

Spain In The Second World War

Robert H. Whealey

Franco and Hitler Stanley G. Payne, 2008-01-01 Was Franco sympathetic to Nazi Germany? Why didn't Spain enter World War II? In what ways did Spain collaborate with the Third Reich? How much did Spain assist Jewish refugees? This is the first book in any language to answer these intriguing questions. Stanley Payne, a leading historian of modern Spain, explores the full range of Franco's relationship with Hitler, from 1936 to the fall of the Reich in 1945. But as Payne brilliantly shows, relations between these two dictators were not only a matter of realpolitik. These two titanic egos engaged in an extraordinary tragicomic drama often verging on the dark absurdity of a Beckett or Ionesco play. Whereas Payne investigates the evolving relationship of the two regimes up to the conclusion of World War II, his principal concern is the enigma of Spain's unique position during the war, as a semi-fascist country struggling to maintain a tortured neutrality. Why Spain did not enter the war as a German ally, joining with Hitler to seize Gibraltar and close the Mediterranean to the British navy, is at the center of Payne's narrative. Franco's only personal meeting with Hitler, in 1940 to discuss precisely this, is recounted here in groundbreaking detail that also sheds significant new light on the Spanish government's vacillating policy toward Jewish refugees, on the Holocaust, and on Spain's German connection throughout the duration of the war.

Spain, the Second World War, and the Holocaust Sara J. Brenneis, Gina Herrmann, 2020-03-26 Spain, the Second World War, and the Holocaust is the first comprehensive historical and cultural study of Spain's unique relationship to this turbulent historical period.

Spain During World War II Wayne H. Bowen, 2006 The story of Spain during World War II has largely been viewed as the story of dictator Francisco Franco's foreign diplomacy in the aftermath of civil war. Wayne H. Bowen now goes behind the scenes of fascism to reveal less-studied dimensions of Spanish history. By examining the conflicts within the Franco regime and the daily lives of Spaniards, he has written the first book-length assessment of the regime's formative years and the struggle of its citizens to survive. Bowen argues that the emphasis of previous scholars on Spain's foreign affairs is misplaced—that even the most pro-Axis elements of Franco's regime were more concerned with domestic politics, the potential for civil unrest, and poverty than with events in Europe. Synthesizing a wide range of Spanish-language scholarship and recently declassified government documents, Bowen reveals how Franco's government stumbled in the face of world war, inexperienced leaders, contradictory political ideology, and a divided populace. His book tells the dramatic story of a

six-year argument among the general, the politicians, and the clerics on nothing less than what should be the nature of the new Spain, touching on issues as diverse as whether the monarchy should be restored and how women should dress. Examining the effects of World War II years on key facets of Spanish life-Catholicism, the economy, women, leisure, culture, opposition to Franco, and domestic politics-Bowen explores a wide range of topics: the grinding poverty following the civil war, exacerbated by poor economic decisions; restrictions on employment for women versus the relative autonomy enjoyed by female members of the Falange; the efforts of the Church to recover from near decimation; and methods of repression practiced by the regime against leftists, separatists, and Freemasons. He also shows that the lives of most Spaniards remained apolitical and centered on work, family, and leisure marked by the popularity of American movies and the resurgence of loyalty to regional sports teams. Unlike other studies that have focused exclusively on Spain's foreign affairs during the Second World War, Bowen's work stresses the importance of the home front not only in keeping Spain out of the war but also in keeping Franco in power. He shows that in spite of internal problems and external distractions, Franco's government managed to achieve its goals of state survival and internal peace. As the only single-volume survey of this era available in English, Spain during World War II is a masterful synthesis that offers a much-needed alternative view of the Franco regime during crucial times as it provides a testament to the Spanish people's will to survive.

