

Gangs In San Salvador

United States. Congress. House. Committee on the Judiciary. Subcommittee on Crime, Terrorism, and Homeland Security

Mano Dura Sonja Wolf, 2017-01-31 In 1992, at the end of a twelve-year civil war, El Salvador was poised for a transition to democracy. Yet, after longstanding dominance by a small oligarchy that continually used violence to repress popular resistance, El Salvador's democracy has proven to be a fragile one, as social ills (poverty chief among them) have given rise to neighborhoods where gang activity now thrives. *Mano Dura* examines the ways in which the ruling ARENA party used gang violence to solidify political power in the hands of the elite—culminating in draconian “iron fist” antigang policies that undermine human rights while ultimately doing little to address the roots of gang membership. Drawing on extensive ethnographic fieldwork and policy analysis, *Mano Dura* examines the activities of three nongovernmental organizations (NGOs) that have advocated for more nuanced policies to eradicate gangs and the societal issues that are both a cause and an effect of gang proliferation. While other studies of street gangs have focused on relatively distant countries such as Colombia, Argentina, and Jamaica, Sonja Wolf's research takes us to a country closer to the United States, where forced deportation has brought with it US gang culture. Charting the limited success of NGOs in influencing El Salvador's security policies, the book brings to light key contextual aspects—including myopic media coverage and the ironic populist support for ARENA, despite the party's protection of the elite at the expense of the greater society.

Street Gangs Throughout the World Herbert Covey, 2021-07-01 This new third edition provides an update on what is known about street gangs throughout the world and summarizes some of the major works on street gang phenomena. It focuses on those countries that have a greater presence in the literature. Chapter 1 introduces the reader to the topic of street gangs throughout the world. Chapter 2 identifies some of the challenges faced by scholars when studying gangs in different countries. Chapter 3 reviews some of the basic research on street gangs in the United States and Canada. Chapter 4 covers what is known about street gangs in Europe and Russia. Chapter 5 reviews the literature on street gangs in one of the hottest areas of the world for gangs, Central America. In addition, this chapter examines South American and Caribbean gangs. Street gangs in Brazil, El Salvador, Guatemala, Jamaica, Brazil, Mexico, Nicaragua, Trinidad, and other countries are covered. The presence of street gangs and gang violence in these and other countries has been identified as a major factor in

the mass migration of refugees to the United States. Chapter 6 reports on the street gangs of Africa. Research on gangs in South Africa goes back decades and the country has a unique history on how gangs evolved. Other countries, such as Egypt, Nigeria, and Kenya are developing a body of literature that highlights the distinctive nature of gangs and gang members in these countries. Chapter 7 addresses street gangs in Asia, including China, India, Hong Kong (post-reunification), Japan, and other countries. This chapter provides rare glimpses of gangs in China, a relatively secretive country. Although different in many ways from gangs in Asia, information is also included here about gangs in Australia and New Zealand. Practitioners in the criminal justice and juvenile justice fields will find this book to be a valuable resource.

Gangs in Central America Clare Ribando Seelke, 2010-05 Contents: (1) Background on Violent Crime; (2) Scope of the Gang Problem: Defining Gangs; Transnational Gangs; Factors Exacerbating the Gang Problem; Poverty and a Lack of Educ. and Employ. Opport.; Societal Stigmas; Role of the Media; Anti-Gang Law Enforce. Efforts; Prisons in Need of Reform; U.S. Deportations; (3) Country Anti-Gang Efforts: Mano Dura (Heavy-Handed) Anti-Gang Policies; Effects of Mano Dura Policies?; Alternative Approaches; Prospects for Country Prevention and Rehab. Efforts; Regional and Multilateral Efforts; OAS; Multilateral Develop. Banks and Donor Agencies; (4) U.S. Policy: Congressional Interest; U.S. Internat. Anti-Gang Efforts; State Dept.; Justice Dept.; USAID; Policy Approaches and Concerns.

