**Julen, el hijo de todos** Ana López Fernández, 2019-09-26 El 13 de enero de 2019, un crío de dos años cayó por un pozo en el Cerro de la Corona en Totalán, un pueblecito próximo a Málaga: «es un orificio muy pequeño, un adulto no cabe, un agujero de búsqueda de agua. Tiene más de 100 metros de profundidad. Se ha activado el EREIM Y GEAS de la Guardia Civil. Trabajando ahora», informaba el primer mensaje enviado a los periodistas desde las fuentes oficiales del Gobierno de España.

El dispositivo de rescate, -en el que más de 300 personas se volcaron-, se convirtió en una colossal obra de ingeniería civil «humanitaria» que mantuvo en vilo a todo el país durante 13 días. 288 horas de angustia, en las que nunca se perdió la esperanza de localizarlo con vida, que fueron retransmitidas, —minuto a minuto—, por centenares de medios de comunicación de todo el mundo.

Julen, «el hijo de todos», cuenta la experiencia de la directora de Comunicación de la Delegación del Gobierno de España en Andalucía, Ana López, responsable de la gestión de la comunicación oficial de su rescate, que vivió desde dentro la lucha titánica repleta de obstáculos contra la montaña. Aunque el desenlace final fue el peor, la épica narrativa de aquellos días convirtió en héroes a todos los que hicieron posible sacar al pequeño de aquel lúgubre pozo.

**La vida que nos separa** Chufo Lloréns, 2023-03-30 Chufo Lloréns nos sumerge en unas décadas decisivas en la historia reciente de España para narrarnos la historia de una mujer difícil de olvidar. 1.250.000 ejemplares vendidos de sus novelas Barcelona, 1977. En un país que se asoma a un nuevo horizonte de libertad, la vida de Mariana Casanovas se tambalea. Los tejemanejes económicos de su marido Sergio, un joven ejecutivo sin escrúpulos, la abocan a la ruina económica junto a sus cuatro hijos pequeños. Debatiéndose entre el matrimonio y su decepción ante un hombre que carece de palabra y de honor, Mariana emprende la tarea de salvar su familia, aunque para ello tenga que tomar medidas drásticas. Diecisésis años atrás, el futuro se abría ante ella mostrándole lo que prometía ser un camino de rosas. Una adolescente Mariana daba sus primeros pasos en la vida adulta y en la alta sociedad de la época, muy marcada por las costumbres y tradiciones que seguían señalando los deberes y las obligaciones de las mujeres. En esos años de aprendizaje, la joven se enfrentó a la pasión de Rafael, un rejoneador mucho mayor que ella que cayó rendido a sus encantos, y a la de Enrique, su primer amor, un aspirante a músico que partió a París para cumplir sus sueños de convertirse en un virtuoso del violín. Pero ese sendero anatolio sembrado de ilusiones se ve ahora ensombrecido por un matrimonio fallido y un futuro incierto. ¿Debe Mariana seguir mostrando lealtad a un hombre como su marido y seguirlo en su huida de la justicia? ¿Tiene algún sentido cumplir con lo que le inculcaron sus padres y todo su entorno? ¿Es ya demasiado tarde para aspirar a la felicidad? Chufo Lloréns, el maestro de la novela histórica, nos retrata la vida de los años sesenta y setenta en España a través del espléndido relato de una mujer inolvidable que, como el país entero, pasa de la resignación a la libertad.

**Pasos** Ana López Arana, 2012-11-16 Pasos es una novela cuyo tema principal gira en torno al aborto. Trata la historia de una mujer, hija de emigrantes españoles de los años cincuenta que se fueron a América Latina, movidos por la miseria reinante en la España de la posguerra y Segunda Guerra Mundial, en la que gran parte de Europa estaba destruida. Nacida en una familia con dificultades económicas y con afectos típicos de padres que se criaron con hambre y pobreza, se verá envuelta en diferentes situaciones complejas y difíciles vinculadas de forma directa o indirecta con el aborto. Una cruda y real novela sobre este tema tan controvertido narrada de forma clara y directa, donde se refleja, a través de la vida de los protagonistas, diferentes culturas, situaciones y mundos que los llevan a tomar difíciles decisiones incluso en la España actual.

**Iniciación a las quemas y al piroecología (versión digital)** Pablo Rubio Torres,Pablорубио,2018-03-15 Las quemas han sido una herramienta consuetudinaria de manejo de los montes. Estuvieron dentro del elenco de la selvicultura ilustrada para el manejo de los montes desarbolados y de los restos de cortas en los bosques en Europa hasta el dominio de la mecanización. A su vez los estadounidenses desarrollaron el conocimiento para la ejecución de quemas prescritas en los bosques para alcanzar determinadas metas selvícolas en la segunda mitad del siglo XX, después del replanteamiento de la estrategia de exclusión total del fuego en sus extensos territorios.Por otra parte, el efecto del fuego sobre la naturaleza se consideró negativo desde muchos enfoques en el pasado medio siglo, y aún se considera así en la visión urbana popular. Los estudios de todo tipo realizados en las últimas décadas, así como los avances en la comprensión de las dinámicas ecológicas, han profundizado en el conocimiento de los efectos reales del fuego entendiendo que este agente natural tiene una influencia poliédrica sobre los montes.El presente libro pretende ser una guía introductoria dirigida a quienes quieran iniciarse en la tecnología de las quemas y para entender las bases de la influencia del fuego y de los incendios sobre los montes.