Spanish Republicans and the Second World War Jonathan Whitehead, 2021-09-30 Spanish Republicans and the Second World War tells the stories of the 500,000 Spanish Republicans that fled across the Pyrenees in 1939 as Catalonia fell to Franco's victorious army in the final weeks of the Civil War. Many of the exiles played an active part in the Second World War. Some joined the French and British armed forces and saw action in various theatres including Africa and Europe (both in 1940 and after D-Day). In August 1944, Spanish Republicans in the La Nueve Company of General Leclerc's Deuxième Blindée were the first Allied troops into Paris during the liberation of the French capital. Those that had remained in Vichy France were active in the early days of the French Resistance, and Republican Maquis also played a significant part in the liberation of the south-west of France in 1944. Those who fought the Axis troops in Spain during the Civil War and then again in France assumed that once the Allies had defeated the Nazis, they would launch a military campaign to overthrow Franco's government in Spain. In October 1944, a force of thousands of Spanish Maquis took part in Operación Reconquista, the invasion of the Valley of Aran on the Spanish side of the Pyrenees. Their declared aim was to trigger a popular uprising and force the Allies to intervene against Franco's dictatorship. Whitehead also examines the role of the Spanish volunteers of the División Azul who swore an oath of allegiance to Hitler and fought with the Wehrmacht on the Eastern Front; the role of the master double-agent Garbo, who played a crucial part in the success of D-Day; the strategic importance of Gibraltar; and the activities of the British diplomatic corps and secret services in resisting Hitler's plans to invade the Iberian Peninsula.

Spain and the Great Powers in the Twentieth Century Sebastian Balfour, Paul Preston, Professor Paul

Preston, 2002-01-31 *Spain and the Great Powers in the Twentieth Century* examines the international context to, and influences on, Spanish history and politics from 1898 to the present day. Spanish history is necessarily international, with the significance of Spain's neutrality in the First World War and the global influences on the outcome of the Spanish Civil War. Taking the Defeat in the Spanish American war of 1898 as a starting point, the book includes surveys on: *the crisis of neutrality during the First World War *foreign policy under the dictatorship of Primo de Rivera *the allies and the Spanish Civil War *Nazi Germany and Franco's Spain *Spain and the Cold War *relations with the United States This book traces the important topic of modern Spanish diplomacy up to the present day

Hunting Nazis in Franco's Spain David A. Messenger, 2014-05-12 In the waning days and immediate aftermath of World War II, Nazi diplomats and spies based in Spain decided to stay rather than return to a defeated Germany. The decidedly pro-German dictatorship of General Francisco Franco gave them refuge and welcomed other officials and agents from the Third Reich who had escaped and made their way to Iberia. Amid fears of a revival of the Third Reich, Allied intelligence and diplomatic officers developed a repatriation program across Europe to return these individuals to Germany, where occupation authorities could further investigate them. Yet due to Spain's longstanding ideological alliance with Hitler, German infiltration of the Spanish economy and society was extensive, and the Allies could count on minimal Spanish cooperation in this effort. In *Hunting Nazis in Franco's Spain*, David Messenger deftly traces the development and execution of the Allied repatriation scheme, providing an analysis of Allied, Spanish, and German expatriate responses. Messenger shows that by April 1946, British and American embassy staff in Madrid had compiled a census of the roughly 10,000 Germans then residing in Spain and had drawn up three lists of 1,677 men and women targeted for repatriation to occupied Germany. While the Spanish government did round up and turn over some Germans to the Allies, many of them were intentionally overlooked in the process. By mid-1947, Franco's regime had forced only 265 people to leave Spain; most Germans managed to evade repatriation by moving from Spain to Argentina or by solidifying their ties to the Franco regime and Spanish life. By 1948, the program was effectively over. Drawing on records in American, British, and Spanish archives, this first book-length study in English of the repatriation program tells the story of this dramatic chapter in the history of post-World War II Europe.

Spain in International Context, 1936-1959 Christian Leitz, David Dunthorn, 1999-09-01 This collection of articles covers a crucial period of Spain's history, from the rise of Franco to the crucial Stabilization Plan of 1959. Separated into four chronologically divided sections, it focuses largely on the international reactions to and the involvement of other powers in the Spanish Civil War, including an examination of French and British reactions to the situation in Spain, and Soviet, German and Italian involvement and the period of the Second World War, with a particular focus on Spain's relations to the Axis and Vichy France especially during the period of 1940/41 when a Spanish entry in to the war was most likely. The fate of the

Spanish refugees and exiles in Britain and France is also highlighted, as is Spain's international position in the aftermath of the Second World War and particularly the attitude of the former Allies, Britain, France, the Soviet Union, and the USA. The volume ends with Spain's response to the unfolding economic co-operation and integration in Western Europe.

