the GLBT population in their struggle for acceptance in contemporary America! Sexual Minorities: Discrimination, Challenges, and Development in America

examines the stumbling blocks that prevent gays, lesbians, bisexuals, and transgenders from living wholesome, healthy lives. This book concentrates on the effects of outside influences on the homosexual psyche from adolescence to mid-life and programs and services that need to be developed to improve quality of life. While some outside influences can make positive changes—such as Internet-based outreach to educate men in chat rooms about HIV—sexual minority groups face negativity from society in the forms of homophobia and heterosexism. *Sexual Minorities* uses statistics, charts, graphs, and surveys to reveal a remarkable trend correlating how contemporary American society treats sexual minorities and how it affects their psychological and psychosocial health. This book also reveals how—when internalized— this hurtful discrimination can cause self-hatred and depression. Each chapter focuses on a different aspect of the GLBT population, including: the history of homophobia and intolerance toward homosexuals with its basis in cultural, religious, and sociological views an in-depth survey utilizing Erikson's psychosocial model to determine the lifespan development of seven "out" gay males who discuss their coming-out period, their roles in society, their legacies, and later-life issues the lack of federal legislation protecting GLBT employees in the workplace and recommendations for creating a sense of security for these employees a case study revealing the high incidence rate of heterosexism amongst social workers and the repercussions this could have among homosexual clientele surveys and statistics investigating the rate of abusive behavior in lesbian relationships three chapters involving specific issues of gay, lesbian, and bisexual adolescents, such as coming out, risk and protective factors, and being homosexual in a rural environment as opposed to a city *Sexual Minorities* is an important tool for everyone in today's society—from students and practitioners of social work, health care, human sexuality, psychology, and sociology, to legislators, lawyers, activists, and business owners. This book is also vital for every parent, relative, or friend of a man or woman labeled as a sexual minority.

Encyclopedia of Lesbian Histories and Cultures Bonnie Zimmerman, 2013-08-21 A rich heritage that needs to be documented Beginning in 1869, when the study of homosexuality can be said to have begun with the establishment of sexology, this encyclopedia offers accounts of the most important international developments in an area that now occupies a critical place in many fields of academic endeavours. Violence In Lesbian Relationships Introduction

In the digital age, access to information has become easier than ever before. The ability to download Violence In Lesbian Relationships has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Violence In Lesbian Relationships has opened up a world of possibilities. Downloading Violence In Lesbian Relationships provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the

days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Violence In Lesbian Relationships has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Violence In Lesbian Relationships. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers

access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Violence In Lesbian Relationships. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Violence In Lesbian Relationships, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to

download Violence In Lesbian Relationships has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Violence In Lesbian Relationships Books

What is a Violence In Lesbian Relationships PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Violence**

In Lesbian Relationships PDF?

There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Violence In Lesbian Relationships PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Violence In Lesbian Relationships PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save

PDFs in different formats. **How do I password-protect a Violence In Lesbian Relationships PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working

with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
