Under His Very Windows Susan Zuccotti, 2002-01-01 What did Pius XII do to aid Jews during World War II? This is an examination of efforts on behalf of Jews in Italy, the country where the pope was in a position to be most helpful. It finds that despite a persistent myth to the contrary, Pius and his assistants at the Vatican did very little.

The Oxford Handbook of Jewish Music Studies Tina Frühauf, 2023 The Oxford Handbook of Jewish Music Studies is the most comprehensive and expansive critical handbook of Jewish music published to date. The chapters form a first truly global look at Jewish music, including studies from Central and East Asia, Europe, Australia, the Americas, and the Arab world. The Handbook provides a resource that researchers, scholars, and educators will use as the most important and authoritative overview of work within music and Jewish studies.

Italy's Divided Memory J. Foot, 2009-12-07 This book argues that contemporary Italian history has been marked by a tendency towards divided memory. Events have been interpreted in contrasting ways, and the facts themselves often contested. Moreover, with so little agreement over what happened, and why it happened, it has been extremely difficult to create any consensus around memory. These divisions have been seen at all levels, but take on particular importance when linked to the great traumatic and life-changing events of the Twentieth century - war, terrorism, disaster - but can also be applied to more cultural fields such as sport and everyday life. Social change also has an impact on memory. This book will take the form of a voyage through Italy (and into Italy's past), looking at stories of divided memory over various periods in the twentieth century. These stories will be interwoven with analysis and discussion.

The Jews in Fascist Italy: A History Renzo De Felice, 2015-11-23 My aim was to explain in detail the facts surrounding Fascist anti-Semitism and the persecution of the Jews in Mussolini's Italy. Too many people in Italy and elsewhere underestimate or deny the tragic fate of European Jewry and anti-Semitism between the two world wars. A few short years ago anti-Semitism appeared defeated and reduced to a tiny group of fanatics. But now it seems to be regaining ground in its more political incarnation, probably the most dangerous one, because next to the religious, social and economic varieties it is the most insidious of all. The author occupies a central position among Italian historians specialized in modern Italy's political history. He broke new ground by first publishing this book in 1961 having obtained special permission to consult the files in the Archives of the Italian Jewish Communities concerning the Fascist regime's persecution of the Jews in Italy from

1938 to 1945. The book's release coincided with the trial of Adolf Eichmann in Jerusalem that brought the Holocaust to the attention of other historians and to the world public. The English translation of the final 1993 edition was supported by a grant from the Italian Ministry of Foreign Affairs. This paperback and electronic book edition is published in association with the United States Holocaust Memorial Museum.

It Happened in Italy Elizabeth Bettina, 2011-01-04 One woman's discovery-and the incredible, unexpected journey it takes her on-of how her grandparent's small village of Campagna, Italy, helped save Jews during the Holocaust. Take a journey with Elizabeth Bettina as she discovers-much to her surprise-that her grandparent's small village, nestled in the heart of southern Italy, housed an internment camp for Jews during the Holocaust, and that it was far from the only one. Follow her discovery of survivors and their stories of gratitude to Italy and its people. Explore the little known details of how members of the Catholic church assisted and helped shelter Jews in Italy during World War II.

The United States Holocaust Memorial Museum Encyclopedia of Camps and Ghettos, 1933-1945: Volume III

Geoffrey P. Megargee, Joseph R. White, Mel Hecker, 2018-04-21 Accounts of significant sites in Hungary, Vichy France, Italy, and other nations, part of the multi-volume reference praised as a “staggering achievement” (Jewish Daily Forward). This third volume in the monumental seven-volume encyclopedia, prepared by the Jack, Joseph, and Morton Mandel Center for Advanced Holocaust Studies at the United States Holocaust Memorial Museum, offers a comprehensive account of camps and ghettos in, or run by, Croatia, Hungary, Italy, Romania, Bulgaria, Slovakia, and Vichy France (including North Africa). Each entry discusses key events in the history of the ghetto; living and working conditions; activities of the Jewish Councils; Jewish responses to persecution; demographic changes; and details of the ghetto’s liquidation. Personal testimonies help convey the character of each ghetto, while source citations provide a guide to additional information. Documentation of hundreds of smaller sites—previously unknown or overlooked in the historiography of the Holocaust—make this an indispensable reference work on the destroyed Jewish communities of Eastern Europe.

Mussolini's Camps Carlo Capogreco, 2019-11-11 This book—which is based on vast archival research and on a variety of primary sources—has filled a gap in Italy’s historiography on Fascism, and in European and world history about concentration camps in our contemporary world. It provides, for the first time, a survey of the different types of internment practiced by Fascist Italy during the war and a historical map of its concentration camps. Published in Italian (*I campi del duce*, Turin: Einaudi, 2004), in Croatian (*Mussolinijevi Logori*, Zagreb: Golden Marketing - Tehnička knjiga, 2007), in Slovenian (*Fašistična taborišča*, Ljubljana: Publicistično društvo ZAK, 2011), and now in English, *Mussolini's Camps* is both an

excellent product of academic research and a narrative easily accessible to readers who are not professional historians. It undermines the myth that concentration camps were established in Italy only after the creation of the Republic of Salò and the Nazi occupation of Italy's northern regions in 1943, and questions the persistent and traditional image of Italians as brava gente (good people), showing how Fascism made extensive use of the camps (even in the occupied territories) as an instrument of coercion and political control.

