**José Ferrer** Mike Peros,2020-08-19 José Ferrer (1912-1992) became the first Puerto Rican actor to win the Best Actor Academy Award for the 1950 film version of *Cyrano de Bergerac*. His iconic portrayal of the lovelorn poet/swordsman had already won him the Tony in 1947, and he would be identified with *Cyrano* for the rest of his life. Ferrer was a theatrical dynamo with limitless energy; in 1952 he directed *Stalag 17*, *The Fourposter*, and *The Shrike* (which he starred in) on Broadway, while New York City movie marquees were heralding his appearance in *Anything Can Happen*. At his apex in the 1950s, Ferrer was in constant demand both in theater and movies. He capitalized on his Oscar with such triumphs as *Moulin Rouge* and *The Caine Mutiny*. Not content with merely acting, Ferrer soon became a force behind the camera, acting and directing such critically well-received films as *The Shrike* and *The Great Man*. Success proved difficult to sustain. In the late 1950s, such ambitious theatrical productions as *Edwin Booth* and *Juno* were critical and commercial flops, while film studios also lost their patience with him. By the mid-1960s, Ferrer took whatever roles he could get in films, television, or regional theater. In addition, Ferrer had a turbulent personal life. His first marriage to actress Uta Hagen ended in divorce and scandal. His personal and professional relationship with his *Othello* costar Paul Robeson landed Ferrer before the House Un-American Activities Committee. Ferrer's marriage to actress/dancer Phyllis Hill was marred by his infidelity, while his initial wedded bliss with singer Rosemary Clooney eroded as his career began to ebb while hers started to peak. In spite of everything, Ferrer managed to endure and was working practically right up to his death. Ferrer maintained his pride in his Puerto Rican heritage, donating his Oscar to the University of Puerto Rico while championing the work of Latino poets and playwrights. He continuously evolved, striving to remain relevant, stretching his talents (including cabaret, operas, musicals, and yes, ballet!), and writing the occasional guest column for major newspapers. Ferrer's life is an American success story and a testament to reinvention and resilience.

Godwired Rachel Wagner,2012-03-12 *Godwired* offers an engaging exploration of religious practice in the digital age. It considers how virtual experiences, like stories, games and rituals, are forms of world-building or cosmos construction that serve as a means of making sense of our own world. Such creative and interactive activity is, arguably, patently religious. This book examines: the nature of sacred space in virtual contexts technology as a vehicle for sacred texts who we are when we go online what rituals have in common with games and how they work online what happens to community when people

worship online how religious worlds and virtual worlds nurture similar desires. Rachel Wagner suggests that whilst our engagement with virtual reality can be viewed as a form of religious activity, today's virtual religion marks a radical departure from traditional religious practice – it is ephemeral, transient, rapid, disposable, hyper-individualized, hybrid, and in an ongoing state of flux.

**Vivien Leigh** Michelangelo Capua,2015-09-01 Scarlett O'Hara was not beautiful, but men seldom realized it when caught by her charm Margaret Mitchell opened *Gone with the Wind* with this description of Scarlett O'Hara, but her words can hardly be applied to Vivien Leigh, the British actress who gave an unforgettable performance as the Southern belle. Leigh possessed a beauty that men seldom failed to recognize and a charm that caught many, but her life was far from being all beauty and charm. This biography of the beautiful and tortured actress, from her birth and childhood in exotic India to her premature death in 1967, gives special attention to her development and career as a stage and film actress (which culminated in one Tony award and two Oscars). Her ambitious personality and her manic-depressive illness, including the sexual compulsion that haunted her life, her romantic and tragic marriage to Laurence Olivier, and her performances in, for instance, *Gone with the Wind* and *A Streetcar Named Desire*, are all detailed.

Now Screen World editor Barry Monush has compiled another comprehensive work for every film lover's library. In the first of two volumes, this book chronicles the careers of every significant film actor, from the earliest silent screen stars – Chaplin, Pickford, Fairbanks – to the mid-1960s, when the old studio and star systems came crashing down. Each listing includes: a brief biography, photos from the famed Screen World archives, with many rare shots; vital statistics; a comprehensive filmography; and an informed, entertaining assessment of each actor's contributions – good or bad! *Oscar's Favorite Actors* Roger Leslie, 2017-07-14 Just as the Academy Awards have an impact upon stars and their careers, their filmic achievements influence the Academy and contribute to the rich history of the Oscars. Upset wins, jarring losses and glaring oversights have helped define the careers of Hollywood icons, while unknown actors have proven that timing sometimes beats notoriety or even talent. With detailed discussion of their performances and Awards night results, this book describes how 108 actors earned the Academy's favor--and how 129 others were overlooked.

