**Developing Effective Training Skills** Tony Pont,2003 A group of people are looking at you. They are waiting to start learning. If you are dull you will bore them. If you go into too much detail you will lose them. If you don't know your stuff you will lose their respect in seconds. What are you going to do? As a trainer you simply can't afford to be less than brilliant. The effectiveness of your training skills is what sets you apart from other trainers. Tony Pont provides practical guidance and advice on all aspects of designing and delivering group training: everything from where to position the projector, through understating how people learn and how groups interact, to evaluating and improving your delivery. *Developing Effective Training Skills* is the complete guide to delivering training that will make people better.

**Learning Styles in Education and Training** Eugene Sadler-Smith,Carol Evans,2006 The application of learning styles

theory and research continues to hold great promise for practitioners in both education and training as a potentially powerful mechanism for enabling pupils, students and trainees to better manage their own learning throughout their educational and working lives. The selection of papers from the 10th annual European Learning Styles Information Network conference (held in July 2005 at the School of Management, University of Surrey) presented here raise a number of pertinent issues which are significant in the on-going debate regarding the value of cognitive a.

**Workplace Learning & Development** Jackie Clifford, Sara Thorpe, 2007 Learning and development is essential to organizational success. Training courses were traditionally used as the key method of teaching, but the focus is increasingly shifting to individuals and managers adopting a more flexible approach to learning. Organizations want to ensure that their employees are not just learning new skills, but are using their existing skills to maximum effect. Workplace Learning and Development guides managers and employees through the concept of workplace learning. It identifies the variety of flexible learning strategies and methods, explains how to select the right method for a specific situation, and illustrates how these methods can add value to overall performance. Real-life examples of workplace learning give readers insight into how the process works and how they can use these tools for their specific needs.

**Education, Training, and Development in Organisation** Karen Jerling, 1996

**Teaching Young Adults** Trevor Dawn, Joe Harkin, Gill Turner, 2013-07-04 Further and Higher Education in the UK has expanded greatly in recent years, bringing into education large numbers of young people who present teachers with new challenges. At the same time, there is an immense pressure to improve the quality of learning and teaching, and to encourage students to be active participants in the process. This book is aimed at teachers, aspiring teachers and other professionals in upper secondary schools, further education colleges and universities who wish to increase learner motivation and to create opportunities for greater learner autonomy. It will: \* relate learning theory to practice \* provide practical help for teachers to understand how they tend to interact with students \* suggest how they may build a repertoire of teaching styles that foster sharing of responsibility with learners for more effective learning.

*Training International Managers* Alan Melkman, John Trotman, 2005 Management training can be a challenge at the best of times. Alan Melkman and John Trotman have combined a variety of cultural and learning models with anecdotes and examples from thirty years experience of working with organizations and cultures in every continent. There is advice on cross-cultural issues; learning design, delivery and evaluation as well as the practical issues around the economics and administration of training international managers. The models, ideas, tools and techniques provided will reassure you that geographical distance, culture and even language need not derail your best efforts as a trainer.

**Experiential Learning** John P. Wilson, Colin Beard, 2013-08-03 Experiential Learning enables educators, trainers, coaches and facilitators to unleash some of the more potent ingredients of learning through experience. It presents a simple model: the Learning Combination Lock, which illustrates the wide range of factors that can be altered to enhance the learning experience. The theory is brought to life with hundreds of examples from around the world and covers issues such as: experience and intelligence; facilitation, good practice and ethics; learning environments; experiential learning activities; and working with the senses and emotions. Experiential Learning offers the skills that can be successfully applied to a variety of settings including management education, corporate training, team-building, youth-development work, counselling and therapy, schools and higher education and special needs training. This fully updated third edition includes guidance for

coaches, cutting edge new material on sensory intelligence and updated models, tools and case studies throughout. Online supporting resources include 'Introduction to Sensory Intelligence' audio files.