Under the Southern Sun Paul Paolicelli, 2014-04-22 Recently there has been a seemingly endless stream of books praising the glories of ancient and modern Rome, fretting over Venice's rising tides and moldering galleries, celebrating the Tuscan countryside, wines and cuisine. But there have been curiously few writings that deal directly with Italy as the country of origin for the grand- and great-grandparents of nearly twenty-six million Americans. The greatest majority—more than eight out of ten—of those American descendants of immigrant Italians aren't the progeny of Venetian doges or Tuscan wealth, but are the diaspora of Southern Italians, people from a place very different than Renaissance Florence or the modern political entity of Rome. Southern Italians, mostly from villages and towns sprinkled about the dramatic and remote countryside of Italian provinces even now tourists find only with determination and rental cars. In *Under the Southern Sun: Stories of the Real Italy and the Americans It Created*, journalist Paul Paolicelli takes us on a grand tour of the Southern Italy of most Italian-American immigrants, including Calabria, Basilicata, Puglia, Sicily, Abruzzo, and Molise, and explores the many fascinating elements of Southern Italian society, history, and culture. Along the way, he explores the concept of heritage and of going back to one's roots, the theory of a cultural subconscious, and most importantly, the idea of a Southern Italian sensibility – where it comes from, how it has been cultivated, and how it has been passed on from generation to generation. Amidst the delightful blend of travelogue and journalism are wonderful stories about famous Southern Italian-Americans, most notably Frank Capra and Rudolph Valentino, who were forced to leave their homeland and to adjust, adapt, and survive in America. He tells the story of the only large concentration camp built and run by the Fascists during World War II and of the humanity of the Southerners who ran the place. He visits ancient seaside communities once dominated by castles and watchtowers and now bathed in tanning oil and tourists, muses over Matera—what is probably Europe's oldest and most unknown city – and culminates in a fascinating exploration of how one's familial memory can influence his or her internal value system. This book is a celebration of Southern Italy, its people, and what it has given to its American descendants.

Flumen Fiume Rijeka Elisa Bianco, Paola Bocale, Daniele Brigadoi Cologna, Lino Panzeri, 2021-10-08 Fiume rappresenta un laboratorio molto interessante per indagare le variabili che animano la coesistenza delle diversità, le sfide che essa pone, ma anche le potenzialità che da essa derivano, offrendo spunti preziosi per riflettere, a livello ben più ampio, sul futuro

dell'Europa. I lavori presentati in questo volume affrontano la realtà fiumana da una prospettiva interdisciplinare, non solo storica quindi, ma anche giuridica, linguistica, letteraria e sociologica. I diversi contributi, concentrati su singole prospettive, restituiscono appieno la ricchezza dell'identità di Fiume e confermano la costante capacità della città di porsi, nel tempo, quale crocevia interculturale d'Europa, in grado di attingere da tutte le sue componenti nazionali, culturali e religiose per forgiare una propria specificità plurale ed aperta.

Calabria editoriale Giovanna Maria Russo, 2012-08-25 L'editoria è cambiata: ha visto il libro cartaceo tramutarsi in prodotto virtuale, generando uno stravolgimento nella memoria collettiva, una vera e propria rivoluzione che colpisce tutta la filiera, dall'editore al lettore, passando per la distribuzione e la diffusione. Scopo del presente lavoro è compiere una riflessione sulla rivoluzione in corso nel mondo dell'editoria libraria calabrese; questa viene rapportata con l'innovazione tecnologica, che forse è destinata a divenire epocale per il mondo dell'editoria e dell'informazione: l'e-book. Si cerca di capire come gli editori calabresi stanno affrontando l'esigenza di mettersi al passo con i tempi e se nel territorio calabrese l'editoria digitale è una realtà o ancora solo un progetto lontano. Partendo dalle origini delle prime tipografie calabresi, viene presentata una ricostruzione storica che interessa la stampa periodica e libraria sino a giungere all'attività editoriale moderna.

