Missing persons, political landscapes and cultural practices Laura Huttunen, 2025-02-11 This book examines human disappearances anthropologically in various contexts, ranging from enforced disappearances under oppressive governments and during armed conflicts to disappearing undocumented migrants and, finally, to people who go missing under more everyday circumstances. Two focuses run through the book: the relationship between the state and disappearances, and the consequences of disappearances for the families and communities of missing persons. The book analyses both the circumstances that make some people disappear and the variety of responses that disappearances give rise to; the latter include projects focused on searching for the missing and identifying human remains, as well as political projects that call for accountability for disappearances. While providing empirical examples from a variety of places, with Bosnia-Herzegovina as the key empirical site, the book develops an analytic grip on the slippery category of the 'disappeared'.

The Post-Mortem Vindication of Jesus in the Sayings Gospel Q Daniel A. Smith, 2007-01-06 Q 13:34-35, the Jerusalem Logion, aligns the rejection of the speaker by Jerusalem both with the abandonment of Jerusalem's house and with the future invisibility and return of the speaker: 'You will not see me until you say, Blessed is the Coming One in the name of the Lord' (13:35b). The coincidence of not seeing language with a reference to a future coming is reminiscent of the connection, in Jewish literature especially, between the assumption and eschatological function. The book proposes that this reference to Jesus' assumption is a clue to how Q conceives of the post-mortem vindication of Jesus, since numerous Q sayings presuppose a knowledge of Jesus' death. In support of this, the book argues that in Hellenistic Jewish writings assumption was not always considered to be an escape from death (as in the biblical instances of Enoch and Elijah), but could happen at or after death, as was more clearly the case in Greek thought. Such a strategy of vindication is necessary for Q because it evidences a belief in Jesus' ongoing existence and future return as the Son of Man, and because resurrection though a feature of Q's eschatology is not individually applied to Jesus. A similar view is presupposed by the pre-Markan empty tomb tradition, which describes the disappearance of Jesus' body but narrates neither the resurrection itself nor an appearance of the risen Jesus. The book also draws out implications of the thesis for the place of the Sayings Gospel Q within the early Christian movements, particularly vis-vis the vindication of Jesus.

For Shame, Boone! For Shame, Iowa! The Disappearance of Norma Maynard Sidney S. Louis, 2017-08-28 For Shame, Boone! For Shame, Iowa! The Disappearance of Norma Maynard By: Sidney S. Louis If you have a hidden, secret, wish to be Sherlock Holmes—and who doesn't, really—the Norma Maynard story is for you. An innocent woman was murdered and made to vanish—as if she had never existed. City of Boone, county of Boone and Iowa state level law enforcement were unable to determine what happened. To this day, it is not known: · Exactly when the missing woman was murdered · Who committed the murder · How it was done · Why it was done · Where the missing woman's remains are Join the author as he fights for twelve years to have his sister's murder properly investigated, only to be met with a stone wall of resistance from Iowa officials at city, county and state level. The author provides readers with the ability to set up their own investigative files. He helps them devise a scale to measure the effectiveness of officials that are part of the story. The reader will be able to question, with some authority, why the Norma Maynard case has not been resolved. Was this a deliberate choice by Iowa law enforcement and legal and judicial officials? If you elect to sleuth along with the author, will you be the one to solve the almost forty year riddle of the disappearance of Norma Maynard?

What Is a Person? Christian Smith, 2010-09-15 What is a person? This fundamental question is a perennial concern of philosophers and theologians. But, Christian Smith here argues, it also lies at the center of the social scientist's quest to

interpret and explain social life. In this ambitious book, Smith presents a new model for social theory that does justice to the best of our humanistic visions of people, life, and society. Finding much current thinking on personhood to be confusing or misleading, Smith finds inspiration in critical realism and personalism. Drawing on these ideas, he constructs a theory of personhood that forges a middle path between the extremes of positivist science and relativism. Smith then builds on the work of Pierre Bourdieu, Anthony Giddens, and William Sewell to demonstrate the importance of personhood to our understanding of social structures. From there he broadens his scope to consider how we can know what is good in personal and social life and what sociology can tell us about human rights and dignity. Innovative, critical, and constructive, *What Is a Person?* offers an inspiring vision of a social science committed to pursuing causal explanations, interpretive understanding, and general knowledge in the service of truth and the moral good.

"A Third Reich, as I See It" Janosch Steuwer, 2023-04-04 With the beginning of the National Socialist dictatorship, Germany not only experienced a deep political turning point but the private life of Germans also changed fundamentally. The Nazi regime had far-reaching ideas about how the individual should think and act. In *A Third Reich, as I See It* Janosch Steuwer examines the private diaries of ordinary Germans written between 1933 and 1939 and shows how average citizens reacted to the challenges of National Socialism. Some felt the urge and desire to adapt to the political circumstances. Others felt compelled to do so. They all contributed to the realization of the vision of a homogeneous, conflict-free, and racially pure society. In a detailed manner and with a convincing sense of the bigger picture, Steuwer shows how the tense efforts of people to fit in, and at the same time to preserve existing opinions and self-conceptions, led to a close intertwining of the private and the political. *A Third Reich, as I See It* offers a surprisingly new look at how the ideological visions of National Socialism found their way into the everyday reality of Germans.

