Sabine Zange

In a Child's Name Peter Maas, 1990 Examines the events surrounding the murder of Teresa Benigno Taylor--a wife and new mother. Her husband was arrested, but could he be convicted?

In the Name of the Child Roger Cooter, 2013-02-01 Recent revelations of child abuse have highlighted the need for understanding the historical background to current attitudes towards child health and welfare. *In the Name of the Child* explores a variety of professional, social, political and cultural constructions of the child in the decades around the First World War. It describes how medical and welfare initiatives in the name of the child were shaped and how changes in medical and welfare provisions were closely allied to political and ideological interests.

The Children Who Lived Kathryn A. Markell, Marc A. Markell, 2013-03-01 Harry Potter's encounters with grief, as well as the grief experiences of other fictional characters, can be used by educators, counselors, and parents to help children and adolescents deal with their own loss issues. *The Children Who Lived* is a unique approach toward grief and loss in children. Focusing on fictional child and adolescent characters experiencing grief, this book uses classic tales and the Harry Potter books to help grieving children and adolescents. Included in the text and the downloadable resources are a number of activities, discussion questions, and games that could be used with grieving children and adolescents, based on the fictional characters in these books.

The North Carolina Filmography Jenny Henderson, 2017-07-21 In recent years North Carolina has been recognized as a popular filming location for feature films and television series such as *Last of the Mohicans* and *Dawson's Creek*. Few people, probably, realize that the first feature film in the state was shot in 1912. This comprehensive reference book provides a complete listing of every film, documentary, short, television program, newsreel, and promotional video in which at least some part was filmed in North Carolina, through the year 2000. The entries contain the following information: alternate titles, the type of film (feature film, television episode, etc), studio, cities, counties, scenes (Biltmore House, for example), comments (short synopses of the movies), director, producer, co-producer, executive producer, cinematographer, writer, music and casting credits, additional crew, and cast.

Play Therapy with Vulnerable Populations Eric Green, Amie C. Myrick, 2014-12-11 While many books and current research in the field of child psychotherapy focus on typical psychiatric conditions faced by children and the associated treatments for those conditions, there is a paucity of information on treating vulnerable demographics and unique child populations. These include, but are not limited to, children affected by natural disasters, complex trauma, and obsessive-compulsive disorder. *Play Therapy with Vulnerable Populations: No Child Forgotten* provides the latest research-supported, play-based interventions for clinicians to utilize with these children. This book encourages the reader through real-world application case studies to honor the significance of the therapeutic relationship and balance humanism and therapeutic warmth with evidence-based practices.

The Earliest Wordsworth William Wordsworth,2002 Many editions of William Wordsworth's mature work are available but general readers have never before had access to the poetry he wrote during his school and university years. This selection from the poetry he composed between 1785 and 1790 reveals him to have been remarkably accomplished from an early age and shows that from the time he began to write he was already preoccupied with precisely the themes that would later be explored more fully in *The Prelude*, the great poem of his maturity. *The Earliest Poems* offers a unique opportunity to examine something normally withheld from our gaze: the apprenticeship of a great writer. Duncan Wu's introduction and his comprehensive notes guide the reader through versions of Wordsworth's work to show how he graduated from the early experimentation of pieces such as 'Beauty and Moonlight' to *An Evening Walk*, an impressive poem of over 600 lines which was published in 1793. This book spans the first five years of Wordsworth's career, revealing how the traumas of his early life forged his vision and produced the sensibility that would make him a most gifted celebrant of the human spirit. In effect, they also chronicle the evolution of British Romanticism out of the aesthetic morass of the late eighteenth century. Book jacket.
