The Americas Kimberly J. Morse, 2022-08-23 This two-volume encyclopedia profiles the contemporary culture and society of every country in the Americas, from Canada and the United States to the islands of the Caribbean and the many countries of Latin America. From delicacies to dances, this encyclopedia introduces readers to cultures and customs of all of the countries of the Americas, explaining what makes each country unique while also demonstrating what ties the cultures and peoples together. The Americas profiles the 40 nations and territories that make up North America, Central America, the Caribbean, and South America, including British, U.S., Dutch, and French territories. Each country profile takes an in-depth look at such contemporary topics as religion, lifestyle and leisure, cuisine, gender roles, dress, festivals, music, visual arts, and architecture, among many others, while also providing contextual information on history, politics, and economics. Readers will be able to draw cross-cultural comparisons, such as between gender roles in Mexico and those in Brazil. Coverage on every country in the region provides readers with a useful compendium of cultural information, ideal for anyone interested in geography, social studies, global studies, and anthropology.

The Argentine Folklore Movement Oscar Chamosa, 2022-05-10 Oscar Chamosa brings forth the compelling story of an important but often overlooked component of the formation of popular nationalism in Latin America: the development of the Argentine folklore movement in the first part of the twentieth century. This movement involved academicians studying the culture of small farmers and herders of mixed indigenous and Spanish descent in the distant valleys of the Argentine northwest, as well as artists and musicians who took on the role of reinterpreting these local cultures for urban audiences of mostly European descent. Oscar Chamosa combines intellectual history with ethnographic and sociocultural analysis to reconstruct the process by which mestizo culture—in Argentina called criollo culture—came to occupy the center of national folklore in a country that portrayed itself as the only white nation in South America. The author finds that the conservative plantation owners—the “sugar elites”—who exploited the criollo peasants sponsored the folklore movement that romanticized them as the archetypes of nationhood. Ironically, many of the composers and folk singers who participated in the landowner-sponsored movement adhered to revolutionary and reformist ideologies and denounced the exploitation to which those criollo peasants were subjected. Chamosa argues that, rather than debilitating the movement, these opposing and contradictory

ideologies permitted its triumph and explain, in part, the enduring romanticizing of rural life and criollo culture, essential components of Argentine nationalism. The book not only reveals the political motivations of culture in Argentina and Latin America but also has implications for understanding the articulation of local culture with national politics and entertainment markets that characterizes contemporary cultural processes worldwide today.

Tango Lessons Marilyn G. Miller, 2014-02-07 *Tango Lessons* is an interdisciplinary collection of essays examining the many varied perspectives that tango provides on Argentina's social, cultural, and intellectual history from the late nineteenth century to the early twenty-first.

Nineteenth-Century Spanish America Christopher Conway, 2015-07-14 *Nineteenth-Century Spanish America: A Cultural History* provides a panoramic and accessible introduction to the era in which Latin America took its first steps into the Modern Age. Including colorful characters like circus clowns, prostitutes, bullfighters, street puppeteers, and bestselling authors, this book maps vivid and often surprising combinations of the new and the old, the high and the low, and the political and the cultural. Christopher Conway shows that beneath the diversity of the New World there was a deeper structure of shared patterns of cultural creation and meaning. Whether it be the ways that people of refinement from different countries used the same rules of etiquette, or how commoners shared their stories through the same types of songs, Conway creates a multidisciplinary framework for understanding the culture of an entire hemisphere. The book opens with key themes that will help students and scholars understand the century, such as the civilization and barbarism binary, urbanism, the divide between conservatives and liberals, and transculturation. In the chapters that follow, Conway weaves transnational trends together with brief case studies and compelling snapshots that help us understand the period. How much did books and photographs cost in the nineteenth century? What was the dominant style in painting? What kinds of ballroom dancing were popular? Richly illustrated with striking photographs and lithographs, this is a book that invites the reader to rediscover a past age that is not quite past, still resonating into the present.

Women and Print Culture in Post-independence Buenos Aires Iona Macintyre, 2010 The woman question was a subject of discussion in post-independence Buenos Aires, reflected in the press and in the book world where writers contemplated the nature, role and status of women, linking the subjects to topics such as political transition, reform, modernisation, regional conflict and patriotic culture. This examination of a varied body of works dating from the 1820s, consisting of pamphlets, a history book, conduct literature and periodical literature, demonstrates the impact on these discussions of transatlantic print

networks such as the book trade, and translations from Britain, France, and Spain.

La comida criolla Margarita Elichondo, 1997 Se ha publicado ya varios libros sobre la comida tradicional argentina, pero ninguno se ha detenido tanto como este en su sustrato histórico-cultural, pues el propósito de la autora es darnos un panorama de como se fue desarrollando la misma desde sus orígenes. Para ello realizó una minuciosa investigación en las obras de cronistas, viajeros, estudiosos del folklore, escritores y poetas, buscando toda referencia a comidas, postres y bebidas que se consumieron en el país a través del tiempo. Una ordenada concatenación de citas nos va dando cuenta de la alimentación de los indígenas, de los primeros criollos y sus sucesores, para terminar con los aportes de la inmigración. Bien señala la autora que nos puede hablar de la comida tradicional argentina como si fuera una sola, pues más bien se trata de una suma de cocinas regionales interrelacionadas. De ahí que divida el libro en cinco partes, dedicadas cada una a un ámbito diferente: Noroeste, Central-cuyano, Nordeste, Pampeano y Patagonico. La cocina tradicional procede siempre de los productos regionales, pero la imaginación juega en ella un papel destacado, convirtiéndola en un arte que tiene bastante que ver con los rituales de la cultura. Recuperar por eso la comida tradicional es una forma de poner coto al proceso de deculturación que se opera también en este campo, por medio de la cultura de masas y el fast food. Para no quedarse en la mera teoría, esta obra propone una serie de recetas de comidas, postres y bebidas que le permite cumplir también la función de libro de cocina.

