

Was Monte Walsh A Real Person

Gerald F. Kreyche

Monte Walsh Jack Schaefer,2017-08-15 As the frontier is giving way to modern times, an aging cowboy takes to the trail to avenge the murder of his friend.

A Literary History of the American West Western Literature Association (U.S.),1987 Literary histories, of course, do not have a reason for being unless there exists the literature itself. This volume, perhaps more than others of its kind, is an expression of appreciation for the talented and dedicated literary artists who ignored the odds, avoided temptations to write for popularity or prestige, and chose to write honestly about the American West, believing that experiences long known to be of historical importance are also experiences that need and deserve a literature of importance.

Writing the Wild Frontier Stephen J. May,2023-04-05 For over 200 years, the American Western novel has chronicled much of the American experience, especially those of James Fenimore Cooper, Bret Harte, Andy Adams, Jack Schaefer and Larry McMurtry. Alongside the roguish figure of the cowboy, Westerns depict the experiences of women and minorities as they face the hardships and deprivations of the frontier. This book is directed at the general reader who is interested in the literature, history and culture of the American West. Exploring novels that have achieved a high level of acclaim, it is a survey and homage to the frontier's lasting works, detailing both the writers' lives and their fictional creations. The author traces the development of the Western novel through biography, anecdote, summary, analysis and informed criticism, revealing the struggles and triumphs of the genre's authors, the changing standards of the frontier story and the lasting effects of the region's magisterial landscape.

Lee Marvin Robert J. Lentz,2006-01-30 Lee Marvin did not receive his first starring film role until he was 40, but in three short years--following the successes of Cat Ballou (for which he won the Academy Award as Best Actor), The Professionals and especially The Dirty Dozen--he was the most popular film actor in America. Marvin was a fascinating man, a loving husband and father, and one of the most natural, effective actors of his time. This is a comprehensive reference of the Oscar-winning actor's work. It includes biographical information on Marvin, an analysis of each of his 64 movies, chapters on his two television shows (M Squad and Lawbreaker), a listing of his television appearances, and a complete filmography (which includes video availability). The work is supplemented with dozens of photographs and film stills.

Menacing Face Worth Millions: A Life of Charles Bronson Brian D'Ambrosio,2011-09-30 Menacing Face Worth Millions: A

Life of Charles Bronson is the first definitive biography of legendary screen actor Charles Bronson. Charles Bronson was the silver screen legend who forever changed America's - and the world's - idea of the leading man's looks: a poverty-stricken young man who became one of the most popular, highly-paid film stars of his day. No movie that Charles Bronson ever made can equal the reclusive life he led and the contradictions of his own hidden self. In this definitive retelling of Bronson's life - the first fully documented biography of the star - Brian D'Ambrosio looks at the vigilante tough guy's life and legacy and explores the events and issues that made him emblematic of his time.

A Thousand Cuts Dennis Bartok,Jeff Joseph,2016-08-25 A Thousand Cuts is a candid exploration of one of America's strangest and most quickly vanishing subcultures. It is about the death of physical film in the digital era and about a paranoid, secretive, eccentric, and sometimes obsessive group of film-mad collectors who made movies and their projection a private religion in the time before DVDs and Blu-rays. The book includes the stories of film historian/critic Leonard Maltin, TCM host Robert Osborne discussing Rock Hudson's secret 1970s film vault, RoboCop producer Jon Davison dropping acid and screening King Kong with Jefferson Airplane at the Fillmore East, and Academy Award-winning film historian Kevin Brownlow recounting his decades-long quest to restore the 1927 Napoleon. Other lesser-known but equally fascinating subjects include one-legged former Broadway dancer Tony Turano, who lives in a Norma Desmond-like world of decaying movie memories, and notorious film pirate Al Beardsley, one of the men responsible for putting O. J. Simpson behind bars. Authors Dennis Bartok and Jeff Joseph examine one of the least-known episodes in modern legal history: the FBI's and Justice Department's campaign to harass, intimidate, and arrest film dealers and collectors in the early 1970s. Many of those persecuted were gay men. Victims included Planet of the Apes star Roddy McDowall, who was arrested in 1974 for film collecting and forced to name names of fellow collectors, including Rock Hudson and Mel Tormé. A Thousand Cuts explores the obsessions of the colorful individuals who created their own screening rooms, spent vast sums, negotiated underground networks, and even risked legal jeopardy to pursue their passion for real, physical film.

Visions of the American West Gerald F. Kreyche,2014-07-11 Countless studies of the American West have been written from the viewpoint of history, psychology, sociology, and anthropology. But the West has seldom been written about with the reflective pen of a philosopher. Offering more than a fresh retelling, in thoroughly human terms, of the major historical events of the nineteenth-century West, Gerald Kreyche also leads the reader in a search for the spirit of the West

itself. That spirit was one with the American Dream, which offered freedom, individualism, and self-sufficiency to those strong enough and gutsy enough to heed the call of Manifest Destiny. Although the West was and is the most American part of America itself, its natural wonders, its spacious grandeur, its myths and mystique have captured the hearts and imaginations of people the world over. We have all experienced the quickened pulse at the mention of things indelibly western—tumbleweed, mountain men, high plains, cowboys and Indians, sod houses, coyotes, and grizzlies. And who doesn't react to such bigger-than-life figures as Jim Bridger, Buffalo Bill, George Armstrong Custer, Sitting Bull, and Crazy Horse? The personal humdrum of our times rapidly disappears when, through the magic of western films, TV shows, and books, we vicariously lose ourselves and then find ourselves in the American West of a bygone time. The West, then, produced a quasi-separate culture. And, as each culture must, it gave birth to its own ethos, its own special character, its own tone and set of guiding beliefs. Kreyche contends that in the process of westering, the veneer of the sophisticated easterner was sloughed off, leaving in sharp outline the frontiersman and the pioneer. In their own manner, these men and women produced a new species of homo americanus.

The Film Crew of Hollywood James C. Udel, 2013-10-28 These in-depth profiles illuminate the careers of ten motion picture crew members who worked during Hollywood's Independent Age of film and television production--basically from 1945 to 1980. A celebratory insiders' look at the Tinseltown machine, the book utilizes individual interviews and rare crew photographs to provide the back story of production challenges and solutions for some of the world's most recognized movies, including such classics as *The Searchers*, *Chinatown*, *The Hustler*, and *Bullitt* among many others. It provides not only an educational treatment of the jobs and techniques of filmmaking but also a dose of humorous and memorable experiences from the trenches.

Cowboy Metaphysics Peter A. French, 1997 Peter French examines the world of the western, one in which death is annihilation, the culmination of life, and there is nothing else. In that world he finds alternatives to Judeo-Christian traditions that dominate our ethical theories, alternatives that also attack the views of the most prominent ethicists of the past three centuries.

Kay Boyle, Artist and Activist Sandra Whipple Spanier, 1986 This first critical assessment of Kay Boyle's long career is both a portrait of the artists and a perceptive appraisal of her work. Boyle has lent her cooperation and support to Spanier's efforts to gather biographical material. Particularly enriching for this study were several meetings and extensive correspondence between author and critic. Spanier draws on hundreds of pages of letters containing a wealth of new information about Boyle's life, works, literary relationships, and current activities. Boyle has provided Spanier with unpublished documents and works in progress, yellowed news clippings and book reviews, and detailed notes in which she reacted to this work. Balancing her role of biographer and critic, Spanier has created a vital, perceptive, and integrated study of the life and work of a remarkable woman. -- From publisher's description.
