

# Carla Emery Encyclopedia Of Country Living

**Sarah Simpson, Heather McLeod**

*The Encyclopedia of Country Living, 50th Anniversary Edition* Carla Emery, 2025-08-05 OVER 1 MILLION COPIES SOLD: The 50th anniversary edition of the classic manual for sustainable living—with 1,000+ pages covering basic country skills and wisdom for living off the land! Whether you're homesteading, prepping, or living off-grid, keep your family healthy, safe, and self-sufficient—no matter what's going on in the world. From homesteaders to urban farmers, and everyone in between, there is a desire for a simpler way of life: a healthier and self-sufficient natural lifestyle that allows you to survive and thrive—even in uncertain times. Carla Emery's classic guide will teach you how to live off the grid, be prepared, and do it yourself. • Can, dry, and preserve food • Plan your garden with a beginner's guide to gardening • Grow your own food • Make 20-minute cheese • Make your own natural skincare products • Bake bread • Cook on a wood stove • Learn beekeeping • Raise chickens, goats, and pigs • Create natural skincare products • Make organic bug spray • Treat your family with homemade natural remedies • Make fruit leather • Forage for wild food • Spin wool into yarn • Mill your own flour • Tap a maple tree • And so much more! The Encyclopedia of Country Living has been guiding readers for more than 50 years, teaching you all the skills necessary for living independently off the land. Whether you live in the city, the country, or anywhere in between, this is the essential guide to living well and living simply.

**The Encyclopedia of Country Living** Carla Emery, 1994 From the garden or barnyard to the kitchen table, here is a comprehensive resource for step-by-step information about food production. Filled with more than 1,000 recipes, 700 mail-order sources, how-to instructions, and earthly wisdom gleaned from a lifetime of self-sufficient living, this thorough, reliable treasury should be in every home. Features 300 illustrations.

**Old Fashioned Recipe Book** Carla Emery, 1990

**The Complete Idiot's Guide to Self-Sufficient Living** Jerome D. Belanger, 2009-12-01 How to be green, save green, grow greens—even turn a thumb green Self-sufficient living can mean a healthier life, a way to protect the earth, or a way to save money. This guide helps readers find their perfect degree of self reliance in the areas of food, shelter, energy, clothing, and more. For both the urban and rural dweller, it covers gardening, cooking from scratch, preserving food, raising livestock, keeping chickens, generating or supplementing energy, essential tools and equipment, foraging for wild foods, hunting, fishing, and trapping. • Saving money in today's economy and self-sufficiency go hand-in-hand • For the growing number of

eco-friends considering self-sufficiency • Existing books focus on either rural or urban self-sufficiency, but this covers both

**The Encyclopedia of Country Living** Carla Emery, 2003 Filled with more than 1,000 recipes, 700 mail-order sources, how-to instructions, and earthly wisdom gleaned from a lifetime of self-sufficient living, this thorough, reliable treasury features 300 illustrations.

**Farm-Raised Kids** Katie Kulla, 2024-10-29 Learn to raise tiny agriculturists with this insightful guide full of parenting advice and strategies for engaging kids in farm life while you're running your own homestead. In this first-ever book on the topic, author Katie Kulla offers her own hard-won wisdom, gleaned from more than a decade of raising kids while running a CSA farm with her husband. The book also features invaluable advice and insights from other farmer-parents and a wealth of practical tips and ideas for how to engage children on the farm—including activities for learning and play, and suggestions for how to enlist kids in chores and other farm responsibilities. Included are experiences and stories of diverse farm families encompassing a variety of identities and backgrounds across geographic locations, race and genders, family sizes, and farm scales, to represent the real face of farming today.

**Depletion & Abundance** Sharon Astyk, 2008-09-01 Why are so few peak oil authors women? There's been much debate about this, and no one has yet arrived at a definitive answer. But whatever the reason, Sharon Astyk has established herself as a true rarity within the peak oil community by virtue of being a woman who has chosen to write about peak oil. The perspective she offers is thus both uncommon and vital. In *Depletion and Abundance*, she shows how rewarding life on her New Home Front could be, immeasurably improving our health, nutrition, sense of community and overall well-being. Chief among its benefits would be all the extra time that we'd have. She points out that people in medieval times worked far fewer hours than Americans do today, and that most people in modern-day peasant societies also work less hard than we do. This, along with Astyk's unique perspective as a woman, a mother and a peak oil activist, makes *Depletion and Abundance* well worth a read. The ring of authenticity to her writing will hook you - while its relaxed style, ineffable humor, personal anecdotes and comforting touch will soothe your melancholy peaknik soul like a warm hand on the shoulder. Reviewed by Frank Kaminski, *Energy Bulletin* Sharon's introduction is priceless in its succinct, dead-on analysis of collapse, and is reason enough to buy and send this book to everyone you know who is partially or completely clueless about where we're headed. When I realized that everything was going to change, I was at first afraid. Because I thought, if my government or public policy or other choices weren't going to fix everything, what could I possibly do? What hope was there, if I had to take care of myself, if my community had to take care of itself? But when I began looking for solutions that could be applied on the level of ordinary human lives, that involved changes in perspectives and pulling together, the reclamation of abandoned ideas and the restoration of strong communities, I began to feel hopeful, even excited. Because I realized that when large institutions cease to be powerful, sometimes that means that people start being powerful again. *Depletion and Abundance* is not a feel-