The Gaucho Genre Josefina Ludmer, 2002-07-08 Explores the early genre in which the voice of the cowboy of the pampas was used in tales and poetry of various Latin American authors, which shows the relationship of literature to the state.

Ficciones de pueblo Juan Ignacio Pisano, 2022-12-27 La poesía gauchesca se vincula estrechamente con la cultura nacional. En efecto, en las primeras décadas del siglo XX, Martín Fierro se convierte en el poema épico nacional; es decir, el poema que representa al pueblo de la nación argentina y que todo habitante del país lee en la escuela. *Ficciones de pueblo* propone que el vínculo entre gauchesca y pueblo debe rastrearse ya desde el período colonial en los textos del género, es decir, incluso antes de que la Argentina fuera imaginable como nación. Allí, en ese rasgo, reside una política de la gauchesca: desde sus orígenes, esta literatura constituyó una máquina ficcional que postuló lugares para la plebe en la disputa política y cultural en torno al significante "pueblo". Este libro es algo más que un estudio sobre la gauchesca. Es, también, un ensayo sobre los orígenes del vínculo entre una cultura nacional y los sectores populares.

La Argentina (Edición Corregida y Actualizada) María Sáenz Quesada, 2012-04-01 María Sáenz Quesada sintetiza el recorrido histórico y cronológico que va desde la fundación de la sociedad colonial hasta la actualidad. Son 74 capítulos pensados para ser leídos en forma independiente, que incluyen los hechos políticos sobresalientes, pero también referencias a la vida privada, rasgos biográficos de los protagonistas, el clima de ideas y la sensibilidad de cada época, además de ejemplos para que el pasado se humanice y se vuelva más cercano y comprensible. Este singular relato historiográfico abarca la construcción de la República del siglo XIX, la gran inmigración y la prosperidad económica, la inestabilidad política en el siglo XX y la crisis de comienzos del milenio, la debacle del 2001 y el período de recuperación iniciado con las presidencias de Néstor Kirchner y Cristina Fernández. Serio y entretenido a la vez, este libro se constituye en una obra indispensable para el conocimiento y el estudio de la historia argentina, y resulta un excelente auxiliar en la indagación de la identidad.

Los siete locos ; Los lanzallamas Roberto Arlt, Gerardo Mario Goloboff, 2000 Considerado como uno de los autores más determinantes de la literatura argentina, Roberto Arlt escribió dos novelas que cambiaron la literatura latinoamericana Para siempre: *Los siete locos* y *Los lanzallamas*. Así lo demuestra la presente edición crítica de Archivos.

Imagen personal Rosario Jijena-Sánchez, 2021-09-07 En este nuevo libro, Rosario Jijena Sánchez, se propone un repaso completo de cada una de las cuestiones que involucran a la imagen. Parte de la imagen de uno mismo, de lo físico a lo histórico, pasando por la relación con la conducta, los valores, la psique e incluso los sentimientos. Para luego detallar la relación imagen-comunicación, la imagen personal, profesional, política y empresarial. Sin dejar de tener en cuenta: los recursos humanos, la educación, la imagen corporativa, los canales precisos para llegar a las sociedades, la prensa, la gráfica, la búsqueda de la representación y valoración como objetivo final, el tiempo y la inversión monetaria necesarias y requeridas para lograr las estrategias que permitan formar una opinión positiva, es decir, una imagen ideal. La imagen asociada, entonces, a todos los ámbitos de la vida es el vehículo, crea un valor y representa en la sociedad un bien que trae consigo resultados concretos, que van desde el éxito económico-social hasta el personal. Encontraremos en este libro una guía práctica de todos los detalles a tener en cuenta, porque no debemos olvidar que lo más importante es siempre la primera impresión, nuestra primera imagen de las cosas y de las personas, por lo tanto, su cuidado y dedicación es fundamental.

El viento de las circunstancias materiales Guillermo Gasió, 2011 El historiador Guillermo Gasió ofrece una vasta recopilación de fuentes en torno al año 1926, memorable para la literatura argentina. Los materiales proceden de textos y publicaciones raramente consultados y, por ende, citados de un modo escaso, teniendo como objetivo presentar un panorama de conjunto que permita apreciar el nivel alcanzado por la cultura argentina. Esta suerte de antología exhibe a personajes consagrados, famosos, influyentes, nuevos y muchos olvidados. Los de Florida y los de Boedo. A los ensayistas poco recordados les siguen autores de provincias de gran mérito. Además de los textos, se agregan las referencias a las peñas literarias, las muestras de arte, ciertas manifestaciones teatrales, cinematográficas, y la consolidación del tango cantado. Gabriela García Cedro ha realizado el estudio preliminar centrado en algunos aspectos relevantes de las letras argentinas de aquel momento. Este libro se corresponde con Que sean libros en blanco. En torno a una encuesta del diario Última Hora sobre El libro nacional y su venta (febrero a junio de 1926), por el mismo autor, el mismo sello editorial, y la misma especialista a cargo del estudio preliminar. Por otra parte, el tema central de El viento de las circunstancias se relaciona con otra obra del autor, titulada El más caro de los lujos. Primera Exposición Nacional del Libro. Teatro Cervantes, septiembre de 1928, también publicada por Teseo, con presentación y conclusiones a cargo de Florencia Abbate.