Global Gangs Jennifer M. Hazen, Dennis Rodgers, 2014-08-01 Gangs, often associated with brutality and senseless destructive violence, have not always been viewed as inherently antagonistic. The first studies of gangs depicted them as alternative sources of order in urban slums where the state's authority was lacking, and they have subsequently been shown to be important elements in some youth life cycles. Despite their proliferation there is little consensus regarding what constitutes a gang. Used to denote phenomena ranging from organized crime syndicates to groups of youths who gather spontaneously on street corners, even the term "gang" is ambiguous. Global Gangs offers a greater understanding of gangs through essays that investigate gangs spanning across nations, from Brazil to Indonesia, China to Kenya, and from El Salvador to Russia. Volume editors Jennifer M. Hazen and Dennis Rodgers bring together contributors who examine gangs from a comparative perspective, discussing such topics as the role the apartheid regime in South Africa played in the emergence of gangs, the politics behind child vigilante squads in India, the relationship between immigration and gangs in France and the United States, and the complex stigmatization of youths in Mexico caused by the arbitrary deployment of the word "gang." Featuring an afterword by renowned U.S. gang researcher Sudhir Venkatesh, this volume provides a comprehensive look into the experience of gangs across the world and in doing so challenges conventional notions of identity. Contributors: Enrique Desmond Arias, George Mason U; José Miguel Cruz, Florida International U; Steffen Jensen, DIGNITY-Danish Institute Against Torture; Gareth A. Jones, London School of Economics and Political Science; Marwan Mohammed, École Normale Supérieure, Paris; Jacob Rasmussen, Roskilde U; Loren Ryter, U of Michigan; Rustem R. Safin,

National Research Technological U, Russia; Alexander L. Salagaev, National Research Technological U, Russia; Atreyee Sen, U of Manchester; Mats Utas, Nordic Africa Institute; Sudhir Venkatesh, Columbia U; James Diego Vigil, U of California, Irvine; Lening Zhang, Saint Francis U.

Addressing Gangs United States. Congress. House. Committee on the Judiciary. Subcommittee on Crime, Terrorism, and Homeland Security, 2009

Gangs and Crime in Latin America ,

The Spatiality of Violence in Post-war Cities Emma Elfversson, Ivan Gusic, Kristine Höglund, 2020-05-21 The Spatiality of Violence in Post-war Cities analyses violence in post-war cities from different perspectives and in different parts of the world, with a shared attention to space and how it affects violent dynamics. The world is urbanising rapidly and cities are increasingly held as the most important arenas for sustainable development. Cities emerging from war are no exception, but across the globe, many post-war cities are ravaged by residual or renewed violence, which threatens progress towards peace and stability. This volume addresses why such violence happens, where and how it manifests, and how it can be prevented. It includes contributions that are informed by both post-war logics and urban particularities, that take intra-city dynamics into account, and that adopt a spatial analysis of the city. They focus on cases around the world, including Medellín (Colombia), Johannesburg (South Africa) and Mitrovica (Kosovo). The volume makes a threefold contribution to the research agenda on violence in post-war cities. First, the contributions nuance our understanding of the causes and forms of the uneven spatial distribution of violence, insecurities, and trauma within and across post-war cities. Second, the collection demonstrates how urban planning and the built environment shape and generate different forms of violence in post-war cities. Third, the contributions explore the challenges, opportunities, and potential unintended consequences of conflict resolution in violent urban settings. Providing novel insights into the causes and dynamics of violence in post-war cities, and challenges and opportunities for violence reduction, The Spatiality of Violence in Post-war Cities will be of great interest to scholars of peace, violence, conflict and its resolution, urban studies, built environment and planning. The chapters were originally published as a special issue of Third World Thematics.

