Fernán Caballero

La Casona de los Siete Balcones Cris Martinez,2005 La Casona de los Siete Balcones es un conjunto de narraciones de la vida de la clase media en la Ciudad de México de 1910. A través de las conversaciones de Cristina Bejarano con su familia y amigos en situaciones cotidianas que se desenvuelven a lo largo de este año, conoceremos de las costumbres y cultura, así como de la situación política y social durante este período fascinante en la historia de México. El 20 de noviembre de 1910 irrumpe la Revolución en México y trastorna al país entero. Sus habitantes pobres y de la clase media, o sea la mayoría del país, rasgan las redes de la opresión y la indiferencia y se deciden a ejercer su libertad, aletargada durante la dictadura de Porfirio Díaz. Sólo dos meses antes, en septiembre, la capital se vio engalanada con flores y luces por las impresionantes fiestas de celebración del Centenario de la Independencia. Pero, mientras se avecinaba la tormenta, la vida de Cristina y su familia transcurría apaciblemente. Acostumbrada a un sistema político y social que no podía cambiar, la clase media adopta una actitud cínica e irresponsable ante la vida y suple con fiestas y música la falta de oportunidades en el gobierno y la economía del país. Atisbaremos por los balcones de la casona de Cristina y seremos invitados invisibles en sus tertulias y testigos mudos de los idilios e inquietudes que guarecen sus muros.

El ingreso a la escritura y a las culturas de lo escrito Emilia Ferreiro,2014-05-15 En este libro se presentan datos novedosos de más de quince investigaciones sobre los múltiples problemas que los niños pequeños resuelven para apropiarse de la escritura. Una escritura presente en libros y objetos diversos, en papel o en pantalla. La escritura, además, es un sistema con varias facetas: gráficas, ortográficas, lingüísticas, discursivas. En un mundo interconectado hay que pensar en

sistemas de escritura (en plural) así como en diversidad de lenguas y, en consecuencia, en modos culturalmente diversos de interactuar con lo escrito. Como en todos sus otros libros, Emilia Ferreiro se dirige a lectores críticos dispuestos a revisar su práctica, ya sean investigadores, docentes o formadores de docentes. Presenta datos que ayudan a pensar. Amplifica la voz de los niños, quienes siempre buscan dar sentido a las informaciones recibidas, dentro y fuera de la escuela. Sugiere modos de búsqueda de soluciones prácticas, sin prescribir.

Higinio El Soñador Carlos Esquivel, 2020-01-10 Me tomó casi ochenta años entrevistar a mis personajes entrañables; a veces abortaba su insistencia, cuando pedían qué yo los escuchara. Tocaban a mi puerta todas las mañanas para contarme el peregrinar de sus vidas; me conmovía y los escuchaba y, así, mientras ellos desahogaban sus cuitas, mis escritos crecían, luego, me interesé en conocer sus historias, empecé a hacer preguntas, y ellos me relataban sus desventuras “ que son muchas ” y, sus alegrías “que son pocas ”. Sus reuniones consuetudinarias desde niños las realizaban en las azoteas de las paupérrimas vecindades, dónde ellos viven, al platicar conmigo, utilizan un lenguaje coloquial subido de tono. Al inicio de la novela, están en los seis y siete años de edad. Basilio, Octavius e Higinio van creciendo y me describen sus parábolas. Percibí cuando la testosterona les empezaba a hacer justicia; me contaban explícitamente sus primeros esgarces físicos con chicas de su misma edad; también, me participaron de varios funerales irremediables, los ví llorar, reír y morir. Y, yo lloré con ellos. Higinio es el principal personaje de la novela; a él lo encontraba en la cafetería, en el autobús, en la iglesia y, en tantísimos sitios qué, a veces distraían mi propia vida. Higinio tiene la facultad de crear historias cuajadas de metáforas, y cuando las describe se conforma una audiencia irrepetible y, te motiva a desvelar que, son ficticias, autobiográficas e inexplicables. En el vecindario, vive una suerte de parafernalia de personajes excepcionales, intenté dejarlos en el tintero, sin embargo, les di asilo en bibliografía, luego soñé con ellos y, reí también hasta el cansancio. Basilio conforma una familia de nueve hermanos, y su familia se ve asediada por una pobreza irreductible. Octavius es huérfano de madre, cuando él nace, su mamá que responde al nombre de Laurita empieza a padecer un cáncer que dura más o menos: tres años, así que, su padre se aboca el papel de madre y padre al mismo tiempo. Higinio es hijo único, él asegura que, recuerda su estadía dentro de la matriz de su mamá, lo describe a la perfección y entonces subyuga a sus amigos. La novela alcanza el clímax cuándo Higinio, es perseguido por un anciano barbado, que podría ser un ángel, la muerte o, algún espíritu maligno y esto lo persuade a consultar hechiceros, magos, videntes y curadores de almas perdidas, y muy a su pesar, no logran apaciguar a los fantasmas de su cerebro... la novela se satura de momentos esotéricos y los momentos mágicos acarrearán una tormenta de metáforas inexplicables.

¿De qué color es el cielo? Jessica Vera Ruiz, 2018-12-14 A un mes del primer cumpleaños de Leo, el abuelo Angu muere. Leo lo conoce sólo por increíbles historias que le ha contado su familia. Pero, justo en su octavo cumpleaños, algo mágico sucede y en sueños empieza a tener grandes aventuras con su abuelo. Dulce e inocente, *¿De qué color es el cielo?* es una historia llena de fantasía, ilusión y unión más allá de la muerte. Nos muestra que los seres amados nunca se van, viven en los pequeños recuerdos y detalles que conservamos de ellos; nos demuestra que los podemos hacer vivir a través de nosotros.

Mundos árabes en Movimiento Camila Pastor de María y Campos, 2016-10-01 Mundos árabes en movimiento refleja el interés por entender el Medio Oriente contemporáneo desde una perspectiva interdisciplinaria y crítica que, retomando a Foucault, bien podría denominarse "historia del presente". En el caso del Medio Oriente, el presente está marcado por las experiencias fundacionales del encuentro colonial y la consecuente integración a un sistema global denominado por Europa occidental a lo largo de los últimos dos siglos.

Their ancestral background is highlighted with struggles along the way and with the gains in their American Dream. They helped create the American

Dream, with Romero generations serving in the United States military, making sacrifices to achieve excellence in education, continued with focus of the Dream with great determination, and always worked hard. At times she tells her story with bilingual terms identified as spoken in their life among each other, with English translations.
