Summary of We Were Never Here Alexander Cooper,2021-09-18 Summary of We Were Never Here - A Comprehensive Summary Andrea Bartz is a Brooklyn-based journalist and author of the forthcoming thriller We Were Never Here. Her debut thriller, The Lost Night (Crown, 2019), was an LA Times bestseller, and her sophomore thriller, The Herd (Ballantine, 2020) was named a best book of the year by Marie Claire, Crime Reads, Good Housekeeping, and other outlets. Her work has appeared in The Wall Street Journal, Vogue, Cosmopolitan, Women's Health, Martha Stewart Living, Elle, and many other outlets, and she's held editorial positions at Glamour, Psychology Today, and Self, among other titles. The book opens with

one of the characters, Kristen, killing a man while she's on vacation with her best friend, Emily. Kristen claims it was in self-defense, but the incident is oddly similar to something that happened the last time they were vacationing together just last year. As a result, Emily starts to question her friendship with Kristen and what exactly happened that night. When I started the book, I realized on some level that the premise of it didn't really grab me to begin with, but I gave it a shot anyway since I've been pleasantly surprised by some of Reese's book club picks in the past. By about halfway into the book, however, the plot still hadn't moved past the point described on the cover blurb (basically what I summarized above), and I was getting a little bored. There's also somewhat of an element of ridiculousness to the whole book, but to be honest that's not what really bothered me. Instead, a bigger issue is that fairly early on in the book, it's clear what's really going on and there aren't really many surprises from there. The plot ends up playing out in a fairly predictable way, and I struggled to stay interested in it. There's some attempt by the author to psycho-analyze these characters, but I didn't find it all that satisfying. Our old friendships concealed hatred and a desire for revenge. What followed was a game of cat and mouse — a battle of wits, full of twists and turns, building to an unforgettable climax. The night ended in violence and death, as one of us was found murdered. But who am I? My name is Elliot Chase, and I'm going to tell you a story unlike any you've ever heard.

The Only One Left Riley Sager, 2025-08-26 THE INSTANT NEW YORK TIMES BESTSELLER Named a summer book to watch by The Washington Post, Boston Globe, USA Today, Oprah, Paste, Country Living, Good Housekeeping, and Nerd Daily Propulsive ... a dizzying Gothic whodunit. —New York Times Book Review Bestselling author Riley Sager returns with a Gothic chiller about a young caregiver assigned to work for a woman accused of a Lizzie Borden-like massacre decades earlier. At seventeen, Lenora Hope hung her sister with a rope Now reduced to a schoolyard chant, the Hope family murders

shocked the Maine coast one bloody night in 1929. While most people assume seventeen-year-old Lenora was responsible, the police were never able to prove it. Other than her denial after the killings, she has never spoken publicly about that night, nor has she set foot outside Hope's End, the cliffside mansion where the massacre occurred. Stabbed her father with a knife Took her mother's happy life It's now 1983, and home-health aide Kit McDeere arrives at a decaying Hope's End to care for Lenora after her previous nurse fled in the middle of the night. In her seventies and confined to a wheelchair, Lenora was rendered mute by a series of strokes and can only communicate with Kit by tapping out sentences on an old typewriter. One night, Lenora uses it to make a tantalizing offer—I want to tell you everything. "It wasn't me," Lenora said But she's the only one not dead As Kit helps Lenora write about the events leading to the Hope family massacre, it becomes clear there's more to the tale than people know. But when new details about her predecessor's departure come to light, Kit starts to suspect Lenora might not be telling the complete truth—and that the seemingly harmless woman in her care could be far more dangerous than she first thought.

Technologies of Perspective on Contemporary Literary Texts Cristina Mirela Nicolaescu, 2022-08-02 The book is addressed to students of English literature and all professionals interested in textual analysis and interpretation as a practical tool both informed by theory and customized to the needs of understanding fiction of our century. It scrutinizes the main theories and their associated reading strategies, and proposes original applicable models and variants of organising work on literary texts in stages for any literary approach. The current burgeoning of hermeneutics calls attention to these new possibilities by envisioning adjustable visual methods, where ideas are represented circularly following the logic of actions, attitudes or situations in interaction within the fictional world. These shapes imitate the mental representations when comprehension is achieved through repeated readings, as catalysts of an overarching significance. As this book shows, this new procedure of keeping logic in check at all levels of analysis prevents errors of interpretation and at the same time provides the keys for testing its validity. It replaces the traditional linear models by a flexible dynamic of moving through a text without forcing readers' memory to store the details.

Діви Алекс Майклідіс, 2023-03-17 Маріана Андрос — геніальна психотерапевтка, яка тяжко переживає загибель чоловіка. Маріану охоплює якась аж нав'язлива впевненість у провині Фоски: жінка помічає в ньому нарцистичного соціопата, одержимого культом Персефони. Він керує таємним товариством «Діви», адепти якого поклоняються йому наче богу. Але, здається, лише Маріана бачить зловісні наміри Фоски. Незабаром одну зі студенток знайдуть мертвою з перерізаним горлом та виколотими очима. І розпочнеться шлях до загробного царства Персефони. Проте Маріана сповнена рішучості довести вину Фоски, навіть ціною власного життя.
