This Is Me Jamie Lee Curtis, 2016-09-20 ***A 2016 National Parenting Product Awards (NAPPA) winner From the #1 New York Times bestselling creative team of Jamie Lee Curtis and Laura Cornell comes a timely picture book about immigration. Raising important identity issues like "Where did we come from?" and "Who are we?" This Is Me is as delightful as it is important, sure to stimulate dinner table conversation. In This Is Me a teacher tells her class about her great-grandmother's dislocating journey from home to a new country with nothing but a small suitcase to bring along. And she asks: What would you pack? What are the things you love best? What says "This is me!" With its lively, rhyming language and endearing illustrations, it's a book to read again and again, imagining the lives of the different characters, finding new details in the art, thinking about what it would be like to move someplace completely different. It's an interactive book, too: Tucked into the back cover is a sturdy pop-up suitcase. And as a younger reader fills the suitcase, he or she learns a lot about what really matters: Now YOU take this case/ and imagine it's true,/ that you're leaving and needing/ to choose what says YOU.

Wild Things! Acts of Mischief in Children's Literature Betsy Bird, Julie Danielson, Peter D. Sieruta, 2014-08-05 Secret lives, scandalous turns, and some very funny surprises — these essays by leading kids' lit bloggers take us behind the scenes of many much-loved children's books. Told in lively and affectionate prose, this treasure trove of information for a student, librarian, parent, or anyone wondering about the post-Harry Potter children's book biz brings contemporary illumination to the warm-and-fuzzy bunny world we think we know.

Talk, Talk E.L. Konigsburg, 2011-03-29 In TalkTalk E. L. Konigsburg presents a selection of speeches she has given over a period of 25 years. In her introduction to the first speech, and to the book as a whole, she explains: While each of my books has been written because I had a story I wanted to tell, these speeches were written because I had something I wanted to say. The audience for the former is children; for the latter, adults.... I recognize -- with a measure of amused detachment -- that some were written as a reaction to trends; others, to fads. I have given these talks in cafeteriums, auditoriums, and the public rooms of Holiday Inns. Even though I have not always been on a stage when addressing an audience, I have tried to set the stage. Between talk and talk, I have written passages connecting the speeches to the time in which they were written and to one another. And that is TalkTalk. Always a thought-provoking speaker, she has chosen nine speeches that capture the essence of her years as a writer for children. When brought together, they enrich one another and provide a chance to look back at what children's books have been, to observe where they are now and to offer an insightful look at what books may continue to mean to children in the years to come. Written by an outstanding author, these speeches, individually and together, represent a vision of the need for books and the role books have played and should continue to play in the lives of children.

The Perfect Parents Handbook Jennifer Conlin, 2013-09-24 With a classification system that has every parenting style

down to a 't', *The Perfect Parents Handbook* is unputdownable reading for anyone who's ever forked over major three figures for the must have stroller or agonized over what their children's school says about them as parents. The real facts and details in this book gently skewer modern mothers and fathers and will at the same time delight them with dead-on accuracy in describing the habits and accouterments of nine types, including: --The Neo-Trad: Dad makes the cupcakes and kids' artwork is everywhere (not just on the fridge); the family's taste always exceeds its wallet --The Martyr Parents: They've sacrificed so much for the kids that the kids have taken over the asylum --The Power Parents: The IV sessions that led to triplets were coordinated on mom and dad's Blackberries and the real British nanny swabs the babies' Burberry button-downs on the way to their five bedroom Park Avenue apartment --The Classic Parents: Everybody's in LL Bean and their 2.3 children all climb into a little red wagon to get to the SUV Laced with titillating facts about our child-centric culture (unique baby announcements! nursery decorators! mandatory volunteering at preschool!), *The Perfect Parents Handbook* decodes the complex and terrifying (smothering doulas! educational vacations to the rainforest!) world of raising kids.,

How to Raise a Drug-Free Kid Joseph A. Califano, 2014-09-09 Nearly every child will be offered drugs or alcohol before graduating high school. The good news is that a child who gets to age twenty-one without smoking, using drugs, or abusing alcohol is virtually certain never to do so ... and informed parents have the power to influence their kids to choose not to use. This give parents a realistic picture of the world their teens confront and the tools to help them get through adolescence healthy and drug free. Based on research at the National Center on Addiction and Substance Abuse at Columbia University, this book answers the daunting questions parents across the country have repeatedly asked.