Britain's Informal Empire in Spain, 1830-1950 Nick Sharman, 2021-09-25 Based on five years of archival research, this book offers a radical reinterpretation of Britain and Spain's relationship during the growth, apogee and decline of the British Empire. It shows that from the early nineteenth century Britain turned Spain into an 'informal' colony, using its economic and military dominance to achieve its strategic and economic ends. Britain's free trade campaign, which aimed to tear down the legal barriers to its explosive trade and investment expansion, undermined Spain's attempts to achieve industrial take-off, demonstrating that the relationship between the two countries was imperial in nature, and not simply one of unequal national power. Exploring five key moments of crisis in their relations, from the First Carlist War in the 1830s to the Second World War, the author analyses Britain's use of military force in achieving its goals, and the consequences that this had for economic and political policy-making in Spain. Ultimately, the Anglo-Spanish relationship was an early example of the interaction between industrial power and colonies, formal and informal, that characterised the post-World War Two period. An insightful read for anyone researching the British Empire and its colonies, this book offers an innovative perspective by closely examining the volatile relationship between two European powers.

Spain Since 1939 Stanley Black, 2009-11-30 Spain since 1939 provides students with a comprehensive guide to one of the most exciting historical narratives of the 20th century: Spain's development from poverty and isolation after the Civil War to its current role as a key player on the European and world stages. Incorporating the most relevant existing research, Stanley Black covers the modern political, cultural and social events that have shaped Spain's evolution through to the present day. This essential introduction charts momentous periods such as: - The violence and repression of the post-war years - The durability of the dictatorship of general Franco - One of the most successful transitions to democracy - The post-transition boom and integration into the European Union. As this fresh new study shows, Spain's history continues to fascinate as it transforms itself into one of the most dynamic and progressive societies in Europe while battling with economic vulnerability, the phenomenon of mass immigration, and the painful buried legacy of its Civil War past.

Spain Stanley G. Payne, 2011-01-11 From bloodthirsty conquest to exotic romance, stereotypes of Spain abound. This new volume by distinguished historian Stanley G. Payne draws on his half-century of experience to offer a balanced, broadly chronological survey of Spanish history from the Visigoths to the present. Who were the first "Spaniards"? Is Spain a fully Western country? Was Spanish liberalism a failure? Examining Spain's unique role in the larger history of Western Europe, Payne reinterprets key aspects of the country's history. Topics include Muslim culture in the peninsula, the Spanish monarchy, the empire, and the relationship between Spain and Portugal. Turning to the twentieth century, Payne discusses

the Second Republic and the Spanish Civil War. The book's final chapters focus on the Franco regime, the nature of Spanish fascism, and the special role of the military. Analyzing the figure of Franco himself, Payne seeks to explain why some Spaniards still regard him with respect, while many others view the late dictator with profound loathing. Framed by reflections on the author's own formation as a Hispanist and his evaluation of the controversy about "historical memory" in contemporary Spain, this volume offers deeply informed insights into both the history and the historiography of a unique country.

Hitler and Spain Robert H. Whealey, 1989 The Spanish Civil War, begun in July 1936, was a preliminary round of World War II. Hitler's and Mussolini's cooperation with General Franco resulted in the Axis agreement of October 1936 and the subsequent Pact of Steel of May 1939, immediately following the end of the Civil War. This study presents comprehensive documentation of Hitler's use of the upheaval in Spain to strengthen the Third Reich diplomatically, ideologically, economically, and militarily. While the last great cause drew all eyes to Western Europe and divided the British and especially the French internally, Hitler could pursu ...

Britain, Spain and Gibraltar 1945-1990 R. H. Haigh, D S Morris, D. S. Morris, 2002-06-01 Since 1945 Gibraltar's sovereignty has repeatedly been questioned. A strategic possession overlooking Africa at the mouth of the Mediterranean, Gibraltar is the victim of both history and geography and continues to be the barometer of Anglo-Spanish relations. Arguing that Gibraltar has played a much more proactive role in negotiations than is assumed, the book describes the objectives and actions of the Gibraltarians against the wider map of Anglo-Spanish relations.

Modern Spain and the Sephardim Maite Ojeda-Mata, 2017-12-20 *Modern Spain and the Sephardim: Legitimizing Identities* addresses the legal, political, symbolic, and conceptual consequences of the development of a new framework of relations between the Spanish state and the descendants of the Jews expelled from the Iberian kingdoms in 1492 from its beginnings in the nineteenth century to its unexpected consequences during World War II. This book aims to understand and explain the unchallenged idea of the Sephardim as a mix of Spaniard and Jew that emerged in Spain in the second half of the nineteenth century. Maite Ojeda-Mata examines the processes that led to this ambivalent conceptualization of Sephardic identity, as both Spanish and Jewish, and its consequences for the Sephardic Jews.

