

Dietro L Altare Maggiore

Camillo Napoleone Sasso

The Origins of Florentine Painting, 1100-1270 Miklós Boskovits, 1993 Attempts to provide a comprehensive study of the paintings produced in Florence between circa 1100 and 1270 - the scope of the book ranges from early examples of medieval art to the generation of painters preceding Cimabue. All known works of the period are included accompanied by descriptions.

The Collected Letters of A.W.N. Pugin: 1849 to 1850 Augustus Welby Northmore Pugin, 2001 The importance of A. W. N. Pugin (1812-52) in the history of the Gothic Revival, in the development of ecclesiology, in the origins of the Arts and Crafts Movement, and in architectural theory is incontestable. A leading British architect who was also a designer of furniture, textiles, stained glass, metalwork, and ceramics, he is one of the most significant figures of the mid-nineteenth century and one of the greatest designers. His correspondence is important because it provides more insight into the man and more information about his work than any other source. In this volume, the third of five, which spans the years 1846 to 1848, Pugin's two most important churches are completed and the first part of the House of Lords is opened. He makes his only trip to Italy, and he marries for the third time. His correspondence sheds light too on the religious life of the time, especially ecclesiastical politics. --Book Jacket.

The New Universal English and Italian Dictionary, Etc , 1849

Carlo Crivelli R. W. Lightbown, Ronald Lightbown, 2004-01-01 Venetian artist Carlo Crivelli (c. 1430-1495) is a painter whose individuality of style and mastery of powerful line have fascinated many, but whose life and art have remained enigmatic. This absorbing book, drawing on extensive research in Venice and the Marches, the region of central Italy that Crivelli dominated artistically from 1468 until his death, examines his paintings in depth and traces the fundamental influences of the Vivarini, of Squarcione and Mantegna, and later of Flemish art. Ronald Lightbown, eminent historian of Italian Renaissance art, interweaves stylistic and iconographical analysis of Crivelli's work with historical and cultural background. The author uncovers the reasons that led patrons to choose the saints that figured in Crivelli's altarpieces, discusses the initiations of new cults and the devising of an iconography for them, and demonstrates Crivelli's independence from clerical dictation in the symbolism of his still-life pictures.

The Spiritual Language of Art: Medieval Christian Themes in Writings on Art of the Italian Renaissance Steven F.H. Stowell, 2014-11-13 Analyzing the literature on art from the fifteenth and sixteenth centuries, *The Spiritual Language of Art* explores the complex relationship between visual art and spiritual experiences during the Italian Renaissance. Though scholarly research on these writings has predominantly focused on the influence of classical literature, this study reveals that Renaissance authors consistently discussed art using terms, concepts and metaphors derived from spiritual literature. By examining these texts in the light of medieval sources, greater insight is gained on the spiritual nature of the artist's process and the reception of art. Offering a close re-readings of many important writers (Alberti, Leonardo, Vasari, etc.), this study deepens our understanding of attitudes toward art and spirituality in the Italian Renaissance.

Invisible City Helen Hills, 2004-01-25 More than any other European city, Baroque Naples was dominated by convents. Behind their imposing facades and highly decorated churches, the convents of Naples housed the daughters of the city's most exclusive families, women who, despite their cloistered existence, were formidable players in the city's power structure. *Invisible City* vividly portrays the religious world of seventeenth-century Naples, a city of familial and internecine rivalries, of religious devotion and intense urban politics, of towering structures built to house the virgin daughters of the aristocracy. Helen Hills demonstrates how the architecture of the convents and the nuns' bodies they housed existed both in parallel and in opposition to one another. She discusses these women as subjects of enclosure, as religious women, and as art patrons, but also as powerful agents whose influence extended beyond the convent walls. Though often ensconced in convents owing to their families' economic circumstances, many of these young women were able to extend their influence as a result of the role convents played both in urban life and in art patronage. The convents were rich and powerful organizations, riven with feuds and prey to the ambitions of viceregal and elite groups, which their thick walls could not exclude. Even today, Neapolitan convents figure prominently in the city's fabric. In analyzing the architecture of these august institutions, Helen Hills skillfully reads conventual architecture as a metaphor for the body of the aristocratic virgin nun, mapping out the dialectic between flesh and stone.

Breve matrimonio di benito, e morte Alberto Camì, 2013-09-17 Il fatto accadde in una classe femminile. Benito stava celiando, come spesso usava durante le lezioni, sui diversi atteggiamenti dei due sessi. Più volte aveva ripetuto “noi-maschi-noi-maschi”, quando un'alunna ironicamente insinuò: - Noi maschi? Con la naturalezza che lo distingueva, Benito si sbottonò i pantaloni, e rimase così, accanto alla cattedra, con quel bel faccione ridente come un girasole, né più né meno che si trattasse di una regola di francese scritta alla lavagna. Il romanzo racconta la storia di Benito, un uomo di mezza età sul quale pesa l'insopprimibile marchio della diversità. Il suo matrimonio tardivo è l'inutile e goffo tentativo di accedere a quella normalità dalla quale è rimasto sempre escluso. L'immagine di uomo ridicolo continuerà ad accompagnarlo fin nella tomba, nel grottesco epilogo che lo vede ancora protagonista a dispetto del suo tragico destino. La vicenda di Benito diventa per l'io-

narrante l'occasione di un disincantato viaggio nella memoria. In un registro variegato e vivace, oscillante tra ironia e riferimenti letterari, l'autore ci restituisce la nitida immagine della Sicilia degli anni '70, una società chiusa nella quale le leggi più ferree sono quelle del conformismo.

Dove abita Dio Andrea Dall'Asta,2022-09-26 Da sempre l'uomo ha costruito spazi simbolici per accogliere la rivelazione di Dio nella storia. Tuttavia, quali forme architettoniche sono state progettate nei secoli, se la presenza misteriosa del divino è stata concepita secondo modalità differenti dalle diverse fedi e culture? Seguendo questa pista di ricerca, il saggio ricostruisce e analizza gli spazi creati per celebrare il dio greco nel tempio, l'invisibile presenza/assenza di YHWH nel tempio di Gerusalemme e la presenza del «corpo di Cristo» nella basilica cristiana. Sfogliando le pagine del libro, ci accorgeremo con sorpresa che queste architetture parlano delle diverse immagini di Dio che abitano il cuore umano, dei suoi ideali come dei suoi conflitti, delle sue aspirazioni come delle sue frustrazioni, invitando l'uomo a conoscere se stesso e i suoi desideri più profondi. In un percorso interdisciplinare tra architettura e arte, teologia e filosofia, letteratura e antropologia, l'ebook analizza gli spazi del tempio greco, di quello ebraico e della basilica cristiana, in un viaggio ideale tra Atene, Gerusalemme e Roma.
