The Rhetoric of Romantic Prophecy Ian Balfour,2002 The Romantic era in England and Germany saw a sudden renewal of prophetic modes of writing. Biblical prophecy and, to a lesser extent, classical oracle again became viable models for poetry and even for journalistic prose. Notably, this development arose out of the new-found freedom of biblical interpretation that began in the mid-eighteenth century, as the Bible was increasingly seen to be a literary and mythical text. Taking Walter Benjamin's thinking about history as a point of departure, the author shows how the model for Romantic prophecy emerges less as a prediction of the future than as a call to change in the present, even as it quotes, at key turns, texts from the past. After surveying developments in eighteenth-century biblical hermeneutics, as well as the numerous instances of prophetic eruption in Romantic poetry, the book culminates in close readings of works by Blake, Hölderlin, and Coleridge. Each of these writers interpreted the Bible in strong, variously radical and conservative ways, and each reworked prophetic texts in often startling fashion. The author's reading of Blake focuses on the complex temporal and rhetorical dynamics at work in a prophetic tradition, with attention paid to the key mediating figure of Milton. The chapter on Hölderlin investigates the truth-claim of poetry and the consequences of Hölderlin's insight into the necessarily figural character of poetry. The analysis of Coleridge correlates his theory of allegory and symbol with his theory and practice of political writing, which often relies on mobilizing prophetic authority. Together, the readings force us to reexamine the claims and practices of Romantic poets and thinkers and their ideas and ideologies, not without engendering some allegorical resonance with issues in our own time.

The Cambridge Companion to Medieval Ethics Thomas Williams, 2018-12-06 Ethics was a central preoccupation of medieval philosophers, and medieval ethical thought is rich, diverse, and inventive. Yet standard histories of ethics often skip quickly over the medievals, and histories of medieval philosophy often fail to do justice to the centrality of ethical concerns in

medieval thought. This volume presents the full range of medieval ethics in Christian, Islamic, and Jewish philosophy in a way that is accessible to a non-specialist and reveals the liveliness and sophistication of medieval ethical thought. In Part I there is a series of historical chapters presenting developmental and contextual accounts of Christian, Islamic, and Jewish ethics. Part II offers topical chapters on such central themes as happiness, virtue, law, and freedom, as well as on less-studied aspects of medieval ethics such as economic ethics, the ethical dimensions of mysticism, and sin and grace. This will be an important volume for students of ethics and medieval philosophy.

Why Johnny Can't Tell Right from Wrong William Kilpatrick, 1993-09 A hard-hitting and controversial book, WHY JOHNNY CAN'T TELL RIGHT FROM WRONG will not only open eyes but change minds. America today suffers from unprecedented rates of teenage pregnancy, drug abuse, suicide, and violence. Most of the programs intended to deal with these problems have failed because, according to William Kilpatrick, schools and parents have abandoned the moral teaching they once provided. In WHY JOHNNY CAN'T TELL RIGHT FROM WRONG, Kilpatrick shows how we can correct this problem by providing our youngsters with the stories, models, and inspirations they need in order to lead good lives. He also encourages parents to read to their children and provides an annotated guide to more than 120 books for children and young adults.

One with the Force Krista Noble, 2024-11-19 Explores how popular religions and philosophies have influenced and are manifested in the world of Star Wars. You have watched Luke Skywalker destroy the Death Star in A New Hope, seen Yoda merge with the Force in Return of the Jedi, and heard Rey contact the Jedi of the past in The Rise of Skywalker. But did you know that the Star Wars films contain parallels to religions and philosophies from around the world—from Christianity to Buddhism, and from Native American teachings to the Vedic knowledge of ancient India? In One with the Force: 18 Universal Truths in Star Wars, Krista Noble explores these parallels. She discusses the Force, collective consciousness, enlightenment, and immortality, revealing that the Star Wars films have a universal perspective on life. Readers will learn about the connections between these films and the Vedic tradition, Buddhism, Taoism, Sikhism, Judaism, Christianity, Islam, and Native American/First Nations beliefs. They will see that the philosophy of the Jedi doesn't only apply “in a galaxy far, far away”; it is also highly relevant to everyday living. Like Luke Skywalker, we should all search our feelings to discover the deepest truths of life, pursue our individual destinies, and strive to reach our full potential as human beings. In these ways, we can embody the wisdom of the Jedi.

