Never Saw Me Coming Tanya Smith, 2024-08-13 Named Amazon Editor's Pick and one of the Best Books of the Month for August 2024. A riveting true story of an unsuspecting woman who creates an ingeniously clever white-collar scheme that manipulates the Federal banking system out of millions—who eventually loses everything that is most important to her. In *Never Saw Me Coming*, Tanya Smith shares her deeply personal and remarkable story of how she went from a precocious young girl to a money-grabbing, computer-savvy wiz. It starts out as a keen interest in technology and innocently acquiring phone numbers to Michael Jackson, as well as other celebrities, and moves to her successfully stealing and depositing \$5,000 into her grandmother's banking account. By the time she is 18, the risk taker has confiscated millions in cash. The FBI is hot on her tail and hauls her in for an interview, demanding Smith let them know who she's working for, "as these are not the kind of crimes Black people are smart enough to commit." Their words, indicating that intelligence was determined by race, severely offended Smith. Up for the challenge, she proves the FBI wrong and over time steals \$40 million dollars, while securing diamonds, gold bars, and other commodities. Her lifestyle attracts the wrong kind of people, even those who set out to kill her. Law enforcement persisted, ultimately dubbing Smith one of the single biggest threats to the entire United States banking system. She receives an outrageous prison sentence—the longest for a white-collar offense—and is eventually released by mounting her own brilliant defense. Complete with unexpected twists and turns, *Never Saw Me Coming* is a gripping caper that reminds never to underestimate a woman.

Never Saw Me Coming Vera Kurian, 2021-09-07 Edgar Award Nominee for Best First Novel Named a New York Times Best Thriller of 2021 I devoured this riveting book through a day of travel...My desire to rush to the end clashed with my desire to savor every word. Who would be the last psychopath standing?" — New York Times Book Review Fresh, fast-paced and fiendishly clever! If you love watching true crime and wonder about the psychopaths among us, this is the book for you! — Lisa Gardner, #1 New York Times bestselling author You should never trust a psychopath. But what if you had no choice? It would be easy to underestimate Chloe Sevre... She's a freshman honor student, a legging-wearing hot girl next door, who also happens to be a psychopath. She spends her time on yogalates, frat parties and plotting to kill Will Bachman, a childhood friend who grievously wronged her. Chloe is one of seven students at her DC-based college who are part of an unusual clinical study of psychopaths—students like herself who lack empathy and can't comprehend emotions like fear or

guilt. The study, led by a renowned psychologist, requires them to wear smart watches that track their moods and movements. When one of the students in the study is found murdered in the psychology building, a dangerous game of cat and mouse begins, and Chloe goes from hunter to prey. As she races to identify the killer and put her own plan for revenge into action, she'll be forced to decide if she can trust any of her fellow psychopaths—and everybody knows you should never trust a psychopath. Don't miss Vera Kurian's chilling upcoming novel, *A Step Past Darkness*, where a group of six teenagers witness something tragic in an abandoned mine, which comes back to haunt them 20 years later.
