The Routledge Handbook of Spanish Translation Studies Roberto Valdeón, África Vidal, 2019-05-28 Written by leading experts in the area, The Routledge Handbook of Spanish Translation Studies brings together original contributions representing a culmination of the extensive research to-date within the field of Spanish Translation Studies. The Handbook covers a variety of translation related issues, both theoretical and practical, providing an overview of the field and establishing directions for future research. It starts by looking at the history of translation in Spain, the Americas during the colonial period and Latin America, and then moves on to discuss well-established areas of research such as literary translation and audiovisual translation, at which Spanish researchers have excelled. It also provides state-of-the-art information on new topics such as the interface between translation and humour on the one hand, and the translation of comics on the other. This Handbook is an indispensable resource for postgraduate students and researchers of translation studies.

Miradas Sobre Pasado Y Presente en El Cine Espanol (1990-2005) Pietsie Feenstra, Hub Hermans, 2008 El cine español contemporáneo (1990-2005) dedica mucha atención a la rememoración del pasado (Segunda República, la Guerra Civil, el período franquista, etc.) y la realidad social (el paro, la violencia doméstica, inmigración, eutanasia, etc.). Directores renombrados como Pedro Almodóvar, Alejandro Amenábar, Fernando León de Aranoa, Icíar Bollaín, o Isabel Coixet, muestran este interés dentro de sus miradas cinematográficas. La gran popularidad de este cine ha estimulado su migración en pantallas ajenas y dentro de contextos universitarios nacionales e internacionales. Este libro reúne unos veinte artículos, de investigadores americanos y europeos, que ilustran las múltiples tradiciones culturales en vigor dentro de los estudios cinematográficos, y que se enfocan al mismo tiempo en el tema central del libro: ¿Cómo se puede leer, la mirada de los autores españoles, sobre

el pasado y el presente, dentro del contexto de su cine nacional?

work in English, providing essential tools and strategies to master academic writing. The book is divided into two parts. The first one, Theory, examines key issues about academic writing: what it is and the different types of academic genres, such as research papers, essays, cover letters, and CVs/résumés. The second part, From Theory to Practice, provides clear, simple explanations of these same genres, which are followed by authentic examples of academic texts from Spanish scholars in the areas of social sciences and humanities, and a checklist of common errors. Readers will gain confidence and proficiency in academic writing, benefiting from practical advice and real-world examples tailored specifically to the challenges faced by Spanish speakers. This detailed guide to academic writing will be an invaluable resource for Spanish-speaking undergraduate and postgraduate students, doctoral candidates, teachers, and researchers publishing academic work in English.

Reception and Renewal in Modern Spanish Theatre, 1939-1963 John London, 1997 The book constitutes the first attempt to provide an overview of the reception of foreign drama in Spain during the Franco dictatorship. John London analyses performance, stage design, translation, censorship, and critical reviews in relation to the works of many authors, including Noel Coward, Arthur Miller, Eugene Ionesco, and Samuel Beckett. He compares the original reception of these dramatists with the treatment they were given in Spain. However, his study is also a reassessment of the Spanish drama of the period. Dr London argues that only by tracing the reception of non-Spanish drama can we understand the praise lavished on playwrights such as Antonio Buero Vallejo and Alfonso Sastre, alongside the simultaneous rejection of Spanish avant-garde styles. A concluding reinterpretation of the early plays of Fernando Arrabal indicates the richness of an alternative route largely ignored in histories of Spanish theatre.
