Women have been the instruments of God in the past, and He still uses them today to accomplish His ministry to a lost and dying world. This book will examine the lives of many of the women found in Scripture, considering the special characteristics which caused them to be recorded in the Bible's sacred pages.

Bisexual Men Exist Vaneet Mehta,2023-01-19 SHORTLISTED FOR 2024 BISEXUAL NON-FICTION LAMMY AWARD

You're just being greedy. Are you sure you're not gay? Pick a side. Being a bisexual man isn't easy - something Vaneet Mehta knows all too well. After spending more than a decade figuring out his identity, Vaneet's coming out was met with

questioning, ridicule and erasure. This experience inspired Vaneet to create the viral #BisexualMenExist campaign, combatting the hate and scepticism m-spec (multi-gender attracted spectrum) men encounter, and helping others who felt similarly alone and trapped. This powerful book is an extension of that fight. Navigating a range of topics, including coming out, dating, relationships and health, Vaneet shares his own lived experience as well as personal stories from others in the community to help validate and uplift other bisexual men. Discussing the treatment of m-spec men in LGBTQ+ places, breaking down stereotypes and highlighting the importance of representation and education, this empowering book is a rallying call for m-spec men everywhere.

Gender Inequality David E. Newton, 2019-10-25 *Gender Inequality: A Reference Handbook* discusses the role women have played throughout human history and play in the modern day, including both advances that have been made in the fight for equality and problems remaining to be solved. *Gender Inequality: A Reference Handbook* is divided into two parts. Chapters One and Two provide a historical background to the topic and a review of current issues and problems. The remaining chapters aid readers in continuing their own research on the topic, through an extended annotated bibliography, chronology, glossary, noteworthy individuals and organizations in the field, and important data and documents. This book covers the topic of gender inequality from the earliest pages of human history to the present day. It differs from other works in the field primarily because of the variety of resources provided, such as further reading, perspective essays on the topic, a historical timeline, and useful terms in the field. It is intended for readers of high school through the community college level, along with adult readers who may be interested in the topic.

Women Are Angry Jennifer Cox, 2024-07-04 Our chronic ill health is evidence that history has not emancipated us. Women still cannot recognise or permit their own rage. Micro and macro injustices are woven through our personal narratives, and we wear their imprint on our bodies and minds. This book is an urgent call to arms to identify these feelings and channel them for good. Before they destroy us. What if you aren't depressed? What if you don't have chronic fatigue? What if you are just... angry? What if a lifetime of being told to repress anger, hide it away and fear it, has shown up in your body in a myriad of ways you can't control? As a woman, when was the last time you were allowed to be truly angry? Have you ever? The answer to this, argues Jennifer Cox, is never. Women are never allowed to really express their anger, and it is making us all mad. From toddlerdom when girls are conditioned to be 'good' and not make a fuss, to the sandwich years of midlife when the burden of myriad responsibilities is overwhelming, women's anger is hidden, repressed and toxic. This book will show you where it is hiding and how to let it out.

Women's Equality in America Nancy Hendricks, 2024-01-25 Written in vivid prose and with a keen eye for detail, *Women's Equality in America* is a valuable resource for understanding the issues and trends that dominate public discourse in discussions of women's rights and gender equality in America. Since its inception, the women's equality movement in

America has been criticized for moving too slowly, moving too quickly, being too demanding, or not being demanding enough. Some of its goals have aroused passionate opposition in those who believed women's equality contradicted not only basic human biology, but also the word of God. Meanwhile, Americans voice starkly different opinions about where women stand in their quest for equality in American workplaces, classrooms, boardrooms, and homes. *Women's Equality in America: Examining the Facts* presents sensibly organized and accurate summaries of the relevant facts concerning all of these claims and counterclaims. But while the volume is primarily concerned with providing an accurate picture of the state of women's equality in the 21st century, it also provides vital contextual coverage of major historical turning points and important historical figures, from leaders of the Seneca Falls women's rights convention in 1848 to the organizers of the #MeToo movement.

Pillars of Faith - Teacher's Manual PDF Dr. Brian J. Bailey, 2020-01-16 In his thought-provoking book *Pillars of Faith*, Dr. Bailey opens up our understanding of God's principles of faith. As we journey with him on the path to a more perfect way of faith, we are challenged afresh to enter into new realms of the Spirit where mountains are moved and faith becomes action!

Warms, 2024-10-02 *Anthropological Theory: An Introductory History* presents a selection of critical essays in anthropology from 1860 to the present day. Classic authors such as Marx, Durkheim, Boas, Malinowski and Douglas are joined by contemporary thinkers including Das, Ortner, Boellstorff and Simpson. The notes identify and provide background information on concepts important in the development of anthropology. New to the Eighth Edition: "Anthropology, Decolonization and Whiteness" puts the anthropology of resistance in historical context, explores the history of the anthropology of decolonization and whiteness, and presents some recent controversies in anthropology "Phenomenological Anthropology and The Anthropology of the Good" broadens the focus of the previous anthropology of the good section to provide a more diverse overview of philosophical anthropology. Revised introductions to every section in the book offer suggested readings for important works in each area beyond what's offered in the text New readings include works by Sherry Ortner, Michel-Rolf Trouillot, Jason Throop, Audra Simpson, and Orisanmi Burton

The Ones We Let Down Charlotte Duval-Lantoiné, 2022-05-15 In 2021, a sexual misconduct scandal struck the Canadian military, leading to a profound crisis in leadership. While some more recent allegations came to light before the #MeToo movement, these latest revelations have historical roots in the 1990s, an era known to service members as the "decade of darkness." Due to drastic budget cuts and allegations of serious crimes perpetrated by its members, the last decade of the

twentieth century was a tumultuous time for the Canadian Armed Forces. Amid this period, a human rights tribunal ordered the military to open its combat positions to women and reach full gender integration by 1999. Yet by 2021, women made up only 16.3 per cent of personnel; women and LGBTQ+ service members continue to face sexual harassment and abuse at all levels. In *The Ones We Let Down* Charlotte Duval-Lantoine looks at failed efforts to achieve gender parity during the 1990s. She reveals an organization unwilling and unable to change, and attitudes held by military leaders that fed a destructive dynamic and cost lives. As the military grapples with its failure to address cultural misconduct and change its culture, *The Ones We Let Down* reflects on whether the right lessons were learned from the decade of darkness.

Engineering Corri Zoli, Shobha Bhatia, Valerie Davidson, Kelly Rusch, 2022-06-01 In this book we explore a sea change occurring in leadership for academic women in the sciences and engineering. Our approach is a two-pronged one: On the one hand, we outline the nature of the changes and their sources, both in various literatures and from program research results. On the other hand, we specify and provide detail about the persistent problems and obstacles that remain as barriers to women's full participation in academic science and engineering, their career advancement and success, and, most important, their role as leaders in making change. At the heart of this book is our goal to give some shape to the research, practice, and programs developed by women academic leaders making institutional change in the sciences and engineering. Table of Contents: Women in a New Era of Academic Leadership / Background: Academic Leadership for Women in Science and Engineering / Gender and Leadership: Theories and Applications / Women in Engineering Leadership Institute: Critical Issues for Women Academic Engineers as Leaders / From Success Stories to Success Strategies: Leadership for Promoting Diversity in Academic Science and Engineering / Conclusion