Los Proyectos de Trabajo María del Pilar Bravo Herrera,Beatriz Corpas Martín,María Consolación Encinas Dueñas,María Elena González Alfaya,Otilia María Guzmán Moral,María del Carmen Lara Poveda,María Cruz León Peralbo,Ana López Parra,Mercedes López Rueda,Rosario Mérida Serrano,María Ángeles Olivares García,Nuria Sánchez Utrilla,2016-09-01 El libro que tienes en tus manos es un compendio de experiencias de innovación educativa, de aventuras apasionadas y apasionantes compartidas con los niños y niñas de Educación Infantil. Son los más pequeños de tres a seis años quienes pilotan la nave, señalando el rumbo, estableciendo las paradas y marcando los ritmos. Son sus voces las que se pueden oír, sus inquietudes las que se intuyen y su entusiasmo el que se contagia, al ir narrando con las palabras que nos prestan el mundo trepidante que viven día a día en sus aulas. Nos dejan asomar la nariz por la ventana y fijar la mirada en sus experiencias emocionales, en sus aprendizajes colectivos, en sus exploraciones incansables y en su inagotable capacidad de trabajo. Se trata de nueve paisajes educativos que incluyen temas de investigación tan variados como los héroes, el cuerpo humano, los dinosaurios, los gorriones, la música o las máquinas, entre otros. La diversidad temática contrasta con los principios pedagógicos que apuntalan y están presentes en todos los Proyectos de Trabajo, que son la escucha a las voces infantiles, el respeto a sus intereses y la actitud de los y las docentes como acompañantes en el aprendizaje. Estas fértiles experiencias educativas facilitan la reflexión en y sobre la acción. Permiten teorizar la práctica, al dialogar los contextos educativos reales y los modelos teóricos. Son relatos didácticos sobre los que se construyen andamios teóricos sólidos y útiles para transitar los puentes que separan la teoría y la praxis. A partir de estos anclajes teóricos soñamos con una Educación Infantil capaz de transformar los derechos de los niños y niñas de hoy en una ciudadanía del mañana democrática, equitativa y justa.

The Paper Time Machine Wolfgang Wild,2017-10-19 The Paper Time Machine is a book that will change the way you

think about the past. It contains 130 historical black-and-white photographs, reconstructed in colour and introduced by Wolfgang Wild - creator and curator of the Retronaut website. The site has become a global phenomenon, collecting images that collapse the distance between the past and present and tear a hole in our map of time. The Paper Time Machine goes even further. Early photographic technology lacked a crucial ingredient - colour. As early as the invention of the medium, skilled artisans applied colour to photographs by hand, attempting to convey the vibrancy and immediacy of life in vivid detail. In most cases this was crude and unconvincing. Until now. The time-bending images in The Paper Time Machine have been painstakingly restored and rendered in full and accurate colour by Jordan Lloyd of Dynamichrome, a company that has taken the craft of colour reconstruction to a new level. Each element of every photograph has been researched and colour-checked for historical authenticity. Behold American child labourers from the early twentieth century, alongside the construction of the Statue of Liberty. Marvel at crisp photographs from the Crimean War in 1855, balanced with never-before-seen pictures from the Walt Disney archive. As the layers of colour build up, the effect is disorientingly real and the decades and centuries fall away. It is as though we are standing at the original photographer's elbow. This is a landmark photographic book - a collection of historical 'remixes' that exist alongside the original photographs but draw out qualities, textures and details that have hitherto remained hidden. Let The Paper Time Machine transport you. It is as close to time travel as we are ever likely to get.

**Pequeño Grand Tour** Fernando Fernández Lerma Ilia Galán Díez, 2016-07-14 Dos miradas diferentes convergen en Italia, con sus aventuras afectivas, encuentros, amores y desamores, hallazgos de maravillas del arte o de gentes en unos paisajes de ensueño. Contemporáneo modo de vivir el Grand Tour que hacían en siglos pasados aristócratas, artistas y poetas: viaje de aprendizaje, iniciático, entre los ambientes del país de las artes. Goethe, Byron o Wagner, entre otros, conviven en estas páginas con sus autores.

**RRetratos HHumanos** Rosa Allegue, Carlos Cid Babarro, Luis Expósito Rodríguez, Ana López Seisdedos, Tomás Otero Pino, Lorenzo Rivarés Sánchez, Enrique Ma Rodríguez Balsa, Julio Rodríguez Díaz, Juanjo Valle-Inclán, Manuel Pozo Gómez, 2019-03-19 10+1 directores de RRHH nos llevan de viaje al corazón de la empresa con 11 relatos que construyen una historia que reivindica que las personas son el valor más importante que tiene la empresa. Este libro habla de todo lo que nos construye como personas: lo que hemos aprendido y compartido con todos aquellos que han formado parte de nuestra vida; de la capacidad, solo humana, de caerse y levantarse, de reinventarse sin fin; de la tensión que experimentan algunos profesionales que se debaten entre lo correcto y las tentaciones que se les plantean, que les llevan a difíciles encrucijadas; de lo que sienten las personas que callan, testigos mudos de la tragedia que se aproxima, protegidas bajo el paraguas del colectivo. ¿Por qué tenemos que esperar a que la vida nos dé golpes traumáticos para ser conscientes de lo que sí merece la

pena y lo que no?

**Los mil pequeños sexos** Mariano López Seoane, 2025-05-16 Los mil pequeños sexos fue el primer Coloquio Internacional organizado por el Centro Interdisciplinario de Estudios y Políticas de Género (CIEPOG). Celebrado en julio de 2016, el encuentro reunió en Buenos Aires a activistas y académicos de la región y del mundo y alentó un diálogo crítico que atravesó fronteras culturales, lingüísticas y disciplinarias para dar cuenta de la vitalidad global de los estudios de género y las discusiones sobre políticas sexuales. Este libro se propone dar continuidad al trabajo de discusión de problemas públicos que lleva a cabo el CIEPOG y ofrece entonces las intervenciones más salientes del Coloquio.
