The Public Relations Handbook Alison Theaker,2004 In this updated edition of the successful handbook, a detailed introduction to the theories and practices of the public relations industry is given. Broad in scope, it traces the history and development of public relations, explores ethical issues which affect the industry, examines its relationships with politics, lobbying organisations and journalism, assesses its professionalism and regulation, and advises on training and entry into the profession. It includes: * interviews with press officers and PR agents about their working practices * case studies, examples, press releases and illustrations from a range of campaigns including Railtrack, Marks and Spencer, Guinness and the Metropolitan Police * specialist chapters on financial public relations, global PR, business ethics, on-line promotion and the challenges of new technology * over twenty illustrations from recent PR campaigns. In this revised and updated practical text, Alison Theaker successfully combines theoretical and organisational frameworks for studying public relations with examples of how the industry works in practice.

The Broadview Anthology of British Literature Volume 4: The Age of Romanticism - Second Edition Joseph Black,Leonard Conolly,Kate Flint,Isobel Grundy,Don LePan,Roy Liuzza,Jerome J. McGann,Anne Lake Prescott,Barry V. Qualls,Claire Waters,2010-07-23 In all six of its volumes *The Broadview Anthology of British Literature* presents British literature in a truly distinctive light. Fully grounded in sound literary and historical scholarship, the anthology takes a fresh approach to many canonical authors, and includes a wide selection of work by lesser-known writers. The anthology also provides wide-ranging coverage of the worldwide connections of British literature, and it pays attention throughout to issues of race, gender, class, and sexual orientation. It includes comprehensive introductions to each period, providing in each case an overview of the historical and cultural as well as the literary background. It features accessible and engaging headnotes for all authors,

extensive explanatory annotations, and an unparalleled number of illustrations and contextual materials. Innovative, authoritative and comprehensive, The Broadview Anthology of British Literature has established itself as a leader in the field. The full anthology comprises six bound volumes, together with an extensive website component; the latter has been edited, annotated, and designed according to the same high standards as the bound book component of the anthology, and is accessible by using the passcode obtained with the purchase of one or more of the bound volumes. The second edition of volume 4: The Age of Romanticism includes James Hogg, Matthew Gregory Lewis, and John Polidori as well as new selections by Mary Shelley, Sir Walter Scott, Maria Edgeworth, Anna Laetitia Barbauld, and Percy Shelley. The new edition also includes two new sections of contextual materials. New to the bound book is “The Natural, The Human, The Supernatural, and the Sublime”—a section that includes not only a good selection of material from writers such as Edmund Burke and artists such as J.M.W. Turner but also material that may be less well known on topics such as changing human attitudes towards non-animals. New to the website is a wide-ranging selection of contextual materials on the Industrial Revolution, entitled “Steam Power and the Machine Age”. Additional highlights of this volume include: Jane Austen’s *Lady Susan*, a lesser-known but wonderfully readable epistolary short novel; “A Hymn to Na’ra’yena” by Sir William Jones; and, in an exception to the anthology’s general policy of including works in their entirety, Mary Shelley is represented by the last two chapters of *The Last Man* and by a selection of letters.
