The Illuminati Jim Marrs, 2017-05-22 A deep dive into the origins, history, members, and workings of the Illuminati from a well-known and respected expert. Chilling initiations. Big banks and money manipulations. Possible links to the Rockefellers, Rothschilds, Adamsses, and Bushes. Reviewing the evidence, documents, and connections, *The Illuminati: The Secret Society That Hijacked the World* by award-winning journalist and author Jim Marrs shines a light on the history, workings, continuing influence, and pernicious and hidden power of this secret order. Surveying experts—from those who dismiss the Illuminati as a short-lived group of little consequence to skeptics who dare question the government's accounts and pronouncements—Marrs cuts through the wild speculation and the attempts to silence critical thinkers to tell the true story of this secret cabal. Gnosticism, mystery schools, the Roshaniya, Knights Templar, assassins, Rosicrucians, Skull and Bones, Knights of Malta, whistle blowers, the revolutions in France, Russia, and America, and the structure, symbols, and theology of the Illuminati are all covered. Marrs takes a broad look at the group and their workings, investigating their origin as “The Ancient and Illuminated Seers of Bavaria,” the depiction on the United States one-dollar bill of an all-seeing eye and pyramid on the reverse of the Great Seal of the United States, and the Protocols—or procedures—for usurping national governments and gaining world domination, as well as the Illuminati symbolism found in today's international corporate logos. Wealth, power, and intrigue come together in this in-depth exposé on the Illuminati, their history, connections to influential people, and their place in modern America. *The Illuminati* lifts the cloaks of secrecy protecting the powerful.

Flat Earth Clues Mark Sargent, 2023-12-04 The Flat Earth Clues book gives you 14 compelling reasons why you should rethink the globe model that you have been taught. Before you were born, before your parents, your grandparents, before you even had a family line... there was the illusion, the trick, the lie... That you lived on a small spinning rock, flying through space. What if, after centuries of preaching the globe as a religious icon, the powers that be found out that it was actually not a sphere, but instead something much different? Would they risk unravelling 500 years of science doctrine by informing the public? Could a government still retain its authority if there were actually proof of a higher power? It's about proving the Flat Earth, but more importantly, it's about disproving the globe, and that shouldn't be possible, but there are several big questions which science has a difficult time with. Why was there only one blue marble image used for 43 years? Where are the videos of the earth rotating from space? Astronauts can't turn around in space with the camera running? Not even by accident? Are the Van Allen radiation belts dangerous? Why does the Orion Trial by Fire video exist? Why was the space shuttle program cancelled? Why does the Mars mission keep getting postponed? Why are they closing down the ISS? Why is Psalm 19:1 on Werner Von Braun's headstone? Why is the moon generating a light that is sometimes 12 degrees colder than the moon shade? How is that possible if it's reflecting the sun's rays? And if the moon is generating its own light source, then what was that dark grey thing we landed on? We can beam back crystal clear photos of Pluto, but the Global Positioning System doesn't track planes in the Southern oceans? And why does this topic, compared to ANY other, conspiracy or not, make people excited, angry, or scared? Some of you are getting anxious just listening! Why? Because it's the greatest trick of all, and we all fell for it. You should be excited, because it's going to change the world. You should be angry, because you were fooled your entire life, and you should be a little scared, because this is uncharted territory. This is the Flat Earth theory, that the world is easy to understand, more intimate, and very deliberate. It didn't just happen, it was built, and more importantly built for you. Open your eyes and smile. You have never been alone. Published by Booglez Limited, UK - Flat Earth Clues is digestible nuggets of information broken down in a very reader-friendly way. Author Mark Sargent is located in the USA. He features in the Netflix documentary Behind The Curve (2018). Mark runs a regular radio show on Truth Frequency Radio where you can phone in and discuss the topic.

The Illuminati Mark Dice, 2009 Secret societies have both fascinated and frightened people for hundreds of years. Often the infamous Illuminati is mentioned as the core of conspiracies which span the globe. The Illuminati is actually a historical secret society which had goals of revolutions and world domination dating back to the 1770s. Since then, rumors and conspiracy theories involving the Illuminati continue to spread, sometimes finding their way into popular novels like Dan Brown's Angels & Demons and Hollywood movies like Lara Croft: Tomb Raider. Some men have even come forward claiming to be former members, offering details of what they allege are the inner workings of the organization. When you sift through all of the information available on the subject, you may be surprised that the truth is stranger than fiction. In The Illuminati:

Alchemy of Christ: The Book of Revelations LaRoya, 2017-07-10 It has been a long tradition among the Hebrews to use the peshar (dream interpretation code) which had encoded messages regarding two levels of information written within a story. One level was written as an allegory that told a message about morality. The other level was written about esoteric instruction and political events which mirrored inner growth. Each of the 22 chapters are inspired by the 22 Hebrew alphabet letters. In this book The Alchemy of Christ: The Book of Revelation I give a commentary on the Book of Revelations Apocalypse means revealing, and it is the revealing of the Christ within. The final battle of Armageddon takes place within us. This is an inner war that will transform us and bring us back to recovery to the state of Christ Consciousness. The political struggles within the world mirror the transformation of the individual. Just as we recover, the earth as a whole will recover as well leading to an enlightened Civilization.

