Living Life by Choice ... Not Chance Tom Mahas,Elena Sotomayor,2011-08-31 Living Life by Choice is something very few people are actually able to achieve. For many, their lives are being predetermined and predestined by a 'hidden controller' their Subconscious Mind. Most Personal Development books will tell you what you should do to reclaim your personal power, health and prosperity without telling you actually 'How to do it.' Living Life by Choice, Not Chance, with its 2 specially designed Self-Hypnosis MP3 recordings will in fact, reprogram your Subconscious and help you achieve the life you desire ... and so rightly deserve. You can either Live Your Life By Choice or By Chance ... the choice is now yours!

The Becoming ,B.W.E.,2025-03-25 If you picked up this book, then you have a hunger within you driving your curiosity. This book is going to be a bridge for all of you to discover something within yourselves. I wrote the book to help everyone who is ready to accept what's inside. It is not meant for everyone nor is it meant to offend anyone. We are all surrounded by internal and external desires, temptations, self-indulgences, materialistic items, and so on. I hope you enjoy the read, and if it is for you, I hope you spread the word to help others like us. 2

Choices Nancy Byrne,2015-02-13 Answers you have been seeking are contained within the pages of this book. The book itself is a catalyst for personal growth and change. The Archer Carol Cottone Choomack,2013-09-26 The Archer takes you on a mystifying journey of one mans travels, permitting you to look into his world and his way of the bow. The Archer has no home to call his own as he travels the world alone. He takes one small suitcase and a long sleeve in which he carries his most prized possession. A once successful architect, the Archer is taken to the brink of ruin only to rise again, committing himself to a new way of life, as he learns about China and the mystical mountains of Wudang, where his past and present meet. Haunting dreams reveal secrets from sixth-century China. Lilian, his lost love, assists him in finding the missing pieces of a past life. Drawn to live by the Tao Te Ching and the flowing movements of Taijiquan he embraces the simplicity of life. He has no desire for material things and needs nothing other than what God puts before him. A disciplined teacher and guide, he changes the souls of children along his way and allows a brief glimpse into the window of his soul. With a click of the mouse, I came to find Armin Hirmer, the

Archer, within the confines of my modern silver machine. Certainly, it was not by chance, but a universal vibration radiating and my ability as an intuitive to capture what was revealed to my eyes. His photography mesmerized me, revealing a million oceans rippling the spirit within him.

African American Literacies Unleashed Arnetha F. Ball, Ted Lardner, 2005-12-13 This pioneering study of African American students in the composition classroom lays the groundwork for reversing the cycle of underachievement that plagues linguistically diverse students. *African American Literacies Unleashed: Vernacular English and the Composition Classroom* approaches the issue of African American Vernacular English (AAVE) in terms of teacher knowledge and prevailing attitudes, and it attempts to change current pedagogical approaches with a highly readable combination of traditional academic discourse and personal narratives. Realizing that composition is a particular form of social practice that validates some students and excludes others, Arnetha Ball and Ted Lardner acknowledge that many African American students come to writing and composition classrooms with talents that are not appreciated. To empower and inform practitioners, administrators, teacher educators, and researchers, Ball and Lardner provide knowledge and strategies that will help unleash the potential of African American students and help them imagine new possibilities for their successes as writers. *African American Literacies Unleashed* asserts that necessary changes in theory and practice can be addressed by refocusing attention from teachers' knowledge deficits to the processes through which teachers engage information relevant to culturally informed pedagogy. Providing strategies for unlearning racism in the classroom and changing the status quo, this volume stresses the development and maintenance of a real sense of teaching efficacy—teachers' beliefs in their abilities to connect with and work effectively with all students—and reflective optimism—teachers' informed expectations that all students have the potential to succeed.

Life's Greatest Lessons Hal Urban, 2005 This book presents twenty principles that are deeply rooted in common sense and compassion. The topics range from attitudes about money and understanding the real meaning of success to the importance of having fun.

