El plurilingüismo en España María Teresa Turell Julià, 2010-09-15 El plurilingüismo en España trata de los aspectos sociolingüísticos y psicolingüísticos de los grupos minoritarios establecidos y de nueva migración en España. Tres líneas de investigación principales permiten analizar las minorías presentes en España: la lengua, la migración y la discriminación. Algunas minorías se caracterizan por la lengua, la migración y la discriminación; otras comunidades se definen solo por la lengua y la migración, pero sus miembros no sufren discriminación; otro grupo de comunidades no se caracteriza por una migración reciente, pero sus miembros son discriminados y sus lenguas no están siquiera reconocidas de forma oficial. Y por último, hay algunas comunidades que no encuentran el suficiente apoyo legal e institucional y cuyas lenguas pueden ser objeto de discriminación o encontrarse en una relación asimétrica con respecto a la lengua española. El objetivo principal de este libro es contribuir a la descripción de todas estas lenguas y comunidades presentes en España, en particular, aquellas que nunca han sido descritas. Un objetivo secundario consiste en conocer mejor las diferentes lenguas y comunidades presentes en España con el fin de contribuir al siempre necesario entendimiento entre la gente y los pueblos, inmigrantes y anfitriones, en un mundo cambiante cuyo futuro solo puede concebirse en clave de interculturalidad.

La lengua española y los medios de comunicación Luis Cortés Bargalló, 1998-01-01 La historia de la preparación del Congreso de Zacatecas es breve e intensa. Se inició a comienzos del decenio de los noventa con la celebración del Congreso

de la Lengua Española, en Sevilla, en 1992, con motivo de los actos de clausura de la Exposición Universal. Este Congreso solicitó que México fuera sede del Primer Congreso Internacional de la Lengua Española. Para participar en la inauguración fueron invitados los tres premios Nobel de Literatura de habla española, Gabriel García Márquez, Camilo José Cela y Octavio Paz. Este Congreso dispuso la organización de tres mesas redondas: Las academias de la lengua y los medios de comunicación; La dimensión internacional de la lengua española y Los medios de comunicación y el futuro de la lengua española.

Gramática española Kim Potowski, Naomi Shin, 2024-09-30 Gramática española: Variación social presenta conceptos gramaticales claves de la lengua española a los alumnos intermedios y avanzados de una manera que enfatiza las conexiones entre lo social y lo lingüístico. Esta segunda edición ofrece varios puntos de gramática nuevos y sugerencias de lecturas adicionales. Otro componente nuevo de esta edición es el sitio web que incluye actividades y ejercicios que cubren los temas principales del libro de texto. El sitio web también provee amplias oportunidades para practicar las estructuras gramaticales. Este libro de texto, que está escrito en español, ofrece un repaso de la gramática a través de una presentación de variantes comunes alrededor del mundo hispanohablante, seguida por una explicación de las razones sociohistóricas por las cuales algunas variedades llegan a ser consideradas prestigiosas mientras otras no lo son. Utilizando el habla natural a partir de datos de corpora, Gramática española examina múltiples rasgos gramaticales que varían según factores como el lugar, el grupo social y el contexto. Los estudiantes aprenden la terminología especializada para que puedan identificar categorías y construcciones gramaticales, acabando con una visión clara de cómo los factores sociolingüísticos influyen en la gramática del español. El libro está diseñado para estudiantes del nivel B1 o más avanzado en el Common European Framework for Languages y del nivel intermedio-alto al nivel avanzado-alto de la escala de competencia de ACTFL. Gramática española: Variación social introduces key grammatical concepts in the Spanish language to intermediate and advanced level learners in a way that emphasizes the connections between the social and the linguistic. This second edition offers several new grammar points and suggestions for further reading. A brand-new component of this edition is its accompanying website featuring extensive activities and exercises covering all the main topics in the textbook. The website also provides comprehensive practice with grammatical structures. Written in Spanish, the textbook offers a review of Spanish grammar by presenting documented variants of linguistic features in the speech of Spanish speakers and underlining the sociohistorical reasons why some varieties come to be considered prestigious while others are not. Using naturally occurring speech from data in research corpora, Gramática española examines multiple grammatical features that vary depending on factors such as place, social group, and situation. Students are introduced to specialized terminology that gives them the ability to identify categories and grammatical constructions, providing them with an in-depth understanding of how sociolinguistic factors influence Spanish grammar. This unique textbook is designed for students at level B1 or higher on the Common European

Framework for Languages, and Intermediate High to Advanced High on the ACTFL proficiency scale.

La lingüística en España. Autobiografías intelectuales Xavier Laborda, Lourdes Romera, Ana Maria Fernández Planas (Eds.), 2015-04-17 El libro es una contribución a la historia de la lingüística, en la nueva y atractiva vertiente de las memorias personales. Consta de 24 relatos o autobiografías intelectuales de lingüistas sobresalientes, en las que describen su formación y las causas que les condujeron a la lingüística. Permiten comprender mejor el mérito de sus tareas y aportaciones. También tienden un puente entre los orígenes de la lingüística en España y el panorama actual. La obra presenta la historia como vivencia y reflexión, combina memorias personales, debates profesionales y manifiestos por una lingüística futura. Al mismo tiempo, identifica facetas de la sociedad en la que se han desarrollado esas trayectorias vitales. La escritura del yo produce de este modo un efecto sorprendente, porque trasciende la esfera del autor y plasma un panorama variado y contrastado de la lingüística contemporánea.

