Walter Scott

Heart, Soul, And Mind Melinda Taylor, 2015-04-13 This is a book of all of my poems about my life, feelings, thoughts, emotions, beliefs, values, and morals. Most poems are about me, people I know, relationships I have been in, experiences I have had, and some that are made up and have nothing to do with me personally and were inspired by a poetry site. I love to write poetry and have wanted to publish my poems for a long time. I hope to publish them and to write and publish more. I also hope that people will enjoy my poems, be able to relate to them, and will get something good out of them. I want to give people a positive experience the same way that I feel positive about writing them. I would be happy if my poems helped anyone since I love to help people. I also would be excited if I made any money from the exposure. Thank you for reading.

Tell Me How Long the Train's Been Gone James Baldwin, 1998-02-17 A major work of American literature from a major American writer that powerfully portrays the anguish of being Black in a society that at times seems poised on the brink of total racial war. Baldwin is one of the few genuinely indispensable American writers. —Saturday Review At the height of his theatrical career, the actor Leo Proudhammer is nearly felled by a heart attack. As he hovers between life and death, Baldwin shows the choices that have made him enviably famous and terrifyingly vulnerable. For between Leo's childhood on the streets of Harlem and his arrival into the intoxicating world of the theater lies a wilderness of desire and loss, shame and rage. An adored older brother vanishes into prison. There are love affairs with a white woman and a younger black man, each of whom will make irresistible claims on Leo's loyalty. **Tell Me How Long the Train's Been Gone** is overpowering in its vitality and extravagant in the intensity of its feeling.

How To Be Born Again Billy Graham, 1989-02-16 Man has a problem and God has an answer in Christ. How do we respond? Dr. Graham gives the answer in simple, direct, and dynamic language. But he does not stop with the moment of the new birth, for newborns have a lot of growing to do. Here also is essential guidance to take them further, for they can scarcely realize so soon the potential of the new power God can release from deep within them. **How to Be Born Again** is at once universal and personal, for the new Christian and for the Christian along the way - an irresistible primer for finding salvation, a guidebook for continuing growth.

Understanding the Borderline Mother Christine Ann Lawson, 2002-07 The first love in our lives is our mother. Recognizing her face, her voice, the meaning of her moods, and her facial expressions is crucial to survival. Dr. Christine Ann Lawson vividly describes how mothers who suffer from borderline personality disorder produce children who may flounder in life even as adults, futilely struggling to reach the safety of a parental harbor, unable to recognize that their borderline parent lacks a pier, or even a discernible shore. Four character profiles describe different symptom clusters that include the waif mother, the hermit mother, the queen mother, and the witch. Children of borderlines are at risk for developing this complex and devastating personality disorder themselves. Dr. Lawson's recommendations for prevention include empathic understanding of the borderline mother and early intervention with her children to ground them in reality and counteract the often dangerous effects of living with a 'make-believe' mother. Some readers may recognize their mothers as well as themselves in this book. They will also find specific suggestions for creating healthier relationships. Addressing the adult children of borderlines and the therapists who work with them, Dr. Lawson shows how to care for the waif without rescuing her, to attend to the hermit without feeding her fear, to love the queen without becoming her subject, and to live with the witch without becoming her victim. Don't Tell Me How to Die Marshall Karp, 2025-03-04 "What begins as a mystery-tinted character study transforms into a full-bore thriller, with a spate of jaw-dropping twists that recast the entire narrative. Readers should be prepared to stay up all night." —Publishers Weekly "A razor-sharp domestic thriller about a dying woman's desperate mission to handpick her husband's next wife—and she'll stop at nothing to get the job done. Darkly funny and relentlessly suspenseful, Karp displays every skill as one of the greatest storytellers of our generation." —Joe Donahue, host of The Book Show on NPR I have one thing to do before I die. And time is running out. I had it all: a fantastic husband, two great kids, an exciting career. And then,

at the age of forty-three, I found out I would be dead before my next birthday. My mother also died young. I was seventeen, and she warned me that women would flock to my suddenly single father like stray cats to an overturned milk truck. They did. And one absolutely evil woman practically destroyed his life, mine, and my sister's. I am not letting that happen to my family. I have three months, and I plan to spend every waking minute searching for the perfect woman to take my place as Alex's wife, and mother to Kevin and Katie. You're probably thinking, She'll never do it. Did I mention that in high school I was voted "Most Likely to Kill Someone to Get What She Wants"? From thriller writer Marshall Karp (cocreator with James Patterson of the #1 New York Times bestselling NYPD Red series), and rich with Karp's deft array of three-dimensional characters and his signature biting humor, *Don't Tell Me How to Die* has so many twists and turns, you'd swear he wrote it with a corkscrew.