I Should've Been A Nun Raven Sky, 2025-04-03 Raven Sky came up with the title as an oxymoron. She raised the question, Where would you be if you changed your choice at any point in your life? If you changed your choice from what you did choose to another? Would you have gone through the same challenges or maybe you wouldn't? Would you become the person you are now if you didn't choose the path you chose in the past? So by coming up with this title, it was meant to be humorous. If she chose to be a nun, she would not have learned the lessons or gone through the challenges she has gone through to make her who she is today. Nor would she be able to share her knowledge from her life to help those who search for peace or understanding in their life.

Stop Letting Your Past Control You Dr. Bill O'Leary, 2025-01-28 There are a number of books that focus on dealing with

past issues. The common themes seem to be forgiveness and acceptance. While these messages are a necessary part of the process, they aren't very practical. Forgiving someone is cathartic and often makes the forgiver feel better about themselves, but they can't effectively use it to overcome the underlying issues. There is also a sense of an afflicter and a victim. Readers should not have to feel like victims because they've been hurt in the past. They should be able to see hurt as normal, but something that is given far too much power. Healing is possible and moving on is possible. This book will empower the reader right from the beginning. You will see what you have been avoiding for most of your life and that by picking up this book, you have chosen to be the one in power and control. By applying the exercises in the book, you will finally take control of your life's direction. Conspicuously missing from other books are tangible skills one can walk away with. This book will have clinical exercises you can use to start improving your life immediately. There will be short-term and long-term goals that provide present as well as future benefits.

The author also presents two nurses that worked outside South Africa i.e. did their pioneering nursing in Saudi Arabia and the United States of America. The author does not scoop nursing out of its context but creates a narrative that resonates in lived experiences in a world dominated by the Africanization of poverty, the feminization of poverty, globalization, racism and xenophobia.

Little Wolf III Heike Thieme, 2019-09-03 I am one who has come to true love in the last third of their lives. First of all almost broken in my life, I found myself based on the fact much later discovering that experience with love and broken heart

I remained inside, open to love, and chance was no longer a coincidence, and exactly the right opposite of me feels addressed, and he knew before that he would probably fall in love with me. It is a voluntary matter, and nobody can foresee when that will be the case !

Living Beyond Your Dream-World Dr. Miracle I. Anyanwu, 2013-03-14 Wasting a dream is like wasting a life, and a life without a dream is a hopeless one. We don't dream to attract attention or recognition; to be applauded by families and well-wishers. We do dream because our lives are dependent on it. 'Real dreamers' never quit, even when it seems like giving up. They are aware of the fact that the dreams they possess are tried and tested. They comprehend that without the hurdles, these dreams fail to survive the test of time. No man prays for his dreams to be opposed; but the fact still remains: It's inevitable. 'Literal dreamers' only imagine and assume. They paint the magnified pictures of their lives but never strive to make them happen. 'Real dreamers' never deal with assumptions; they believe and act. One thing is to dream, and another, to act on it to make it a reality. It's biblically written that faith without work is dead. A dream without an effort hits the rock. So therefore, keep your aspirations alive with the right nutrients. As long as you can breathe, your 'dreams' can breathe also. «Living Beyond Your Dream World» is a book which will energize your body, soul and spirit to be part of the 'Dream Census'; thus, making the dream alive. DIG DEEPER! DREAM BIGGER!! IT'S YOUR TIME TO SHINE!!!

From a Note to a Novel Sinnaj, 2014-02-25 I choose . . . to live by choice, not by chance. To make changes, not excuses. To be motivated, not manipulated. To be useful, not used. To excel, not compete. I choose self-esteem, not self-pity. I choose to listen to my inner voice. Not the random opinion of others (author unknown). I believe that this quote exemplifies who I am. I am a God-fearing woman that has faced many challenges in my life, yet I am encouraged to push forward. I firmly believe in faith, family, and pursuing my dreams. I am always hopeful.
