**Gangland Oz** Susanna Lobez,James Morton,2017-08-28 Devious, daring, cunning ... but ultimately too greedy, too cocky. Gangland Oz: Yesterday, Today and Tomorrow exposes the country's pantheon of crooks and criminals since the first convicts stepped ashore and got to work. Ten years on from the original bestselling Gangland Australia, top true-crime writer James Morton and barrister and broadcaster Susanna Lobez conspire again to track the rise and fall of Australia's talented contract killers, brothel keepers, robbers, bikers, standover merchants, conmen and drug dealers. They examine the role of police, politicians and lawyers who have aided and busted criminal empires and look at the recent rise of youth gangs, cyber crime, identity theft and sexploitation scams. Vivid and explosive, Gangland Oz: Yesterday, Today and Tomorrow is compulsive reading.

**Building Collapses** Mark Mayell, 2005 Faulty engineering and inspection, flawed materials, human error, and arrogance are among the many possible causes for building collapses. While such tragedies will probably continue, new and better methods of planning and construction have greatly improved building techniques and safety.

Collapse Phillip Wearne, 1999 We take it for granted that buildings will not collapse. Yet even some of the most prestigious building projects have ended in disaster, often causing devastating loss of life. Once a building is erected, faults in design and construction can lie dormant for years, even centuries, until conditions conspire to trigger a collapse. The result is catastrophe. Few professional failures invite such popular contempt as the architects and civil engineers who kill by getting their calculations wrong.

*Justice Under the Rubble* Andrew Stern, George Anastasia, 2018 On the morning of June 5, 2013, early-bird shoppers and employees at a Philadelphia Salvation Army thrift store were buried alive. The roof of the Salvation Army store buckled with no warning. Those who were lucky escaped. The other thirteen found themselves buried under the rubble. The disaster led to criminal prosecutions and a lawsuit that resulted in one of the longest trials in Pennsylvania history, involving hundreds of millions of dollars. Throughout the process, city officials, lawyers, and the public at large continued to argue about who was most to blame. In *Justice under the Rubble*, Andrew Stern and George Anastasia tell the moving, and sometimes chilling, story of the pursuit of justice.