The Salvadoran Americans Carlos B. Cordova, 2005-09-30 Salvadorans and other Central Americans have a strong presence in the United States because of the recent civil wars, natural disasters, and resulting economic downturns in the region. Most fled the right-wing death squads that were funded by the Reagan and first Bush Administrations and that targeted civilian populations in the 1980s and 1990s. The war in El Salvador left more than 80,000 people dead and more than 9,000 disappeared. In *The Salvadoran Americans*, readers will understand the fuller context of Salvadoran and Central American immigration to the United States and how these new Americans are adjusting to and contributing to U.S. society. The land of El Salvador and its demography, language, history, including the war and Peace Accords, culture, and religion

are briefly surveyed to begin. A major section then covers the immigration laws and status of the refugees once they arrived. The reasons for emigration and waves of migrations of Central Americans since the 1870s are explained further. Recent demographics offer concrete numbers to better analyze the new populations. Other chapters cover adjustment and integration issues, emphasizing family and community influences. Employment, political, health, and youth issues, including gang participation, are discussed. The contributions to U.S. society and culture, including participation in the labor force, food, and artistic output, as well as profiles of noted Salvadorans in the United States, round out the narrative.

Studies in Gangs and Cartels Robert J. Bunker, John P. Sullivan, 2017-07-05 Concerns over the changing nature of gangs and cartels and their relationships to states in the late 20th and early 21st centuries has resulted in the emergence of a scholarly body of work focused on their national security threat potentials. This body of work, utilizing the third generation gangs and third phase cartel typologies, represents an alternative to traditional gang and organized crime research and one that is increasingly influencing the US defense community. Rather than being viewed only as misguided youth and opportunistic criminals or, in their mature forms, as criminal organizations with no broader social or political agendas, more evolved gangs and cartels, are instead seen as developing political, mercenary, and state-challenging capacities. This evolutionary process has emerged due to the growing illicit economy and other unintended consequences of globalization. This important anthology of writings by Robert J. Bunker and John P. Sullivan draws upon a collection of their works from the mid-1990s to the present with the addition of new essays written specifically for this publication. The work will be of great interest to academics and students in the fields of political science and criminal justice and to military, law enforcement, and governmental professionals and policy makers. This book is a collection of new and previously published works from a variety of publications, a full list of which is on the Citation Information page.

Gangs in the Era of Internet and Social Media Chris Melde, Frank Weerman, 2020-08-13 The ubiquity of the internet and social media has influenced the lives of people across the globe, including young people involved in street gangs and troublesome youth groups. This development raises important questions about the causes, features, and consequences of online gang behavior, as well as the consequences of this new phenomenon for gang prevention and intervention. In this edited volume, members of an international network of gang researchers, the Eurogang Program of Research, present findings and insights from recent academic gang studies focused on the use of internet and social media. It focuses on online features of gangs and the consequences of social media for the study of these groups. The second section of the book focuses on the meaning of online media for the prevention, monitoring and intervention of gangs, and for gang disengagement processes. This is the first volume focused on the role of internet and social media in the study of gangs. Providing much needed insights into online gang processes, it will appeal to students and researchers interested in gangs and juvenile delinquency, and to professionals, practitioners, and policy-makers working on preventing or reducing gang involvement and

delinquent behavior.

Gang Strategies in the Northern Triangle Adam Golob, 2022-08-22 *Gang Strategies in the Northern Triangle: Coerced Criminality as a Form of Human Trafficking* argues for a more robust understanding of the issues, dynamics, and contextual factors of human trafficking. Relying on the definition as established by the Palermo Protocol more than two decades ago, this book takes a hard look at the strategies and results of gang “recruitment” in the Northern Triangle countries as a particular and understudied form of human trafficking—gang trafficking. It offers a lens through which to evaluate the actions of gangs, specifically MS13 and Barrio 18, as they use methods of coercion to force the compliance of youths as de facto gang slaves. By elaborating on this dynamic, and on the risks associated with anti-gang policies and harsh law enforcement practices, *Gang Strategies in the Northern Triangle* unravels the underlying victimization, exploitation, and criminalization of youths in Honduras, Guatemala, and El Salvador. The book maintains that the crimes of gang violence and the crimes of human trafficking intertwine and intersect to perpetuate an environment of trauma, exploitation, and hopelessness that leaves thousands with no options, as refugees, conscripted into gangs, incarcerated for crimes they were forced to commit, or dead.