COMUNISTI E POST COMUNISTI PARTE SECONDA SE LI CONOSCI LI EVITI ANTONIO GIANGRANDE, E' comodo definirsi scrittori da parte di chi non ha arte né parte. I letterati, che non siano poeti, cioè scrittori stringati, si dividono in narratori e saggisti. E' facile scrivere "C'era una volta...." e parlare di cazzate con nomi di fantasia. In questo modo il successo è assicurato e non hai rompiballe che si sentono diffamati e che ti querelano e che, spesso, sono gli stessi che ti condannano. Meno facile è essere saggisti e scrivere "C'è adesso...." e parlare di cose reali con nomi e cognomi. Impossibile poi è essere saggisti e scrivere delle malefatte dei magistrati e del Potere in generale, che per logica ti perseguitano per farti cessare di scrivere. Devastante è farlo senza essere di sinistra. Quando si parla di veri scrittori ci si ricordi di Dante Alighieri e della fine che fece il primo saggista mondiale. Le vittime, vere o presunte, di soprusi, parlano solo di loro, inascoltati, pretendendo aiuto. Io da vittima non racconto di me e delle mie traversie. Ascoltato e seguito, parlo degli altri, vittime o carnefici, che l'aiuto cercato non lo concederanno mai. "Chi non conosce la verità è uno sciocco, ma chi, conoscendola, la chiama bugia, è un delinquente". Aforisma di Bertolt Brecht. Bene. Tante verità soggettive e tante omertà son tasselli che la mente corrompono. Io le cerco, le filtro e nei miei libri compongo il puzzle, svelando l'immagine che dimostra la verità oggettiva censurata da interessi economici ed ideologie vetuste e criminali. Rappresentare con verità storica, anche scomoda ai potenti di turno, la realtà contemporanea, rapportandola al passato e proiettandola al futuro. Per non reiterare vecchi errori. Perché la massa dimentica o non conosce. Denuncio i difetti e caldeggio i pregi italiani. Perché non abbiamo orgoglio e dignità per migliorarci e perché non sappiamo apprezzare, tutelare e promuovere quello che abbiamo

ereditato dai nostri avi. Insomma, siamo bravi a farci del male e qualcuno deve pur essere diverso!

The King's Italy Angiulli Saverio, 2016-09-12 Il presente lavoro costituisce una sorta di viaggio attraverso le vicende storiche e testimoniali che hanno caratterizzato le fasi finali del secondo conflitto mondiale, mettendone in luce soprattutto gli aspetti che - nel periodo dal luglio al settembre 1943 - hanno portato alla nascita del "Regno del Sud" o "Italia del Re" (The King's Italy), come la definivano gli Americani, e alla successiva ricostruzione dello Stato italiano, partendo proprio dall'insediamento di un governo nella città di Brindisi. L'importanza assunta dai territori pugliesi liberati dagli Alleati, ma anche i tristi episodi di deportazione degli esuli e rifugiati di guerra che hanno interessato questi tormentati lembi di terra, sono trattati nell'opera evidenziandone i chiaro-oscuro che corrispondono alle contraddizioni di tutta un'epoca, sottoposta a duro esame critico da parte di molti storici. L'autore si sofferma poi ad analizzare - non senza sorprendere il lettore con qualche curiosità - il punto di vista degli Anglo-americani durante la preparazione della campagna d'Italia, nonché le ambiguità che hanno caratterizzato i successivi rapporti con gli Italiani.

British Internment and the Internment of Britons Gilly Carr, Rachel Pistol, 2023-05-18 This edited volume presents a cutting-edge discussion and analysis of civilian 'enemy alien' internment in Britain, the internment of British civilians on the

continent, and civilian internment camps run by the British within the wider British Empire. The book brings together a range of interdisciplinary specialists including archaeologists, historians, and heritage practitioners to give a full overview of the topic of internment internationally. Very little has been written about the experience of interned Britons on the continent during the Second World War compared with continentals interned in Britain. Even fewer accounts exist of the regime in British Dominions where British guards presided over the camps. This collection is the first to bring together the British experiences, as the common theme, in one study. The new research presented here also offers updated statistics for the camps whilst considering the period between 1945 to the present day through related site heritage issues.

GOVERNOPOLI TERZA PARTE ANTONIO GIANGRANDE, Antonio Giangrande, orgoglioso di essere diverso. ODI OSENTAZIONE, IMPOSIZIONE E MENZOGNA. Nella vita di ognuno due cose sono certe: la vita e la morte. Si nasce senza volerlo. Si muore senza volerlo. Si vive una vita di prese per il culo. Gli animali, da sé, per indole emulano ed imitano, imparando atteggiamenti e comportamenti dei propri simili. Senonché sono proprio i simili, a difesa del gruppo, a inculcare nella mente altrui il principio di omologazione e conformazione. Noi siamo quello che altri hanno voluto che diventassimo. Facciamo in modo che diventiamo quello che noi avremmo (rafforzativo di saremmo) voluto diventare. Tu esisti se la tv ti considera. I Fatti son fatti oggettivi naturali e rimangono tali. Chi conosce i fatti si chiama esperto ed esprime pareri. Chi non conosce i fatti esprime opinioni e si chiama opinionista. Le opinioni sono atti soggettivi cangianti. Le opinioni se sono oggetto di discussione ed approfondimento, in TV diventano testimonianze. Ergo: Fatti. Con me i pareri e le opinioni cangianti, contrapposte e in contraddittorio, diventano fatti. Con me i fatti, e la Cronaca che li produce, diventano Storia. Rappresentare con verità storica, anche scomoda ai potenti di turno, la realtà contemporanea, rapportandola al passato e proiettandola al futuro. Per non reiterare vecchi errori.
