Pangs of Love and Longing Anders Cullhed, Carin Franzén, Anders Hallengren, 2014-10-16 The complex relationship between psychic structures, social norms, and aesthetic representations is a challenge for every analysis of the historical manifestations of human desire. *Pangs of Love and Longing: Configurations of Desire in Premodern Literature* sets out to provide a deeper understanding of this relation by an assessment of linguistic and artistic configurations of desire in European literature from Antiquity to the Early Modern period. The aim is to explore historic continuities and ruptures in attitudes towards sexuality, pleasures and bodies, as these are represented in a variety of cultural forms, in order to demonstrate the plurality of premodern desire - and, ultimately, to offer fresh perspectives on our present reality. The seventeen scholars participating in the anthology bring together theories and assessments from different areas of the Humanities - German, French, Italian, Spanish, English, and Comparative Literature, History of Ideas and of Art, Theology, Philosophy and Gender Studies. They are all engaged in cross-disciplinary activities at universities in Sweden, Norway and Denmark, and they all participate in the Scandinavian network "Configurations of Desire in Premodern Literature" initiated in 2010.

Augustine and Politics as Longing in the World John von Heyking, 2001 Saint Augustine's political thought has usually been interpreted by modern readers as suggesting that politics is based on sin. In *Augustine and Politics as Longing in the World*, John von Heyking shows that Augustine actually considered political life a substantive good that fulfills a human longing for a kind of wholeness. Rather than showing Augustine as supporting the Christian church's domination of politics, von Heyking argues that he held a subtler view of the relationship between religion and politics, one that preserves the independence of political life. And while many see his politics as based on a natural-law ethic or on one in which authority is

conferred by direct revelation, von Heyking shows how Augustine held to an understanding of political ethics that emphasizes practical wisdom and judgment in a mode that resembles Aristotle rather than Machiavelli.

Desire and Infinity in W. S. Merwin's Poetry Feng Dong,2021-12-15 In the first monograph on W. S. Merwin to appear since his death in 2019, Feng Dong focuses on the dialectical movement of desire and infinity that ensouls the poet's entire oeuvre. His analysis foregrounds what Merwin calls "the other side of despair," the opposite of humans' articulated personal and social agonies. Feng finds these presences in Merwin's evocations of what lingers on the edge of constantly updated socio-symbolic frameworks: surreal encounters, spiritual ecstasies, and abyssal freedoms. By examining Merwin's lifelong engagement with psychic fantasies, anonymous holiness, entities both natural and supernatural, and ghostly ancestors, Feng uncovers a precarious relation with the unarticulated, unrealized side of existence. Drawing on theories from Lacan, Žižek, Levinas, and Heidegger, *Desire and Infinity in W. S. Merwin's Poetry* reads a metaphysical possibility into the poet's work at the intersection between contemporary poetics, philosophy, and psychoanalysis.

The Philosophy of Desire in the Buddhist Pali Canon David Webster,2005 David Webster explores the notion of desire as found in the Buddhist Pali Canon. Beginning by addressing the idea of a 'paradox of desire', whereby we must desire to end desire, the varieties of desire that are articulated in the Pali texts are examined. A range of views of desire, as found in Western thought, are presented as well as Hindu and Jain approaches. An exploration of the concept of ditthi(view or opinion) is also provided, exploring the way in which 'holding views' can be seen as analogous to the process of desiring. Other subjects investigated include the mind-body relationship, the range of Pali terms for desire, and desire's positive spiritual value. A comparative exploration of the various approaches completes the work.

Sexuality and Holy Longing: Second Edition Lisa Graham McMinn,2019-03-05 In this newly revised edition of *Sexuality and Holy Longing*, author Lisa Graham McMinn beautifully describes how people are created by God for relationship, and our sexuality guarantees that we will long for and be drawn toward others. McMinn provides a blueprint for understanding sexuality--and our longing to be loved--at all stages of life (childhood, teen years, early adulthood, midlife, and old age). In the context of faith and a changing culture, she explores sexual awakenings in adolescence, choices, opportunities and challenges of single people, and mysteries of committed covenantal relationships. She addresses tough topics, including reproductive issues, sexuality for those who are single (divorced, widowed, or never married), and in this new edition, LGBT issues and same-sex marriage. The author details practical solutions for ways that parents, educators, and churches can nurture others and ourselves in the quest to understand sexuality as a longing that draws us toward God and others, and to embrace it as a God-given gift. Thought-provoking study questions at the end of each chapter inspire readers to reflection and action in reclaiming our sexuality through grace.

Augustine's Preaching and the Healing of Desire in the Enarrationes in Psalmos Mark J. Boone, 2023-02-27 The

Enarrationes in Psalmos is the collection of Augustine's commentaries and sermons on the Psalms. Although Augustine is often at his philosophical best here, bearing various resemblances to the Platonists and other philosophers, he also articulates a distinctively Christian view on what we should desire, on how desire has gone wrong, and on how it is healed. The renewal of desire takes place as a result of and through the unity of Christ and the church, which is the guiding theme of the Enarrationes. Augustine's Preaching and the Healing of Desire in the Enarrationes in Psalmos traces this theology of desire as it connects to Augustine's Christology, his ecclesiology, his account of happiness and well-being, and his eschatology. The book closes with some suggestions on what the church can learn today from the Enarrationes in the areas of psychology and wellbeing, biblical exegesis, and homiletics.
