

Crtica De Cine Estructura

Joaquim Roglan

María Wiesse en Amauta: los orígenes de la crítica de cine en el Perú Mónica Delgado,2020-09-01 Mónica Delgado ofrece una completa investigación sobre la precursora de la crítica de cine en Perú: María Wiesse. A pesar de que fue una de las primeras mujeres en abordarlo con una mirada aguda en el ámbito periodístico y con un enfoque que iba más allá de la nota informativa o publicitaria, hasta la fecha no se la ha reconocido como tal. Por ello, este libro es un hito en la historia del cine, pues busca darle el lugar que se merece; es decir, un papel fundacional en este ámbito. La producción de María Wiesse fue amplia y vasta, no solo en el campo de la crítica cinematográfica, sino como poeta, ensayista y difusora cultural. Sus textos sobre cine se publicaron en distintos medios de la época, pero fue en la revista Amauta donde su producción fue constante y continua desde 1926 hasta 1930. A partir de un minucioso análisis de estos escritos, Delgado se acerca a la mirada crítica de una mujer que reflexiona constantemente sobre su tiempo, la irrupción de lo moderno, el rol social del cinema, la posibilidad de encontrar en él una vía de conocimiento y el papel de las mujeres en la vida familiar y social. La autora desarrolla detalladamente cómo se ve al cine a inicios del siglo XX, describe el sector cultural y periodístico de la época y se centra en explicar cómo se articuló la visión de Wiesse con la propuesta cultural y editorial de Amauta. Asimismo, profundiza en las categorías que empleó en sus análisis de películas y destaca su aporte de estilo a la construcción de una crítica de cine peruana. Este ensayo está escrito en un lenguaje claro, con un estilo ágil y directo. Una de las principales características de este libro es presentar, además del análisis de los textos de Wiesse, la relación completa de todos los textos que escribió para Amauta y los facsímiles de estos. Mónica Delgado (Lima, 1977) es crítica de cine, cinéfila y comunicadora social. Actualmente, es directora de la revista especializada de cine independiente y experimental Desistfilm. Es columnista en Wayka.pe sobre tópicos transversales del cine peruano. Es magíster en Literatura con mención en Estudios Culturales por la Universidad Nacional Mayor de San Marcos y licenciada en Comunicación Social con especialidad en Periodismo. Realiza crítica de cine desde el año 1998 en diversos medios de comunicación locales e internacionales. Ha sido directora el Cine Club de la Universidad de Ciencias y Humanidades. Ha sido jurado internacional en festivales como Ficunam, Valdivia, Olhar de Cinema, Curtas Belo Horizonte, entre otros. Ha brindado talleres, charlas y conferencias sobre cine peruano y cine experimental en Argentina, Colombia, Chile, Ecuador, México, España y Perú.

Manual de crítica cinematográfica para no cinéfilos Héctor Trejo Sánchez,Editorial Digital UNID,2018-04-23 Hablar de la

crítica cinematográfica es referirnos a la calificación, mediante juicios de valor, que un analista realiza a una película de cualquier género. La labor que lleva en sus hombros el crítico de cine es juzgar para bien o para mal un filme, lo que implica establecer una postura de apoyo o desdén a un determinado discurso cinematográfico. Bajo este indicio nace "Manual de crítica cinematográfica para no cinéfilos", que es un libro breve y concreto, idóneo para cualquiera que decida adquirir las herramientas básicas elementales con las que se analiza una película y cumplir con ello la labor de crítico. Este manual permite a sus lectores realizar una crítica basada en elementos teóricos. Los elementos que integran el lenguaje cinematográfico, se presentan uno a uno, acompañados de ejemplos de su aplicación para que el lector encuentre un parámetro con el cual poder medir su alcance

El libro también muestra las bases teóricas de algunos movimientos o tendencias y estudia la obra de algunos críticos que se convirtieron luego en directores de películas. La crítica de la modernidad como crítica a la autonomía del arte Ana Navarrete,1993

El editorial, el suelto y la crítica. Proyecto Mediascopio Prensa. La lectura de la prensa escrita en el aula ,2009 El desarrollo de las tecnologías de la información y la comunicación ha sido el elemento decisivo para la gestación de la llamada sociedad del conocimiento en la que estamos inmersos. Esta nueva realidad social, en cuyo eje aparece la información, ha hecho que, en el ámbito escolar, se intenten abordar las habilidades que permitirán al alumnado progresar en la era digital: la habilidad de leer textos y comprenderlos; la capacidad de discernir y elegir lo que tiene valor entre la multitud de estímulos que ofrece la realidad; la capacidad de pensar independientemente, de resolver problemas y generar ideas; la capacidad de expresar esas ideas de forma clara y simple; la conciencia del contexto en que se desarrolla la vida personal. Esta guía expone los conceptos básicos relacionados con el editorial, el suelto y la crítica: su definición, su forma y

estructura, su contenido, su estilo y lenguaje y su presentación en el periódico. Los contenidos teóricos se completan con dos talleres de prensa y bibliografía sobre los dos géneros periodísticos.