Diglossia Mauro Fernández, 1993-01-01 Today, the notion of 'diglossia' occupies a prominent place in sociolinguistic research. Since the 1960s, when the dominant sense of 'diglossia' was the complementary sociofunctional distribution of two varieties of the same language, the term has been applied -- often controversially -- to a growing number of diverse sociolinguistic situations. As a consequence of this extension of the scope of the concept, in combination with an increasing interest in the relationship between the role of language and the social structure, the number of publications in this field has risen exponentially over the last decades. However, despite the growing importance of the notion, up till now there was no adequate bibliography devoted to diglossia, while coverage in other bibliographies does not do justice to the number of works actually published in this area. This first comprehensive bibliography of the subject includes almost 3,000 entries; although the time span covered is 1960-1990, the book includes several dozens of entries from before 1960 and also a substantial

number of very recent publications from the period 1990-1992. The selection of items has not been restricted to a specific definition of diglossia: all available publications in which the term (or one of its offsprings) appears have been included; moreover, when considered appropriate, some material relevant to the subject has been added even though the term is not explicitly used. The usefulness of the bibliography has been enhanced significantly by six indexes: (1) index of languages, (2) diglossia in literature, (3) historically oriented works, (4) pedagogically oriented works, (5) theoretical works, and (6) theses and dissertations.

Sociolingüística y pragmática del español Carmen Silva-Corvalán, Andrés Enrique-Arias, 2017-03-01 This thoroughly updated second edition provides a clear and comprehensive overview of sociolinguistics and the pragmatics of oral communication in Spanish. While maintaining the same structure as the first edition, it includes revised “Ejercicios de reflexión” and new comprehension checks at the end of each chapter, along with numerous bibliographic references throughout, enhancing its use as a classroom text. Among the significant revisions are new sections on corpus linguistics and on statistical modeling programs for studying linguistic variables, an expanded chapter on the study of linguistic attitudes with special attention to Spanish in the United States, greater attention to the relation of pragmatics to sociolinguistics, including coverage of verbal politeness and forms of address, and updated information on Spanglish and on the teaching of Spanish as a heritage language.

Manual CLIL para centros bilingües Willy Cano, 2013 El principal objetivo de este manual es ofrecer nuevos conocimientos teóricos y prácticos sobre el enfoque metodológico AICOLE (Aprendizaje Integrado de Conocimientos y Lengua) —en lengua inglesa, CLIL (Content and Language Integrated Learning)—, que reivindica el aprendizaje de contenidos de asignaturas no lingüísticas mediante el uso de una segunda lengua. Fruto de una larga experiencia en docencia bilingüe y de numerosos encuentros con profesores que han compartido sus prácticas cotidianas en el aula, el Manual CLIL para centros bilingües trata de unificar criterios y crear unos fundamentos comunes que puedan ser de utilidad para cualquier proyecto de implantación del bilingüismo en centros docentes. Willy Cano es director del «Programa para la implantación del bilingüismo en centros docentes» de la Universidad Internacional de La Rioja (UNIR).

El castellano en las tierras de habla catalana Carsten Sinner, Andreas Wesch, 2008 Compilación de 16 estudios sobre la formación y las características del castellano hablado en Cataluña, la Comunidad Valenciana y las islas Baleares.

La lengua común en la España plurilingüe Ángel López García, 2009 Descripción: La lengua común en la España plurilingüe es un ensayo militante. Atrapado entre dos fuegos, la naturaleza compartida -luego común- del español y la reivindicación de lenguas propias en los territorios bilingües, el autor esboza una propuesta de medidas políticas y sociales, aunque sin perder la perspectiva académica. La idea es hacer extensivas las actitudes sesquilingües - producción monolingüe + comprensión bilingüe- al conjunto de España, siguiendo la práctica habitual en lo antiguo. Este libro se inserta en la

polémica que últimamente ha sacudido la vida española intentando adoptar una posición conciliadora que favorezca la convivencia lingüística. N° de ref. de la librería 21743

Enciclopedia de Lingüística Hispánica Javier Gutiérrez-Rexach, 2016-01-29 The Enciclopedia de Linguistica Hispánica provides comprehensive coverage of the major and subsidiary fields of Spanish linguistics. Entries are extensively cross-referenced and arranged alphabetically within three main sections: Part 1 covers linguistic disciplines, approaches and methodologies. Part 2 brings together the grammar of Spanish, including subsections on phonology, morphology, syntax and semantics. Part 3 brings together the historical, social and geographical factors in the evolution of Spanish. Drawing on the expertise of a wide range of contributors from across the Spanish-speaking world the Enciclopedia de Linguistica Hispánica is an indispensable reference for undergraduate and postgraduate students of Spanish, and for anyone with an academic or professional interest in the Spanish language/Spanish linguistics.