Silencing the Self Across Cultures Dana C. Jack, Alisha Ali, 2010-04-28 Winner of the 2011 Ursula Gielen Global Psychology Book Award! This award is presented by APA Division 52 to the authors or editors of a book that makes the greatest contribution to psychology as an international discipline and profession. This international volume offers new perspectives on social and psychological aspects of depression. The twenty-one contributors hailing from thirteen countries

represent contexts with very different histories, political and economic structures, and gender role disparities. Authors rely on Silencing the Self theory, which details the negative psychological effects that result when individuals silence themselves in close relationships, and the importance of social context in precipitating depression. Specific patterns of thought on how to achieve closeness in relationships (self-silencing schema) are known to predict depression. This book breaks new ground by demonstrating that the link between depressive symptoms and self-silencing occurs across a range of cultures. *Silencing the Self Across Cultures* explains why women's depression is more widespread than men's, and why the treatment of depression lies in understanding that a person's individual psychology is inextricably related to the social world and close relationships. Several chapters describe the transformative possibilities of community-driven movements for disadvantaged women that support healing through a recovery of voice, as well as the need to counter violations of human rights as a means of reducing women's risk of depression. Bringing the work of these researchers together in one collection furthers international dialogue about critical social factors that affect the rising rates of depression around the globe.

Lollards and Their Influence in Late Medieval England Fiona Somerset, Jill C. Havens, Derrick G. Pitard, 2003 Who were the Lollards? What did Lollards believe? What can the manuscript record of Lollard works teach us about the textual dissemination of Lollard beliefs and the audience for Lollard writings? What did Lollards have in common with other reformist or dissident thinkers in late medieval England, and how were their views distinctive? These questions have been fundamental to the modern study of Lollardy (also known as Wycliffism). The essays in this book reveal their broader implications for the study of English literature and history through a series of closely focused studies that demonstrate the

wide-ranging influence of Lollard writings and ideas on later medieval English culture. Introductions to previous scholarship, and an extensive Bibliography of printed resources for the study of Wyclif and Wycliffites, provide an entry to scholarship for those new to the field. God as Love Johannes M. Oravec, 2014-04-19 Nineteenth- and twentieth-century Russian religious intellectuals devoted a great deal of attention to the concept of agape, or Divine Love, arguing that the Christian church is a reflection of the triune, self-sacrificing God and his love for all of creation. On account of their deliberations, these intellectuals played a key role in mediating between the Orthodox Church and modern society. Their quest for dialogue between the 'mystery of the sacred' and the 'ordinary of everyday life' remains relevant for Western societies today. In *God as Love* Johannes Oravec presents a comprehensive summation of twenty-five prominent Russian religious thinkers and their thought on the concept of agape, showing in detail how they broke new ground in their various affirmations of the truth that God is love. No other book in any language treats this topic with such breadth and depth.

Studies in Islamic Mysticism Reynold A. Nicholson, 1921 Professor Nicholson examines the life, work and teaching of three of the most important of the early Sūfīs. These great mystics were almost legendary figures whose tombs became holy shrines. Sūfism, as Professor Nicholson suggests, lies at the heart both of the religious philosophy and the popular religion of Islam.

Exalting Jesus in John Matt Carter, Josh Wredberg, 2017-11-01 Exalting Jesus in John is part of the Christ-Centered Exposition Commentary series. Edited by David Platt, Daniel L. Akin, and Tony Merida, this new commentary series,

