**Er. Mohammad Ashraf Fazili**

*The Indo-Aryan Languages* Danesh Jain, George Cardona, 2007-07-26 The Indo-Aryan languages are spoken by at least 700 million people throughout India, Pakistan, Bangladesh, Nepal, Sri Lanka and the Maldives Islands. They have a claim to great antiquity, with the earliest Vedic Sanskrit texts dating to the end of the second millennium B.C. With texts in Old Indo-Aryan, Middle Indo-Aryan and Modern Indo-Aryan, this language family supplies a historical documentation of language change over a longer period than any other subgroup of Indo-European. This volume is divided into two main sections dealing with general matters and individual languages. Each chapter on the individual language covers the phonology and grammar (morphology and syntax) of the language and its writing system, and gives the historical background and information concerning the geography of the language and the number of its speakers.

**Kashmir's Right to Secede** Matthew J. Webb, 2012-02-13 A separatist conflict has been ongoing in India-administered Kashmir since 1989. Focusing on this region, this book critiques the existing normative theories of secession, and offers a comprehensive examination of the right of sub-groups to secede. The book looks at the different accounts of the moral right to secede, and assesses both the theories themselves as well as the claims of those who want to separate Kashmir from India. Included within this analysis are the three main types of normative theory that ground the right of groups to secede in principles of national self: determination, consensual governance and rectificatory justice. Previous studies have discussed the causes behind the uprising in Kashmir against Indian authority and examined some of the legal and geo-political implications of the conflict for India and the wider region. This book provides a new way of looking at the Kashmir dispute, by asking what these theories tell us about Kashmir, and in turn what the example of Kashmir allows us to learn about these theories. It is of interest to students and scholars of South Asian Politics and International Relations.

**Dictionary of Languages** Andrew Dalby, 2015-10-28 Covering the political, social and historical background of each language, Dictionary of Languages offers a unique insight into human culture and communication. Every language with official status is included, as well as all those that have a written literature and 175 'minor' languages with special historical or anthropological interest. We see how, with the rapidly increasing uniformity of our culture as media's influence spreads, more languages have become extinct or are under threat of extinction. The text is highlighted by maps and charts of scripts, while proverbs, anecdotes and quotations reveal the features that make a language unique.

**Srinagar Burushaski** Sadaf Munshi, 2018-12-10 In Srinagar Burushaski: A Descriptive and Comparative Account with Analyzed Texts Sadaf Munshi offers the structural description of a lesser-known regional variety of Burushaski spoken in Srinagar, the summer capital of the Indian-administered state of Jammu & Kashmir. The description includes a comprehensive and comparative account of the structural features of Srinagar Burushaski in terms of phonology, morphology, lexicon and syntax. The grammar is supported by an extensive digital corpus housed at the University of North Texas Digital Library. Using contemporary spoken language samples from Srinagar, Nagar, Hunza and Yasin varieties of Burushaski as well as data from the available literature, Munshi provides a thorough understanding of the historical development of Srinagar Burushaski, complementing the existing studies on Burushaski dialectology.

Security Community in South Asia Muhammad Shoaib Pervez, 2012-11-27 The security relationship between India and Pakistan is generally viewed through a neo-realist approach of International Relations.. Treading on a different path, this book explains the rivalry of these countries by looking at the socio-cultural norms found at two levels, elites versus popular. Furthermore, it also conceptualizes a hypothetical India-Pakistan security community that could result in peace in the region. The book describes how the rivalry between India and Pakistan is mostly centred on the elites of the two countries. It highlights the presence of a unique normative structure through social practices found at the popular level, and looks at how the common people of both India and Pakistan share many socio-cultural norms. Employing the theoretical framework of social constructivist approach of International Relations as well as the methodology of critical discourse analysis, the book discusses how an effort can be made to develop the concept of a bottom-up security community, from the popular to the elite level, and the impact this would potentially have for India and Pakistan. An interesting and valuable approach for analysing these issues of security through the socio-cultural lens, this book is of interest to academics and scholars of South Asian Politics, Security Studies and International Relations.