good book, but it is intensely human, compassionate, supportive, practical, alarming, enlivening, and astonishingly accurate. Reviewed by Carolyn Baker, Carolynbaker.net Climate change, peak oil, and economic instability aren't just future social problems—they jeopardize our homes and families right now. Our once-abundant food supply is being threatened by toxic chemical agriculture, rising food prices and crop shortages brought on by climate change. Funding for education and health care is strained to the limit, and safe and affordable housing is disappearing. Depletion and Abundance explains how we are living beyond our means with or without a peak oil/climate change crisis and that, either way, we must learn to place our families and local communities at the center of our thinking once again. The author presents strategies to create stronger homes, better health and a richer family life and to: \*live comfortably with an uncertain energy supply \*prepare children for a hotter, lower energy, less secure world \*survive and thrive in an economy in crisis, and \*maintain a kitchen garden to supply basic food needs. Most importantly, readers will discover that depletion can lead to abundance, and the anxiety of these uncertain times can be turned into a gift of hope and action. An unusual family perspective on the topic, this book will appeal to all those interested in securing a future for their children and grandchildren.

**Independence Days** Sharon Astyk, 2009-11-01 “Be warned! Independence Days will change the way you eat. It is not just a guide for storing food but a manual for living in a changing world.” —Kathy Harrison, author of Prepping 101 Hard times aren't just coming, they are here already. The recent economic collapse has seen millions of North Americans move from the middle class to being poor, and from poor to hungry. At the same time, the idea of eating locally is shifting from being a fringe activity for those who can afford it to an essential element of getting by. But aside from the locavores and slow foodies, who really knows how to eat outside of the supermarket and out of season? And who knows how to eat a diet based on easily stored and home preserved foods? Independence Days tackles both the nuts and bolts of food preservation, as well as the host of broader issues tied to the creation of local diets. It includes: · How to buy in bulk and store food on the cheap · Techniques, from canning to dehydrating · Tools—what you need and what you don't In addition, it focuses on how to live on a pantry diet year-round, how to preserve food on a community scale, and how to reduce reliance on industrial agriculture by creating vibrant local economies. Better food, plentiful food, at a lower cost and with less energy expended: Independence Days is for all who want to build a sustainable food system and keep eating—even in hard times. “[Astyk] builds a sturdy path to a full larder, a safe family, and a more secure community.” —Robin Wheeler, author of Food Security for the Faint of Heart

**Made from Scratch** Jenna Woginrich, 2014-04-30 In a hectic world of mass-produced food, clothing, and entertainment, it's easy to miss out on the simple pleasures of doing things for yourself. Young web designer Jenna Woginrich chronicles her adventures as she learns to embrace the idea of self-sufficiency in all aspects of her life, including sewing her own clothes, growing her own food, and creating her own fun outside of the mainstream. Woginrich's hilarious, heartbreaking, and soul-satisfying journey will bring joy and inspiration to those who dream about a more independent lifestyle.

*Prepper's Long-Term Survival: Countdown to Preparedness* Jim Cobb, 2025-07-01 Take control and survive a disaster in any season with this practical guide that provides checklists, step-by-step instructions, and more vital information on emergency preparedness. Welcome to the most important class you'll ever take. In this dangerous world, there's no place where disaster won't find you. Your only option is to get educated. Presenting a straightforward 52-week course to becoming a full-fledged prepper, this book provides a step-by-step guide to everything from simple tools for storing food and water to advanced techniques for defending your family and property. With this book, you will: Learn to stock, treat, use, and reuse the most important survival item of all—water Store enough food to feed your family for three months without breaking the bank Develop the emergency skills to respond effectively to any catastrophic event Fortify and protect your home with affordable and manageable DIY projects Create a prepper savings account to ensure your family's well-being And so much more. If you want to make it out alive, you can't rely on hope or help from others. Be ready to confidently act and survive on your own with *Prepper's Long-Term Survival: Countdown to Preparedness*.