Where Were You When the World Fell Apart Cindy Brinig, 2019-05-08 Where Were You When the World Fell Apart By: Cindy Brinig Where Were You When the World Fell Apart? is a quest for knowledge. Cindy Brinig began researching news events, obtaining knowledge and understanding. She felt a powerful need to share what she had learned. Brinig recounts various events and the people involved, basing everything on the truth and the evidence she has gathered. Brinig addresses the Sandy Hook Elementary School shooting, the 2017 Las Vegas shooting, and the assassination of President John

F. Kennedy. Brinig's work will stimulate readers to examine the evidence behind the theories of how and why these events occurred. Her hope is readers will be awakened to the truth that is often kept from the public.

Conspiracy Theories Mark Fenster, 1999 JFK, Karl Marx, the Pope, Aristotle Onassis, Queen Elizabeth II, Howard Hughes, Fox Mulder, Bill Clinton -- all have been linked to vastly complicated global (or even galactic) intrigues. In this enlightening tour of conspiracy theories, Mark Fenster guides readers through this shadowy world and analyzes its complex role in American culture and politics. Fenster argues that conspiracy theories are a form of popular political interpretation and contends that understanding how they circulate through mass culture helps us better understand our society as a whole. To that end, he discusses Richard Hofstadter's *The Paranoid Style in American Politics*, the militia movement, *The X-Files*, popular Christian apocalyptic thought, and such artifacts of suspicion as *The Turner Diaries*, the *Illuminatus!* trilogy, and the novels of Richard Condon. Fenster analyzes the conspiracy community of radio shows, magazine and book publishers, Internet resources, and role-playing games that promote these theories. In this world, the very denial of a conspiracy's existence becomes proof that it exists, and the truth is always out there. He believes conspiracy theory has become a thrill for a bored subculture, one characterized by its members' reinterpretation of accepted history, their deep cynicism about contemporary politics, and their longing for a utopian future. Fenster's progressive critique of conspiracy theories both recognizes the secrecy and inequities of power in contemporary politics and economics and works toward effective political engagement. Probing conspiracy theory's tendencies toward scapegoating, racism, and fascism, as well as Hofstadter's centrist acceptance of a postwar American consensus, he advocates what conspiracy theory wants but cannot articulate: a more inclusive, engaging political culture.

Armageddon, Close Encounters in the Fifth Kind Frederick Guttman, ¿Cómo cambiaría nuestra forma de ver el mundo si nos planteásemos que todos los estamentos de la sociedad serán pronto abolidos? ¿Veríamos la vida de la misma forma si diéramos lugar a la idea de que nuestra historia ha estado ligada a influencias que no son de este mundo? “Armagedón, Encuentros Cercanos en la Quinta Fase” es una obra que no pasará desapercibida, mucho menos delante de los acontecimientos que están ocurriendo, aunque el mundo no esté al tanto de ellos -porque está siendo distraído. Hablamos de un cambio a escala planetaria en la conciencia humana y del sistema de vida que tenemos, el destape de grandes y sumamente relevantes mentiras que han mantenido engañado al hombre del siglo XXI, y así mismo el inicio de una existencia libre, sólo posible tras una guerra sin precedentes. Nuestro mundo está a punto de tener los cambios más significativos de toda la historia humana, desde que se tiene constancia de ella. La vida extraterrestre es una realidad, tal como lo es el hecho de que sabremos toda la verdad sobre la vida fuera de la Tierra y los misterios del universo en esta década. El Nuevo Orden Mundial, del cual pocos han oído hablar -aún a estas alturas y con el terreno ya ganado por esos psicópatas en todos los medios globales- no conseguirá sus fines de eliminación poblacional y control totalitario, aunque conseguirán por un periodo muy breve de tiempo muchas de sus agendas. Toda la humanidad está al borde de un cambio de paradigma, no sin antes presenciar la experiencia de la vida extraterrestre inteligente, un mundo dominado por las corporaciones, dueños de la banca y de los oleoductos. Entonces el cambio será radical y no dejará lugar a dudas a más cuestionamientos, suposiciones o teorías sobre el origen del hombre y de la vida fuera de nuestro orbe azul; de igual modo que no habrá más medias tintas sobre el conocimiento y realidad de la existencia de Jesucristo, no como una religión sino como una realidad. Esta será una verdad inamovible que no está sujeta -ni nunca lo ha estado- a religiones, ni a dogmas, ni a espiritualismo, ni a teorías conspiratorias, ni a ciencia ficción, ni a fábulas, ni a cualquier otra creencia abstracta, sino al modernismo de esta centuria y a la revolución mundial que hoy nos atañe. Parece difícil reconciliar la imagen de aquel carpintero que fue clavado en una cruz junto con la ciencia, pero recordemos que los estamentos religiosos que conocemos son relativamente recientes y no fueron impuestos por Jesucristo. Sus enseñanzas aparecieron sobre el 26 y/o el 33 d.C. aprox., en cambio las posteriores fueron ciertamente tardías: Catolicismo (325 d.C.), Islam (600 d.C.), Protestantismo (inicios del siglo XIV) Mormonismo (mediados de 1800 d.C.), Testigos de Jehová (1870), etc. En otras palabras, las enseñanzas de Jesús no estuvieron sujetas a religiones “cristianas”, ya que estas se crearon en nombre de él siglos después, mayormente con fines lucrativos o de control de masas. Tengamos presente, antes que nada, que todas las profecías, que han venido de parte de Dios, hasta su momento