Legends of the Dark Stranger Richard W. McDowell, 2014-10-01 *Legends of the Dark Stranger: Words and Images* is a stunning, introspective collection of Richard McDowell's selected writings and images that are from his self-books, also called journals or sketchbooks. Their functions varied from address book, shopping lists, and classroom notes, to detailed product designs, business plans, and appointments. These pragmatic entries were created to organize and augment his memory. But it is the words and images reflecting the creative nature of his persona that catches his eye. The artist and dreamer is a constant theme. Having been an artist and a song writer for a long time; carrying a sketchbook was always second nature to him. When he joined the Peace Corp, he began to number them and call them self-books. He has reveled in travel, while life seemed the truest and richest of roads. The moments were there to ponder and reflect upon, through art and song, and memoirs, and pure thoughts of mirth. He has divided *Legends of the Dark Stranger* into three parts: Boomers Story; Songs and Thoughts; and Boomerology each with its own unique view of his life and travels.

West of Eden Iain Boal, Janferie Stone, Michael Watts, Cal Winslow, 2012-04-01 In the shadow of the Vietnam War, a significant part of an entire generation refused their assigned roles in the American century. Some took their revolutionary politics to the streets, others decided simply to turn away, seeking to build another world together, outside the state and the market. *West of Eden* charts the remarkable flowering of communalism in the 1960s and '70s, fueled by a radical rejection of the Cold War corporate deal, utopian visions of a peaceful green planet, the new technologies of sound and light, and the ancient arts of ecstatic release. The book focuses on the San Francisco Bay Area and its hinterlands, which have long been creative spaces for social experiment. Haight-Ashbury's gift economy—its free clinic, concerts, and street theatre—and Berkeley's liberated zones—Sproul Plaza, Telegraph Avenue, and People's Park—were embedded in a wider network of producer and consumer co-ops, food conspiracies, and collective schemes. Using memoir and flashbacks, oral history and archival sources, *West of Eden* explores the deep historical roots and the enduring, though often disavowed, legacies of the extraordinary pulse of radical energies that generated forms of collective life beyond the nuclear family and the world of private consumption, including the contradictions evident in such figures as the guru/predator or the hippie/entrepreneur. There are vivid portraits of life on the rural communes of Mendocino and Sonoma, and essays on the Black Panther communal households in Oakland, the latter-day Diggers of San Francisco, the Native American occupation of Alcatraz, the pioneers of live/work space for artists, and the Bucky dome as the iconic architectural form of the sixties. Due to the prevailing amnesia—partly imposed by official narratives, partly self-imposed in the aftermath of defeat—*West of Eden* is not only a necessary act of reclamation, helping to record the unwritten stories of the motley generation of communards and antinomians now passing, but is also intended as an offering to the coming generation who will find here, in the rubble of the twentieth century, a past they can use—indeed one they will need—in the passage from the privations of commodity

capitalism to an ample life in common.

Soon to Be the Last Time Mardy Wheeler, 2018-05-22 I have been writing for many years, having started saving everything since I was a senior in high school. My favorite teacher suggested I start saving what I was writing, and well, that is what I did and have done. As a result, I have bits and pieces stuffed in many drawers in my home office. Some I read and reread; some just sit there covered with dust. No matter what, however, I never throw any of my writings away. I live in retirement with my husband. (Currently, we will soon be enjoying our fifty-sixth anniversary.) We live close to our children and grandchildren, have dear friends whom we love, and have a house we found more than forty years ago. In the past, I have been active in the League of Women Voters and as a hospice volunteer. I am listed in Whos Who in America (for those of you who want to know anything else about me).
