Translation and Music Sebnem Susam-Sarajeva, 2016-04-08 Popular and multimodal forms of cultural products are becoming increasingly visible within translation studies research. Interest in translation and music, however, has so far been relatively limited, mainly because translation of musical material has been considered somewhat outside the limits of translation studies, as traditionally conceived. Difficulties associated with issues such as the 'musicality' of lyrics, the fuzzy boundaries between translation, adaptation and rewriting, and the pervasiveness of covert or unacknowledged translations of musical elements in a variety of settings have generally limited the research in this area to overt and canonized translations such as those done for the opera. Yet the intersection of translation and music can be a fascinating field to explore, and one which can enrich our understanding of what translation is and how it relates to other forms of expression. This special issue is an attempt to open up the field of translation and music to a wider audience within translation studies, and to an extent, within musicology and cultural studies. The volume includes contributions from a wide range of musical genres and languages: from those that investigate translation and code-switching in North African rap and rai, and the intertextual and intersemiotic translations revolving around Mahler's lieder in Chinese, to the appropriation and after-life of Kurdish folk songs in Turkish, and the emergence of rock'n roll in Russian. Other papers examine the reception of Anglo-American stage musicals and musical films in Italy and Spain, the concept of 'singability' with examples from Scandinavian languages, and the French dubbing of musical episodes of TV series. The volume also offers an annotated bibliography on opera translation and a general bibliography on translation and music.

Canzoni nel cassetto Marco Rettani, Nico Donvito, 2022-11-22 Ci sono canzoni che segnano la vita di chi le compone e di chi le ascolta. Hanno storie affascinanti fatte di travagliate attese, tentacolari incroci, fortunate combinazioni, sliding doors e,

ancora, contrattempi, casualità e improvvise illuminazioni celesti. Da qui l'idea di raccontare e approfondire la vita di trenta canzoni tra le più amate e conosciute, soffermandoci sul cruciale ultimo miglio che ne separa la nascita dal successo. Questo libro racconta di come alcune composizioni sono uscite dal cassetto, quali difficoltà, imprevisti e fortunati incontri ne hanno modificato il destino... Non si è voluto scrivere un'enciclopedia della canzone italiana e neppure una classifica bensì una scelta soggettiva che ha messo in evidenza la particolare storia del brano nonché la possibilità di ricostruire narrazioni interpellando chi quelle opere le ha scritte e portate alla luce. Un volume da leggere d'un fiato ma anche da centellinare e assaporare come un vino d'annata. Trovo che sia benemerito il fatto che esista questo volume ... Alla fine vedrete che questo libro si comporterà con voi esattamente come le canzoni si comportano con i rispettivi autori: fanno tante storie, ma poi camminano per la propria strada. È così che va, un po' come la vita... (Dalla prefazione di Vincenzo Mollica)
