Thank You, Comrade Stalin! Jeffrey Brooks, 2021-04-13 Thank you, our Stalin, for a happy childhood. Thank you, dear Marshal [Stalin], for our freedom, for our children's happiness, for life. Between the Russian Revolution and the Cold War, Soviet public culture was so dominated by the power of the state that slogans like these appeared routinely in newspapers, on posters, and in government proclamations. In this penetrating historical study, Jeffrey Brooks draws on years of research into the most influential and widely circulated Russian newspapers—including Pravda, Izvestiia, and the army paper Red Star—to explain the origins, the nature, and the effects of this unrelenting idealization of the state, the Communist Party, and the leader. Brooks shows how, beginning with Lenin, the Communists established a state monopoly of the media that absorbed literature, art, and science into a stylized and ritualistic public culture—a form of political performance that became its own reality and excluded other forms of public reflection. He presents and explains scores of self-congratulatory newspaper articles, including tales of Stalin's supposed achievements and virtue, accounts of the country's allegedly dynamic economy, and warnings about the decadence and cruelty of the capitalist West. Brooks pays particular attention to the role of the press in the reconstruction of the Soviet cultural system to meet the Nazi threat during World War II and in the transformation of national identity from its early revolutionary internationalism to the ideology of the Cold War. He concludes that the country's one-sided public discourse and the pervasive idea that citizens owed the leader gratitude for the gifts of goods and services led ultimately to the inability of late Soviet Communism to diagnose its own ills, prepare alternative policies, and adjust to new realities. The first historical work to explore the close relationship between language and the implementation of the Stalinist-Leninist program, Thank You, Comrade Stalin! is a compelling account of Soviet public culture as reflected through the country's press.

American-Soviet Cultural Diplomacy Cadra Peterson McDaniel, 2014-11-18 American-Soviet Cultural Diplomacy: The Bolshoi Ballet's American Premiere is the first full-length examination of a Soviet cultural diplomatic effort. Following the

signing of an American-Soviet cultural exchange agreement in the late 1950s, Soviet officials resolved to utilize the Bolshoi Ballet's planned 1959 American tour to awe audiences with Soviet choreographers' great accomplishments and Soviet performers' superb abilities. Relying on extensive research, Cadra Peterson McDaniel examines whether the objectives behind Soviet cultural exchange and the specific aims of the Bolshoi Ballet's 1959 American tour provided evidence of a thaw in American-Soviet relations. Interwoven throughout this study is an examination of the Soviets' competing efforts to create ballets encapsulating Communist ideas while simultaneously reinterpreting pre-revolutionary ballets so that these works were ideologically acceptable. McDaniel investigates the rationale behind the creation of the Bolshoi's repertoire and the Soviet leadership's objectives and interpretation of the tour's success as well as American response to the tour. The repertoire included the four ballets, *Romeo and Juliet*, *Swan Lake*, *Giselle*, and *The Stone Flower*, and two Highlights Programs, which included excerpts from various pre- and post-revolutionary ballets, operas, and dance suites. How the Americans and the Soviets understood the Bolshoi's success provides insight into how each side conceptualized the role of the arts in society and in political transformation. *American-Soviet Cultural Diplomacy: The Bolshoi Ballet's American Premiere* demonstrates the ballet's role in Soviet foreign policy, a shift to artful warfare, and thus emphasizes the significance of studying cultural exchange as a key aspect of Soviet foreign policy and analyzes the continued importance of the arts in twenty-first century Russian politics.

This series critically examines issues of legal doctrine and practice in Central and Eastern Europe, including studies on the harmonization of legal principles and rules; the legal impact of the intertwining of domestic economies, on the one hand, with regional economies and the processes of international trade and investment on the other. The series offers a forum for discussion of topical questions of public and private law from domestic, regional, and international perspectives. Comparative research that provides insights in legal developments that can be communicated to those interested in questions, not only of law, but also of politics, economics, and of society of countries in the region also finds a home in the series. **United States Code** United States,2013 The United States Code is the official codification of the general and permanent laws of the United States of America. The Code was first published in 1926, and a new edition of the code has been published every six years since 1934. The 2012 edition of the Code incorporates laws enacted through the One Hundred Twelfth Congress, Second Session, the last of which was signed by the President on January 15, 2013. It does not include laws of the One Hundred Thirteenth Congress, First Session, enacted between January 2, 2013, the date it convened, and January 15, 2013. By statutory authority this edition may be cited U.S.C. 2012 ed. As adopted in 1926, the Code established prima facie the general and permanent laws of the United States. The underlying statutes reprinted in the Code remained in effect and controlled over the Code in case of any discrepancy. In 1947, Congress began enacting individual titles of the Code into positive law. When a title is enacted into positive law, the underlying statutes are repealed and the title then becomes legal evidence of the law. Currently, 26 of the 51 titles in the Code have been so enacted. These are identified in the table of titles near the beginning of each volume. The Law Revision Counsel of the House of Representatives continues to prepare legislation pursuant to 2 U.S.C. 285b to enact the remainder of the Code, on a title-by-title basis, into positive law. The 2012 edition of the Code was prepared and published under the supervision of Ralph V. Seep, Law Revision Counsel. Grateful

acknowledgment is made of the contributions by all who helped in this work, particularly the staffs of the Office of the Law Revision Counsel and the Government Printing Office--Preface.
