The Anatomy of the Body of God Frater Achad,2020-07-23 The Anatomy of the Body of God. by Frater Achad. Although the title of this short essay may seem, to some who have not read its contents, to be both presumptuous and unwarrantable, it is hoped that these will reserve their judgment until they have given due attention and consideration to the study of such an important subject.

The Anatomy of the Body of God Frater Achad,2004-06-01 We should remember that just as the Soul is the link between Body and Spirit, so is the Sun between Earth and Heaven, and the Great Central Sun between the Two Infinities. This Link between the Opposites is an all-important one, but it may be equally a Devil or Redeemer, according to the Influence it has upon us. I have showed this more fully elsewhere, and shall refer to it again.

The Magnification Into the Body of God Ulysses Gaither,2021-12-06 This book is to bring awareness to its readers of the very serious and intricate times that confront human life today. The complications we face today are variable. Constant changes taking place and new meanings of life itself are being introduced to humanity on a grand scale. All life is precious in God's sight and should be the same according to mankind's standards of human interrelationship with each other in this world. This book underlines how a dangerous pandemic can, at any time, wipe away humanity from the face of the earth at any given moment in a year, unless Jesus intervenes by giving scientists breakthroughs to better manage this threat to our way of life. Spiritual involvement is causing the entire human community to either turn away from their wicked way of thinking and activities or to face the wrath of God head-on. I want you, as my readers, to know that there is a way out of a hell-bound destination if you would awaken from the darkness of thinking that certain remnants society has enforced upon

you. Pandemics such as COVID-19 and the new world order on social injustice will not forever stand or prosper if the human race stands up and combats all the driving forces that are destroying mankind, but those who stand in front of the court of internal judgment, the bar will be raised against you in the final acknowledgement of mankind's worthiness on earth.

The Anatomy of the Body of God Charles Jones (Frater Achad),2016-01-07 *The Anatomy Of The Body Of God; Being The Supreme Revelation Of Cosmic Consciousness Explained And Depicted In Graphic Form.* Written from a Thelemic point of view, this relatively short book deals with Qabalastic geometry and how the 'Tree Of Life' can be used as a model for viewing creation multi-dimensionally.I do not intend to write of the discovery itself for the moment, but merely to prepare a brief essay on the Qabalah by means of further Light I have so recently received. This will serve as an introduction to the more complete explanation of the whole matter which, in order to be comprehensible to my readers, will require a number of diagrams showing the different stages of its development. To begin at the beginning. As stated in Q.B.L., the Qabalists postulated the Ain or NO-THING as the Zero from which, in a mysterious manner, the Universe arose. Next, they say, the Ain SUPH, or Limitless Space, became the Nature of the Ain, and this conception was followed by that of the Ain SUPH AUR or Limitless Light of Chaos. It was not until this Limitless Light had concentrated Itself to a Center that the First Positive Idea arose, and this was called Kether and attributed to the Number One.I do not intend to write of the discovery itself for the moment, but merely to prepare a brief essay on the Qabalah by means of further Light I have so recently received. God: An Anatomy Francesca Stavrakopoulou,2022-01-25 An astonishing and revelatory history that re-presents God as he was originally envisioned by ancient worshippers—with a distinctly male body, and with superhuman powers, earthly passions, and a penchant for the fantastic and monstrous. [A] rollicking journey through every aspect of Yahweh’s body, from top to bottom (yes, that too) and from inside out ... Ms. Stavrakopoulou has almost too much fun.”—The Economist The scholarship of theology and religion teaches us that the God of the Bible was without a body, only revealing himself in the Old Testament in words mysteriously uttered through his prophets, and in the New Testament in the body of Christ. The portrayal of God as corporeal and masculine is seen as merely metaphorical, figurative, or poetic. But, in this revelatory study, Francesca Stavrakopoulou presents a vividly corporeal image of God: a human-shaped deity who walks and talks and weeps and laughs, who eats, sleeps, feels, and breathes, and who is undeniably male. Here is a portrait—arrived at through the author's close examination of and research into the Bible—of a god in ancient myths and rituals who was a product of a particular society, at a particular time, made in the image of the people who lived then, shaped by their own circumstances and experience of the world. From head to toe—and every part of the body in between—this is a god of stunning surprise and complexity, one we have never encountered before.