Josephus and Jesus T. C. Schmidt, 2025-05-11 This book brings to light an extraordinary connection between Jesus of Nazareth and the Jewish historian Josephus. Writing in 93/94 CE, Josephus composed an account of Jesus known as the *Testimonium Flavianum*. Despite this being the oldest description of Jesus by a non-Christian, scholars have long doubted its authenticity due to the alleged pro-Christian claims it contains. This book, however, authenticates Josephus' authorship of the *Testimonium Flavianum* and reveals a startling observation: Josephus was directly familiar with those who put Jesus on trial. Consequently, Josephus would have had access to highly reliable information about the man from Nazareth. The book concludes by describing what Josephus tells us about the Jesus of history, his miracles, and his resurrection. An open access title available under the terms of a CC BY-NC-ND 4.0 licence.

The First Arabic Annals Edward Zychowicz-Coghill, 2021-03-22 The earliest development of Arabic historical writing remains shrouded in uncertainty until the 9th century CE, when our first extant texts were composed. This book demonstrates a new method, termed *riwāya-cum-matn*, which allows us to identify citation-markers that securely indicate the quotation of earlier Arabic historical works, proto-books first circulated in the eighth century. As a case study it reconstructs, with an edition and translation, around half of an annalistic history written by al-Layth b. Sa'd in the 740s. In doing so it shows that annalistic history-writing, comparable to contemporary Syriac or Greek models, was a part of the first development of Arabic historiography in the Marwanid period, providing a chronological framework for more ambitious later Abbasid history-writing. Reconstructing the original production-contexts and larger narrative frames of now-atomised quotations not only lets us judge their likely accuracy, but to consider the political and social relations underpinning the first production of authoritative historical knowledge in Islam. It also enables us to assess how Abbasid compilers combined and augmented the base texts from which they constructed their histories.

Paul, Scribe of Old and New Yongbom Lee, 2015-02-26 In this study Yongbom Lee re-examines the old Jesus-Paul debate with insights from current studies on intertextuality in Paul. Lee identifies Paul's typical ways of handling authoritative traditions in a number of cases providing a set of expectations as to how his use of them elsewhere might look. Lee begins by investigating the use of the Scriptures in the Rule of the Community and the Damascus Document. He then examines five cases of Paul's use of the Scriptures and contemporary Jewish exegetical traditions and three cases of his use of the Jesus tradition. Despite the skepticism concerning Paul's knowledge and appreciation of the Jesus tradition, the fact that his use of the Jesus tradition is similar to that of the Scriptures and contemporary Jewish exegetical traditions-with respect to its presumption of authority, various citation methods, and its creative application to the situation of his readers-provides the evidence for its importance to him.

Aëtiana V (4 vols.) Jaap Mansfeld, David Runia, 2020-08-10 A new reconstruction and text of the Placita of Aëtius (ca. 50 CE), accompanied by a full commentary and an extensive collection of related texts. This compendium, arguably the most important doxographical text to survive from antiquity, is known through the intensive use made of it by authors in later antiquity and beyond. Covering the entire field of natural philosophy, it has long been mined as a source of information about ancient philosophers and their views. It now receives a thorough analysis as a remarkable work in its own right. This volume is the culmination of a five-volume set of studies on Aëtius (1996–2020): Aëtiana I (ISBN: 9789004105805, 1996), II (Parts 1&2; set ISBN 9789004172067; 2008), III (ISBN 9789004180413; 2009), IV (ISBN: 9789004361454, 2018), and V (Parts 1-4). It uses an innovative methodology to replace the seminal edition of Hermann Diels (1879).

The Bible in Slavic Tradition Alexander Kulik, Catherine Mary MacRobert, Svetlina Nikolova, Moshe Taube, Cynthia M. Vakareliyska, 2016-01-19 This volume contains selected papers from an international conference held in 2009 in Varna, Bulgaria. The papers represent major trends and developments in current research on the medieval Slavonic biblical tradition, primarily in comparison with Greek and Hebrew texts. The volume covers the translation of the canonical, apocryphal and pseudepigraphical books of the Old and New Testaments and its development over the ninth to sixteenth centuries. Another focus is on issues relating to Cyril and Methodius, the creators of the first Slavonic alphabet in the ninth century and the first translators of biblical books into Slavonic. The analytical approach in the volume is interdisciplinary, applying methodologies from textual criticism, philology, cultural and political history, and theology. It should be of value to Slavists, Hebraists and Byzantinists.