projected to be 48 volumes, takes a Christ-centered approach to expositing each book of the Bible. Rather than a verse-by-verse approach, the authors have crafted chapters that explain and apply key passages in their assigned Bible books. Readers will learn to see Christ in all aspects of Scripture, and they will be encouraged by the devotional nature of each exposition presented as sermons and divided into chapters that conclude with a “Reflect & Discuss” section, making this series ideal for small group study, personal devotion, and even sermon preparation. It’s not academic but rather presents an easy reading, practical and friendly commentary. The author of *Exalting Jesus in John* is Matt Carter and Josh Wredberg. “The balance of biblical accuracy, clear outlines, captivating illustrations, and life-changing applications make this commentary a must-have addition to the library of every pastor and everyone else who wants to understand and apply the Gospel of John.” Stephen Davey, Th.M., D.D., senior pastor, Colonial Baptist Church, Cary, North Carolina; president, Shepherds Theological Seminary, Cary, North Carolina “Matt and Joshua provide an excellent resource on John's Gospel. With a clear outline of content, a concise purpose for writing, and a faithful handling of the text as it points to Jesus, the authors give the reader a valuable resource for study and preaching. They herald a clear message to remind the reader, ‘The gospel is the good news that you no longer have to wander about in the darkness and despair of sin, but you can enjoy the light of righteousness through Jesus Christ’ (p. 27). I commend this commentary as it will prove beneficial for many, for years to come.” Lane Harrison, D.Min., lead pastor, LifePoint Church, Ozark, Missouri “The Gospel of John has no shortage of commentaries, raising the obvious question: what sets this one apart from all the others? The unique contribution of Matt Carter's work is rooted in his personal profile. Carter is both a highly successful church planter and long-tenured pastor who has built and led a large church through text-driven preaching. A church holding forth the truth in the heart of one of the most socially liberal cities in the country. A church that has multiplied itself many times over through planting new churches in their own city and in some of the most difficult countries on the planet. As a trustworthy, twenty-first-century pastor-theologian, Carter has not only produced a commentary, but a sermon and bible study starter for preachers and teachers seeking to accurately interpret and prophetically apply the Word of God to this radically changing culture.” Nathan Lino, senior pastor, Northeast Houston Baptist Church; president, Southern Baptists of Texas Convention “This commentary on John is incredibly practical. Written from a pastor's heart, it provides both deep theological insight and practical application. Both ministers of the gospel and people in the pew need this work!” Jerry McCorkle, executive director, SpreadTruth Ministries, Bloomington, Illinois “As a pastor for more than twenty-one years, I appreciate a commentary that stands on solid scholarship while at the same time fitting comfortably in the pulpit. Any pastor, teacher, or small group leader will be able to open this book and find a Christ-centered resource at their fingertips which will enhance their preaching or teaching ministry. In fact, any believer reading this Christ-centered exposition will find themselves learning more about the Lord Jesus Christ and His place in Scripture. The Christ-Centered Exposition Commentary series seeks to exalt Jesus. This volume succeeds in meeting that goal!” Eric

Peacock, D.Min., senior pastor, Westchester Baptist Church, High Point, North Carolina “As the church navigates an age of profound confusion and doubt, the Gospel of John serves as an immovable anchor. This commentary is an invaluable tool for believers in understanding and applying God’s Word to our lives as we combat the litany of competing worldviews that surround us. This work remains faithful to the timeless truth of Scripture while challenging contemporary issues in a thoughtful manner. Believers will be well-served by using this book to supplement their efforts to delight in God’s Word and to live by faith in Jesus, the Savior of the world.” Kevin Peck, lead pastor, The Austin Stone Community Church, Austin, Texas “John said the purpose of his Gospel was ‘so that you may believe that Jesus is the Messiah, the Son of God, and that by believing you may have life in his name’ (20:31). This volume is a literary GPS in helping us arrive at that place. Carter and Wredberg wed exegetical integrity with sermonical beauty, and they combine historical accuracy with contemporary relevance, all to show us Jesus. Pastors, teachers, and all who love the Bible and its Christ will be helped greatly by this work.” Jim Shaddix, Ph.D., D.Min., W. A. Criswell Professor of Expository Preaching, Southeastern Baptist Theological Seminary, Wake Forest, North Carolina “Josh and Matt have given us a gospel-fueled treatment of John. You will discover, as I have, that this volume exposes areas you thought you had conquered. Worship your way through this exposition by these two Christ-Centered Ninjas.” Kyle Shearin, D.Min., pastor of preaching and vision, Faith Family Church, Oak Grove, Kentucky