The Circulation of Penicillin in Spain María Jesús Santesmases, 2017-12-18 This book reconstructs the early circulation of penicillin in Spain, a country exhausted by civil war (1936-1939), and oppressed by Franco's dictatorship. Embedded in the post-war recovery, penicillin's voyages through time and across geographies - professional, political and social - were both material and symbolic. This powerful antimicrobial captivated the imagination of the general public, medical practice, science and industry, creating high expectations among patients, who at times experienced little or no effect. Penicillin's lack of efficacy against some microbes fueled the search for new wonder drugs and sustained a decades-

long research agenda built on the post-war concept of development through scientific and technological achievements. This historical reconstruction of the social life of penicillin between the 1940s and 1980s – through the dictatorship to democratic transition – explores political, public, medical, experimental and gender issues, and the rise of antibiotic resistance.

Franco Sells Spain to America N. Rosendorf, 2014-02-18 A groundbreaking study of the Franco regime's utilization of Hollywood film production in Spain, American tourism, and sophisticated public relations programs - including the most popular national pavilion at the 1964-65 New York World's Fair - in a determined effort to remake the Spanish dictatorship's post-World War II reputation in the US.

Spain William Chislett, 2013-09-19 What happens in Spain, among the euro zone's largest economies, matters. Its high unemployment (over 26%), burgeoning public debt, and banking crisis will be formative for the zone's future. In *Spain: What Everyone Needs to Know(R)*, a timely addition to Oxford's acclaimed *What Everyone Needs to Know(R)* series, veteran journalist William Chislett provides much-needed political and historical context for Spain's current economic and political predicament. Chislett recounts the country's fascinating and often turbulent history, beginning with the Muslim conquest in 711 and ending with the nation's deep economic crisis, sparked by the spectacular collapse of its real estate and construction sectors in 2010. He explains the country's transition from dictatorship to democracy and covers such issues as the creation of a welfare state, the influx of immigrants, internal strife from the separatist Catalan region, the effects of stringent austerity measures, the strengths and weaknesses of the economy, and how the country can create a more sustainable economic model for the future. In a concise, question-and-answer format that allows readers to quickly access areas of particular interest, the book addresses a wide range of questions, including: What was the legacy of the Muslim presence between 711 and 1492? How did the Spanish Empire Arise? What were the causes of the 1936-39 Civil War? Why did the Socialists win a landslide victory in the 1982 election? What was the impact of European Economic Community membership? What is the violent Basque separatist group ETA? What caused the banking crisis? and more. This engaging overview covers a wide sweep of Spanish history and helps readers understand Spain's place in the world today. *What Everyone Needs to Know(R)* is a registered trademark of Oxford University Press.

International Mortality Statistics Michael Alderson, 1981-06-18

Spaniards in Mauthausen Sara J. Brenneis, 2018-05-04 *Spaniards in Mauthausen* is the first study of the cultural legacy of Spaniards imprisoned and killed during the Second World War in the Nazi concentration camp Mauthausen. By examining narratives about Spanish Mauthausen victims over the past seventy years, author Sara J. Brenneis provides a historical, critical, and chronological analysis of a virtually unknown body of work. Diverse accounts from survivors of Mauthausen, chronicled in letters, artwork, photographs, memoirs, fiction, film, theatre, and new media, illustrate how Spaniards have become cognizant of the Spanish government's relationship to the Nazis and its role in the victimization of Spanish nationals

in Mauthausen. As political prisoners, their numbers and experiences differ significantly from the millions of Jews exterminated by Hitler, yet the Spaniards in Mauthausen were nevertheless objects of Nazi violence and witnesses to the Holocaust.

Modern Spain Pamela Beth Radcliff, 2017-05-08 Modern Spain: 1808 to the Present is a comprehensive overview of Spanish history from the Napoleonic era to the present day. Places a large emphasis on Spain's place within broader European and global history The chronological political narrative is enriched by separate chapters on long term economic, social and cultural developments This presentation of modern Spanish history incorporates the latest thinking on key issues of modernity, social movements, nationalism, democratization and democracy

The Department of State Bulletin ,1956 The official monthly record of United States foreign policy.

digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Spain In The Second World War PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable

goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate

specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Spain In The Second World War PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in

the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Spain In The Second World War free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Spain In The Second World War Books

How do I know which eBook platform is

the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Spain In The Second World War is one of the best book in our library for free trial.

We provide copy of Spain In The Second World War in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Spain In The Second World War. Where to download Spain In The Second World War online for free? Are you looking for Spain In The Second World War PDF? This is definitely going to save you time and cash in something you should think about.