"El Arte de Interpretar: Curso de Crítica y Apreciación Estética" Juan Martínez, El Arte de Interpretar: Curso de Crítica y Apreciación Estética A lo largo de sus páginas, se abordan temas como: Los fundamentos de la crítica de arte: historia, enfoques y métodos. Elementos esenciales de la estética y su relación con la experiencia artística. Análisis de obras icónicas en pintura, escultura, arquitectura, música, cine y literatura. Cómo desarrollar una mirada crítica y argumentada frente a una obra de arte. Ejercicios prácticos para aplicar conceptos clave y profundizar en la interpretación personal. Con un enfoque accesible y estructurado, este curso ofrece tanto una base teórica sólida como herramientas prácticas para fomentar una conexión más íntima y significativa con el arte. Ideal para quienes buscan desarrollar habilidades críticas y enriquecer su comprensión de las expresiones artísticas en sus múltiples manifestaciones. El Arte de Interpretar es más que un libro; es una invitación a sumergirse en el mundo del arte con ojos renovados y una mente abierta a nuevas perspectivas.

Las estructuras históricas Frantisek W. Galan, 1988 Se presenta una historia de la historia literaria de la Escuela de Praga y de su teoría estructural y semiótica. Son muchos los estudiosos que consideran que este libro hace por el estructuralismo checo lo que hicieran Victor Erlich y Yuri Tynianov por el formalismo ruso. Aun más: esta obra cierra la brecha entre el formalismo ruso y el estructuralismo francés de los sesenta y setenta.

Historia de la crítica literaria del siglo XX Raman Selden, 2010-04-19 Aborda las más influyentes y controvertidas áreas de debate de la teoría literaria: aquellas que habiendo nacido y tenido su desarrollado en Europa, han supuesto un impacto fundamental en el mundo académico anglosajón dentro del campo de los estudios literarios, cuyo curso han logrado reorientar. El estructuralismo, postestructuralismo, Formalismo ruso, la semiótica, narratología, hermenéutica, fenomenología, la teoría de la recepción y la teoría de los actos de habla, movimientos asociados con autores europeos como Barthes, Todorov, Derrida e Iser, se presentan en el presente texto en el contexto de su desarrollo original, pero siempre con la mirada puesta en las consecuencias de sus poderosas influencias. Historia de la Crítica Literaria incluye un reflexivo capítulo de Richard Rorty sobre la Deconstrucción y finaliza dando cuenta del estado de la crítica literaria orientada al lector. Éste es el primer libro que logra entablar un debate sistemático con la historia de alguno de los más profundos y

culturalmente importantes movimientos intelectuales del siglo XX.

Juan Marsé Joaquim Roglan, 2013-01-21 Juan Marsé dice que no es periodista. Pero lo es. Galardonado con los principales premios literarios, incluido el Cervantes, mantiene Marsé que el periodismo sólo fue para él un modo de ganar un dinero que le permitía hacer literatura. Debutó en 1957 en la revista Arcinema, prosiguió en un catálogo de sastrería llamado Don y maduró como redactor jefe en las revistas Boccaccio y Por Favor. Este libro rescata sus textos iniciáticos, críticas de cine, teatro y televisión, entrevistas a folclóricas y toreros, consultorios sentimentales y retratos que le elevaron a maestro del género. Polemista, valiente, ágil, sincero, divertido y contundente, esta antología abarca desde su periodismo bajo censura hasta el preludio de la libertad de expresión. La selección, avalada por el autor, demuestra que sus textos perdidos mantienen la vigencia de todo clásico y que el buen periodismo sólo es buena literatura apresurada. Aunque Marsé no se lo crea.

Lectura crítica de la literatura americana: Actualidades fundacionales Saúl Sosnowski, 1996

Arte, política y crítica Carmen María Jaramillo, 2005 Number 13 of the series gets together 2 thesis submitted for the degree of the Masters in History and Theory of Art and Architecture, focused on the relationship between the political discourse and how Colombian art was critically interpreted in different epochs. Lleras examines the state involvement in art through the works of Carlos Correa and Pedro Nel Gómez amongst others while Jaramillo documents the plastic language used by Marco Ospina, Enrique Grau, and Alejandro Obregón amongst others who incorporated European avant-garde elements to become pioneer artists of modernism in Colombia.