se han cumplido y nada sugiere que las que aún han de cumplirse dejen de tener lugar; mucho menos cuando estamos viviendo las concisas advertencias que hicieron hombres modelo en tiempos antiguos, y además con lujo de detalles. Así que tenemos que citar a hombres de otrora para ver cómo se han dado los hechos que anunciaron y qué otros acontecimientos han de tener lugar en nuestra década y en los años que precederán nuestra era. Ciertamente cada vez podemos ver más cerca un final de esta edad y el inicio de una nueva historia para la civilización humana. Un cambio que se palpa y comenta en todos los círculos sociales y culturales. Este cambio viene acompañado de mucha incertidumbre, dudas sobre cómo será ese desenlace final y qué ocurrirá después de ello. La historia de nuestra raza se ha visto constantemente salpicada por grandes extinciones, donde nuestros antecesores han sido diezmados, eliminados tácitamente por sucesos catastróficos que han dado origen a nuevos eones. Así se ha visto en lejanas edades desde la prehistoria y así se ve hoy, muy próximos a experimentar eventos nunca antes vistos en ninguna etapa anterior de nuestro devenir como civilización. Como hijos de la Tierra hemos de conocer los hechos que han modelado nuestro presente y que han colocado a nuestra raza en el borde del colapso y de la aparente auto-extinción. Tenemos que ser conscientes de que tal como la arqueología nos sirve para revelar los acontecimientos de antaño, también han existido desde otrora métodos para vaticinar el tiempo por venir, y éstos han marcado hechos memorables en el registro histórico. Nosotros los llamamos “profecías”, y si bien, desde tiempos de la Grecia clásica los helenos consultaban el polémico oráculo de Delfos, el que se cree era el más preciso de todos, aunque se especuló que alguna vez se equivocó (más bien diríamos que dijo lo que sus consultores debían saber).

Chasing Eris Brenton Clutterbuck, 2018-07-13 It's the most influential religion you've never heard of: Discordianism took the world by storm when it was revealed to two young hippies in 1958 or 1959. Who would have thought this goofy nuttiness would eventually turn into a worldwide caper involving the assassination of a US President, Timothy Leary, a rubber gorilla, a ten hour play, a million pounds of burnt cash, the German secret service, a pumpkin launching trebuchet, the Electronic Frontier Foundation, Charles Manson, twelve arrested New Orleans Mardi Gras participants, a series of murders, Kermit the frog, and an extremely confused Australian who wrote this very silly book? Not me, that's for sure. WITH A FORWARD BY JOHN HIGGS WITH AN AFTERWORD BY CRAMULUS

The Qabalah Papus, 2000-11-15 Papus (Dr. Ge'rard Encausse 1865-1916) was one of the great occultists of France, and was instrumental in developing and popularizing Eliphas Levi's earlier suggestions of a link between the Hebrew alphabet and the twenty-two trumps of the tarot. The Qabalah, first published in 1892, is particularly valuable because, along with his original theoretical explorations of the Qabalah, it also contains his complete translation of the Sepher Yetzirah, Eliphas Levi's famous Ten Lessons on the Qabalah, Rabbi Drach's important and rare treatise, The Qabalah of the Hebrews, and an extensive Qabalistic bibliography. This book gives a concise and valuable introduction to the sacred science of the Hebrews, and thus to the esoteric teachings of Christianity.