Britannica Book of the Year 2008 Encyclopaedia Britannica, Inc., 2008-05-01 This yearbook presents information on the dates, people, events, and world affairs of 2007. The section entitled Britannica World Data, updated annually, presents geographic, demographic, and economic details.

Democracy and Security in Latin America Gabriel Marcella, Orlando J. Pérez, Brian Fonseca, 2021-11-04 The COVID-19 pandemic has highlighted the need for governments to generate the necessary capacity to address important security and institutional challenges; this volume deepens our understanding of the nature and extent of state governance in Latin America. State capacity is multidimensional, with all elements interacting to produce stable governance and security. As such, a collection of scholars and practitioners use an explicit interdisciplinary approach, drawing on the contributions of history, political science, economics, public policy, military studies, and other fields to gain a rounded understanding of the link between security and democracy. *Democracy and Security in Latin America* is divided in two sections: Part 1 focuses on the challenges to governance and key institutions such as police, courts, armed forces, and the prison system. Part 2 features country case studies that illustrate particularly important security challenges and various means by which the state has confronted them. *Democracy and Security in Latin America* should appeal not only to those seeking to learn more about the capacity of the democratic state in Latin America to effectively provide public security in times of stress, but to all those curious about the reality that a democracy must have security to function.

The Obama Doctrine in the Americas Hanna Samir Kassab, Jonathan D. Rosen, 2016-02-04 This volume examines the foreign policy transition from George W. Bush to Barack H. Obama in relation to the countries of the Americas. In this work,

contributors consider the major defining features of their respective policies in dealing with security-related issues. Specifically, they examine whether major differences or continuities truly exist between the foreign policies of Bush and Obama, especially given the perception of American decline. The volume highlights Obama's foreign policy in the Americas, focusing on issue areas that threaten international security, such as drug trafficking, organized crime, and terrorism. This work provides both theoretical and policy insights for academics and policy analysts interested in foreign affairs.

Introduction to Global Social Problems Isaac Zvi Christiansen, 2025-09-08 *Introduction to Global Social Problems* introduces undergraduate students to national and international social problems from a critical sociological perspective. Isaac Zvi Christiansen presents clear descriptions of each social problem, explains key concepts, and provides students with the relevant theoretical tools needed to grasp the interconnected nature of these phenomena. This volume covers significant and interconnected issues. The book begins with an explanation of how corporate interests distort the depiction of social problems. Chapters 2 and 3 provide empirical explorations of poverty and inequality on national and global scales, together with clear and accessible expositions of relevant sociological theories. Chapter 4 examines health and educational inequalities exacerbated by the economic inequalities discussed in Chapters 2 and 3. Chapter 5 introduces students to issues of racial inequalities in the United States and abroad, while Chapter 6 takes a comparative approach to examining crime and criminal justice. Chapter 7 examines modern-day imperialism and war, with special attention given to the military industrial complex, and a brief review of US interventions around the world in the twentieth and twenty-first centuries. Chapter 8 examines politics and human rights, including a critical, historical, and sociological analysis of Israeli settler-colonialism and successive US/Israeli assaults on Gaza. The book closes with an examination of population and the environment, with special attention given to climate change, and the pressing contradictions between capitalism and the environment. This textbook will be a vital resource for introductory students across the social sciences, especially in sociology, political science, and global studies. It provides critical wraparound coverage of the momentous, embedded social problems that interconnect across social, national, and regional boundaries.