**Countdown to Preparedness** Jim Cobb, 2014-06-24 A comprehensive, step-by-step guide to fully prepare your family for any cataclysmic event. Welcome to the most important class you'll ever take. In this dangerous world, there's no place where disaster won't find you. Your only option is to get educated. Presenting a straightforward fifty-two-week course to becoming a full-fledged prepper, this book guides you step-by-step with everything from simple tools for storing food and water to advanced techniques for defending your family and property: • Learn to stock, treat, use, and reuse the most important survival item of all—water • Store enough food to feed your family for three months without breaking the bank • Develop the emergency skills to respond effectively to any catastrophic event • Fortify and protect your home with affordable and manageable DIY projects • Create a prepper savings account to ensure your family's well-being If you want to make it out alive, you can't rely on hope or help from others. You need to be ready to act on your own, and this guide can get you there.

**TV in the USA** Vincent LoBrutto, 2018-01-04 This three-volume set is a valuable resource for researching the history of American television. An encyclopedic range of information documents how television forever changed the face of media and continues to be a powerful influence on society. What are the reasons behind enduring popularity of television genres such as police crime dramas, soap operas, sitcoms, and reality TV? What impact has television had on the culture and morality of American life? Does television largely emulate and reflect real life and society, or vice versa? How does television's influence differ from that of other media such as newspapers and magazines, radio, movies, and the Internet? These are just a few of the questions explored in the three-volume encyclopedia *TV in the USA: A History of Icons, Idols, and Ideas*. This expansive set covers television from 1950 to the present day, addressing shows of all genres, well-known programs and short-lived series alike, broadcast on the traditional and cable networks. All three volumes lead off with a keynote essay regarding the technical and historical features of the decade(s) covered. Each entry on a specific show investigates the narrative, themes,

and history of the program; provides comprehensive information about when the show started and ended, and why; and identifies the star players, directors, producers, and other key members of the crew of each television production. The set also features essays that explore how a particular program or type of show has influenced or reflected American society, and it includes numerous sidebars packed with interesting data, related information, and additional insights into the subject matter.

**Homebrewed Vinegar** Kirsten K. Shockey, 2021-05-11 Apple cider vinegar has a long history as a folk remedy for a variety of health conditions and, as a result, has achieved something akin to cult status among natural health enthusiasts. But many people don't realize that there is a whole world of options beyond store-bought ACV or distilled white vinegar. In fact, vinegar can be made from anything with fermentable sugar, whether leftover juicing pulp or brown bananas, wildflowers or beer. With her in-depth guide, Kirsten K. Shockey takes readers on a deep dive into the wide-ranging possibilities alive in this ancient condiment, health tonic, and global kitchen staple. In-depth coverage of the science of vinegar and the basics of equipment, brewing, bottling, and aging gives readers the foundational skills and knowledge for fermenting their own vinegar. Then the real journey begins, as the book delves into the many methods and ingredients for making vinegars, from apple cider to red wine to rice to aged balsamic. Along the way, Shockey shares insights into vinegar-making traditions around the world and her own recipes for making vinegar tonics, infused vinegars, and oxymels.

**When Technology Fails** Matthew Stein, 2008-08-18 There's never been a better time to be prepared. "This book is an indispensable basic manual for the real-life issues that await us in the decades to come. . . [A] treasure trove of practical wisdom."—James Howard Kunstler, author of *The Geography of Nowhere* Matthew Stein's comprehensive primer on sustainable living skills—from food and water to shelter and energy to first-aid and crisis-management skills—prepares you to embark on the path toward sustainability. But unlike any other book, Stein not only shows you how to live green in seemingly stable times, but to live in the face of potential disasters, lasting days or years, coming in the form of social upheaval, economic meltdown, or environmental catastrophe. *When Technology Fails* covers the gamut. Inside, you'll learn: The basics of installing a renewable energy system for your home or business How to find and sterilize water in the face of utility failure How to keep warm if you've been left temporarily homeless Practical information for dealing with water-quality issues Alternative health and first-aid techniques Each chapter describes skills for self-reliance in good times and bad. Chapters Include: A survey of the risks to the status quo Supplies and preparation for short- and long-term emergencies Emergency measures for survival Prepping water, food, shelter, and clothing First aid, low-tech medicine, and healing Securing energy, heat, and power Metalworking Utensils and storage Low-tech chemistry engineering, machines, and materials Fully revised and expanded, *When Technology Fails* ends on a positive, proactive note with a chapter on "Making the Shift to Sustainability," which offers practical suggestions for changing our world on personal, community and global levels. When

Technology Fails is a massive project done well. First the book gives a superb presentation of WHY one should be more aware and prepared--and then HOW one should go about this. The scope of this book... is thorough.—John McPherson, author, Primitive Wilderness Living and Survival Skills