**Troubled Testimonies** Meenakshi Bharat, 2015-12-14 Since the 9/11 attacks terror has established its permeating hold on society's psyche. Creative writing, a popular and visible cultural witness to the strain, has taken up this destabilization with remarkable regularity. Troubled Testimonies focuses on the Indian novel in English, deriving inspiration from these disturbances, to essay a unique grasp of the cultural make-up of the times and its reverberations on the sense of self and belonging to the nation. This first full-length study of terror in the subcontinental novel in English (from India) places it in the world context and analyzes the fictional coverage of the spread of terrorism across the country and its cultural fallout. The enigmatic coming together of the contemporary with the anguish of loss and betrayal unleashed by terror occasions a

significant redefinition of the issues of trauma, conflict and gender, and opens a fresh window to Indian writing and the culture of the subcontinent, and a new paradigm in literary and cultural criticism termed 'post-terrorism'. Lucid and thought provoking, this book will be useful to scholars and researchers of South Asian literature, cultural studies, postcolonial studies, history, politics and sociology.

Bird Milk & Mosquito Bones Priyanka Mattoo, 2025-06-17 From a wry, insightful, and very funny new voice, here is one woman's search for home, from Kashmir to England to Saudi Arabia to Michigan to Rome and, finally, to Los Angeles—standalone essays that together form a sweeping portrait of a peripatetic life. I would follow Priyanka Mattoo to the ends of the earth, because she would know what to eat there, and how to make a friend, and then sit me down and tell me a story. —Emma Straub, author of *This Time Tomorrow* Priyanka Mattoo was born into a wooden house in the Himalayas, as were most of her ancestors. In 1989, however, mounting violence in the region forced Mattoo's community to flee. The home into which her family poured their dreams was reduced to a pile of rubble. Mattoo never moved back to her beloved Kashmir—because it no longer existed. She and her family just kept packing and unpacking and moving on. In forty years, Mattoo accumulated thirty-two different addresses, and she chronicles her nomadic existence with wit, wisdom, and an inimitable eye for light within the darkest moments. She takes us from her grandparents' sprawling home in Srinagar, where her boisterous aunts raced through the halls, to Saudi Arabia, where friendships were gained and lost behind the sandstone walls of a foreigners' compound. We witness her courtship with a nice Jewish boy, now her husband, and her efforts to replicate her mother's rogan josh recipe via Zoom. And we are with her as she settles into her unlikely new homeland, Los Angeles, where she sets off on what is perhaps her most meaningful journey: that of becoming a writer. Through these astonishingly poignant and often laugh-out loud essays, Mattoo has given us an openhearted, frank, revealing glimpse into a journey of almost constant motion, as well as a journey of self-discovery.

**A Manual of the Kāshmirī Language** Sir George Abraham Grierson, 1911

**Linguistic Identity in Postcolonial Multilingual Spaces** Eric A. Anchimbe, 2009-05-05 This timely volume moves away considerably from traditional topics investigated in studies of multilingualism and linguistic identity to propose new analytical approaches that investigate postcolonial societies from the standpoint of their specific internal structures. The book uses postcolonial multilingual societies as gateways into complex webs of identity construction and group boundary definition, the interplay and functions of oral (indigenous) and written (foreign) languages in multilingual communities, the birth of new diaspora generations at home and abroad, the redefinitions of gender roles, and the impact of linguistic identities on the different nation states focused upon in the contributions. "This book could not be published at a better time. The contributors present informative facts about the complex dynamics of the co-existence of ex-colonial languages with the ancestral languages of their new speakers, and about how, on the one hand, they are embraced by some as socio-economic assets and, on the other, they are treated by others as alienating colonial legacies. The reader will learn about various "ecological" factors that have contributed to the indigenization of English, the maintenance or revitalization of indigenous languages, and the emergence of new cultural identities that foster new forms of linguistic diversity in Asia and Africa. This book is a gold mine of information about postcolonial identity in Africa, Asia, Ireland, and the Americas." Prof. Salikoko S. Mufwene Distinguished Service Professor of Linguistics and the College University of Chicago
