Because Internet Gretchen McCulloch, 2020-07-21 AN INSTANT NEW YORK TIMES BESTSELLER!! Named a Best Book of 2019 by TIME, Amazon, and The Washington Post A Wired Must-Read Book of Summer "Gretchen McCulloch is the internet's favorite linguist, and this book is essential reading. Reading her work is like suddenly being able to see the matrix." —Jonny Sun, author of *everyone's a little bit when ur a little bit too* *Because Internet* is for anyone who's ever puzzled over how to punctuate a text message or wondered where memes come from. It's the perfect book for understanding how the internet is changing the English language, why that's a good thing, and what our online interactions reveal about who we are. Language is humanity's most spectacular open-source project, and the internet is making our language change faster and in more interesting ways than ever before. Internet conversations are structured by the shape of our apps and platforms, from the grammar of status updates to the protocols of comments and @replies. Linguistically inventive online communities spread new slang and jargon with dizzying speed. What's more, social media is a vast laboratory of unedited, unfiltered words where we can watch language evolve in real time. Even the most absurd-looking slang has genuine patterns behind it. Internet linguist Gretchen McCulloch explores the deep forces that shape human language and influence the way we communicate with one another. She explains how your first social internet experience influences whether you prefer LOL or lol, why ~sparkly tildes~ succeeded where centuries of proposals for irony punctuation had failed, what emoji have in common with physical gestures, and how the artfully disarrayed language of animal memes like lolcats and doggo made them

more likely to spread.

Grow Your People, Grow Your Business Karen Jett,2013-06 The Seeds of Greatness™ I believe that every human being contains the seeds of greatness. This doesn't necessarily mean that everyone will grow up to become a CEO or President. It does mean that every person out there has the potential to become the best me they can possibly be. When the seeds of greatness start to sprout, all kinds of wonderful things start to happen. As individuals begin to grow they start to do better work, they begin to do every task to the best of their ability which helps them to grow faster and stronger. Eventually they begin to flower and set fruit. They start to expand their abilities and knowledge and become better. And then just like vegetables need to cross pollinate in order to bear fruit, they begin to look at others and see how by helping them they can also help themselves. While some seeds have the ability to grow wherever they land, usually the seeds for the most desired plants need to be planted correctly and then tended with loving care to get them to grow and produce fruit. As a manager of people, you have the opportunity to provide fertile soil, water, nutrients, and needed supports to help your people grow. And as they grow, you will grow also. Over time, they will nourish you as you have nourished them. I believe that every human being contains the seeds of greatness. I love to farm people and help them to develop their greatness. If you would like to do the same, then this book is for you!

The Invisible Architect: How to Design Your Perfect Life From Within John Novello,2021-05-01 What would it mean if your perfect life was awaiting your discovery? What if you knew the exact steps that would allow you to discover and achieve this perfect life? And what if you had an Invisible Architect-an all-powerful all-knowing best friend at your beckon call

to help you discover, design, and achieve your perfect life? And what if your perfect life has already been achieved and is waiting for you to claim it? This is exactly what award-winning musician/author John Novello offers in the pages of his extraordinary new transformational book, the Invisible Architect. You'll learn that there is indeed a Perfect All-Knowing Power, an Invisible Architect, or to put it in more scientific terms, an Invisible Field of Intelligent Energy that permeates everything that exists, including you and me and all life, matter, energy, space, and time, and is available to us for information, advice, comfort, and assistance in designing our perfect Divine lives. The Invisible Architect is a rare look into the inner world of acclaimed jazz musician/composer/author John Novello by the author himself and based on his discovery of an inner power we all possess but rarely knowingly use. This book was written because of a Divine unsolicited conversation he had with the Invisible Architect one day. Here is the conversation... Invisible Architect: John, you now need to spread the WORD! John, confused: What WORD? Invisible Architect: That everybody is one with the Invisible Architect and could be employing this miraculous energy to design their perfect lives from within! John: But there are already many books on this subject. Invisible Architect: True, but not from your unique perspective as a jazz musician who has experienced these wonderful miracles! End of conversation. And therein lies the genesis of this book. I cannot imagine operating without my mystical friend and advisor-the Invisible Architect. And it is now very clear to me that my duty is to spread the WORD to everyone so that they too can design their perfect lives from within, as long as they understand the spiritual mechanics involved-the relationship between the Universal Energy (the Invisible Architect) and its creations and the interactions thereof. But first you must become aware of the Architect, learn how to consciously commune with and employ the Architect, and finally trust the Architect to manifest your desires as only it knows how! The Invisible Architect is a captivating story of the aspirations and cognitions of the life of a now-famous jazz musician. Enlightening, inspirational, tragic, and miraculous, The Invisible Architect is a self-help program for designing your perfect life from within-the exact process of how our inner world creates our outer world. Spread the WORD...!