**The Ultimate Suburban Survivalist Guide** Sean Brodrick, 2009-12-15 From an investment expert, a guide to preparing for and profiting during an emergency of any kind. Life is unpredictable. Economic and natural catastrophes can happen anytime and anywhere. The Ultimate Suburban Survivalist Guide: The Smartest Money Moves to Prepare for Any Crisis describes the simple things people can do today to prepare for anything and everything that life might throw at them tomorrow. It also offers comprehensive advice on how to profit during a market collapse, energy crisis, or natural disaster. This guide will: Explain how to invest in today's new, more turbulent financial landscape Reveal what can be used as money should the dollar lose its value Show how to cut home energy costs, and why it's prudent to stock up on supplies in preparation for natural disasters Panicking during a disaster won't solve anything. Be prepared for any number of potential economic calamities and natural disasters with The Ultimate Suburban Survivalist Guide.

Farm City Novella Carpenter, 2009 Chronicles the adventures of a woman who turned a vacant lot in downtown Oakland into a thriving urban farm, complete with chickens, turkey, bees, and pigs.

**The One-Block Feast** Margo True, Staff of Sunset Magazine, 2011-03-22 Based on the James Beard Award-winning blog The One-Block Diet, this all-in-one home gardening, do-it-yourself guide and cookbook shows you how to transform a backyard or garden into a self-sufficient locavore's paradise. When Margo True and her fellow staffers at Northern California-based Sunset magazine walked around the grounds of their Menlo Park office, they saw more than just a lawn and some gardens. Instead, they saw a fresh, bountiful food source, the makings for intrepid edible projects, and a series of seasonal feasts—all just waiting to happen. The One-Block Feast is the story of how True and her team took an inspired idea and transformed it into an ambitious commitment: to create four feasts over the course of a year, using only what could be grown or raised in their backyard-sized plot. She candidly shares the group's many successes and often humorous setbacks as they try their hands at chicken farming, cheese making, olive pressing, home brewing, bee keeping, winemaking, and more. Grouped into gardening, project, and recipe guides for each season, The One-Block Feast is a complete resource for planning an eco-friendly kitchen garden; making your own pantry staples for year-round cooking and gifts; raising bees, chickens, and even a cow; and creating made-from-scratch meals from ingredients you've grown yourself. Chapters are organized by season, each featuring a planting plan and crop-by-crop instructions, an account of how that season's projects played out for the Sunset team, and a multicourse dinner menu composed of imaginative, appealing, and ultra-resourceful vegetarian recipes, such as: Butternut Squash Gnocchi with Chard and Sage Brown Butter • Egg and Gouda Crepes • Whole Wheat Pizzas with Roasted Vegetables and Homemade Cheeses • Fresh Corn Soup with Zucchini Blossoms • Braised Winter

Greens with Preserved Lemons and Red Chile • Summer Lemongrass Custards • Honey Ice Cream Generously illustrated and easy to follow, this ultimate resource for today's urban homesteader will inspire you to take "eating local" to a whole new level.

Uprisings Sarah Simpson, Heather McLeod, 2013-10-14 This practical guide explores the food security and community sufficiency benefits of growing local grain—and shows you how easy it is to get started. If we want to reduce our environmental impact, build resiliency in our community, and improve food security, it's up to us to make it happen. Uprisings shows how communities across North America can take action by reviving local grain production. Environmental journalist Sarah Simpson profiles of ten unique community models demonstrating how local grain production is already making a difference. She then shares step-by-step instructions for small-scale grain production that will turn any community into a hotbed of revolution. Learn about: How locally grown wheat, barley, and other grains can impact a community How to start a community grain project from scratch How to plant, grow, harvest, thresh, winnow, and store your grain How to use whole and sprouted grains in your kitchen

Growing Self-Sufficiency Sally Nex, 2017-09-07 Everyday steps everyone can take to experience the satisfaction and fulfillment of providing for yourself. Growing Self-Sufficiency is a practical and inspirational guide for both the beginner and the experienced gardener. It explains how you can provide food for yourself and your family, whether you have just a small balcony or backyard, a large garden, or a homestead or smallholding. This brilliant guide shows you how to grow and enjoy fresh and tasty vegetables and fruit, as well as how to produce your own chicken, eggs and lamb, guaranteed free from harmful chemicals and additives. It also contains helpful tips on how to preserve your produce - from freezing and drying to making jams, chutneys and pickles. There are also recipes for making juices, cordials, cider, wine and liqueurs, and how to grow medicinal herbs and make your own herbal remedies Provide more food from your plot than you ever thought possible, and become more self-sufficient with this beautiful book.

**The Small-Scale Cheese Business** Gianacis Caldwell, 2014 Originally published in 2010 under the title The farmstead creamery advisor.