Violence and Resilience in Latin American Cities Kees Koonings, Dirk Kruijt, 2015-11-15 Why are Latin American cities amongst the most violent in the world? Over the past decades Latin America has not only become the most urbanised of the regions of the so-called global South, it has also been the scene of the urbanisation of poverty and exclusion. Overall regional homicides rates are the highest in the world, a fact closely related to the spread and use of firearms by male youths, who are frequently involved in local and translocal forms of organised crime. In response, governments and law enforcements agencies have been facing mounting pressure to address violence through repressive strategies, which in turn has led to a number of consequences: law enforcement is often based on excessive violence and the victimisation of entire marginal populations. Thus, the dynamics of violence have generated a widespread perception of insecurity and fear. Featuring much

original fieldwork across a broad array of case studies, this cutting edge volume focuses on questions not only of crime, insecurity and violence but also of Latin American cities' ability to respond to these problems in creative and productive ways.

Gangs and Crime in Latin America United States. Congress. House. Committee on International Relations. Subcommittee on the Western Hemisphere, 2006

Media, Central American Refugees, and the U.S. Border Crisis Robin Andersen, Adrian Bergmann, 2019-06-13 This book identifies the history, conventions, and uses of security discourses, and argues that such language and media frames distort information and mislead the public, misidentify the focus of concern, and omit narratives able to recognize the causes and solutions to humanitarian crises. What has been identified as a crisis at the border is better understood as an on-going crisis of violence, building over decades, that has forced migrants from their homes in the countries of the Northern Triangle. Authors Robin Andersen and Adrian Bergmann look back to U.S. military policies in the region and connect this legacy to the cross-border development of transnational gangs, government corruption, and on-going violence that often targets environmental and legal defenders. They argue that the discourses of demonization and securitization only help perpetuate brutality in both Central America and the United States, especially in the desert borderlands of the southwest. They offer ways in which stories of migrants can be reframed within the language of justice, empathy, and humanitarianism. A compelling examination of language, media, and politics, this book is both highly contemporary and widely applicable, perfect for students and scholars of global media, political communications, and their many intersections.

The Handbook of Gangs Scott H. Decker, David C. Pyrooz, 2015-07-21 Pulling together the most salient, current issues in the field today, *The Handbook of Gangs* provides a significant assessment by leading scholars of key topics related to gangs, gang members, and responses to gangs. • Chapters cover a wide array of the most prominent issues in the field of gangs, written by scholars who have been leaders in developing new ways of thinking about the topics • Delivers cutting-edge reviews of the current state of research and practice and addresses where the field has been, where it is today and where it should go in the future • Includes extensive coverage of the individual theories of delinquency and provides special emphasis on policy and prevention program implications in the study of gangs • Offers a broad understanding of how other countries deal with gangs and their response to gangs, including Great Britain, Latin America, Australia and Europe • Chapters covering the legacies of four pioneers in gang research—Malcolm W. Klein, Walter B. Miller, James F. Short Jr., and Irving A. Spengel

Gangs and Spirituality Ross Deuchar, 2018-05-17 This book examines the role of religion and spirituality in desistance from crime and disengagement from gangs. Drawing upon in-depth interviews with male gang members and offenders as well as insights gathered from pastors, chaplains, coaches and personal mentors, the testimonials span three continents,

focusing on the USA, Scotland, Denmark and Hong Kong. This volume offers unique empirical findings about the role that religion and spirituality can play in enabling some male gang members and offenders to transition into a new social sphere characterised by the presence of substitute forms of brotherhood and trust, and alternative forms of masculine status. The author presents critical insights into the potential relationship between religious and spiritual participation and the emergence of coping strategies to deal with the 'stigmata' that gang masculinity leaves behind. With its wide-ranging and multi-perspective approach, this book will be essential reading for students and scholars of gang culture, masculinity and spirituality, as well as policy makers and practitioners.

Right here, we have countless book **Gangs In San Salvador** and collections to check out. We additionally have enough money variant types and next type of the books to browse. Gangs In San Salvador Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student,

professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Gangs In San Salvador PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the

information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the

learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Gangs In San Salvador PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the

availability of Gangs In San Salvador free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Gangs In San Salvador Books

What is a Gangs In San Salvador PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Gangs In San Salvador**

PDF? There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Gangs In San Salvador PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Gangs In San Salvador PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I**

password-protect a Gangs In San Salvador PDF? Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have

restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