The Irreversible Decline of Eddie Socket John Weir,2022-05-03 Before the onset of his irreversible decline, Eddie Socket always suspected he was on the verge of something. Now that “something” has arrived in the form of Merrit Mather, an attractive older gentleman of impeccable taste in everything from sweaters to his numerous sexual conquests. That Merrit happens to be the lover of Eddie’s agitated boss, Saul, hardly fazes the smitten Eddie; that the elusive Merrit loses interest in Eddie with dizzying speed hardly dims his ardor. While Eddie continues his futile chase, he finds solace in his roommate, Polly, involved in her own implausible affair with a self-involved banker. Both Eddie and Polly eventually conclude that solitude is their best option. But even that is not possible as Eddie finds his life taking an unexpected turn—a turn that that serves as the catalyst for Eddie, love-ravaged Polly, and the indomitable Saul to reclaim their lives. First published in 1989 and winner of the 1990 Lambda Literary Award for Best Gay Debut Novel, *The Irreversible Decline of Eddie Socket* is one of the first novels to respond to the global AIDS crisis. A comedy of absurdist horror, it weaponizes the comic as a way of intensifying the tragic aspects of AIDS, which were especially acute in the early 1980s, and the scars of which are still visible today.

*Everybody's Talkin'* Barry Monush,2009 The movies of the 1960s ran the gamut from glossy studio product to a less linear and less inhibited style of filmmaking. It was the decade during which censorship codes were demolished and the studio contract system fell apart. Every genre was strongly represented, from domestic dramas to spectacles, musicals, soap operas, and westerns. Some of the most diverse, daring, colourful, outrageous, and enduring of all motion pictures were

released from 1965 to 1969. Screen World editor Barry Monush tells the reader why his top selections stood out among the other releases of those five years. The text is accompanied by illustrations of movie ads, tie-in book covers, soundtrack albums, sheet music, and other oddities. In addition, each film's entry includes a plot synopsis, the opening date, the studio, and a creative staff and cast listing. From *The Sound of Music* to *Alfie*, *In the Heat of the Night* to *The Lion in Winter*, *Bob & Carol & Ted & Alice* to *Planet of the Apes*, *Easy Rider*, and *Midnight Cowboy*, here is a pop culture feast for film buffs and all fans of that interesting point in time that was the late 1960s.

*American Disaster Movies of the 1970s* Scott Freer, 2023-10-19 *American Disaster Movies of the 1970s* is the first scholarly book dedicated to the disaster cycle that dominated American cinema and television in the 1970s. Through examining films such as *Airport* (1970), *The Poseidon Adventure* (1972), *Two-Minute Warning* (1976) and *The Swarm* (1978), alongside their historical contexts and American contemporaneous trends, the disaster cycle is treated as a time-bound phenomenon. This book further contextualises the cycle by drawing on the longer cultural history of modernist reactions to modern anxieties, including the widespread dependence on technology and corporate power. Each chapter considers cinematic precursors, such as the 'ark movie', and contemporaneous trends, such as New Hollywood, vigilante and blaxploitation films, as well as the immediate American context: the end of the civil rights and countercultural era, the Watergate crisis, and the defeat in Vietnam. As Scott Freer argues, the disaster movie is a modern, demotic form of tragedy that satisfies a taste for the macabre. It is also an aesthetic means for processing painful truths, and many of the dramatized themes anticipate present-day monstrosities of modernity.

*The Dialectics of Exile* Sophia A. McClennen, 2004 The history of exile literature is as old as the history of writing itself. Despite this vast and varied literary tradition, criticism of exile writing has tended to analyze these works according to a binary logic, where exile either produces creative freedom or it traps the writer in restrictive nostalgia. *The Dialectics of Exile: Nation, Time, Language and Space in Hispanic Literatures* offers a theory of exile writing that accounts for the persistence of these dual impulses and for the ways that they often co-exist within the same literary works. Focusing on writers working in the latter part of the twentieth century who were exiled during a historical moment of increasing globalization, transnational economics, and the theoretical shifts of postmodernism, Sophia A. McClennen proposes that exile literature is best understood as a series of dialectic tensions about cultural identity. Through comparative analysis of Juan Goytisolo (Spain), Ariel Dorfman (Chile) and Cristina Peri Rossi (Uruguay), this book explores how these writers represent exile identity. Each chapter addresses dilemmas central to debates over cultural identity such as nationalism versus globalization, time as historical or cyclical, language as representationally accurate or disconnected from reality, and social space as utopic or dystopic. McClennen demonstrates how the complex writing of these three authors functions as an alternative discourse of cultural identity that not only challenges official versions imposed by authoritarian regimes, but also

tests the limits of much cultural criticism.

**Simone Signoret** Susan Hayward,2004-06-22 In what may be the most in-depth study yet published of a film star's body of work, Susan Hayward charts the career of Simone Signoret, one of the great French actresses of the 20th Century. Signoret-who won an Oscar in 1960 for her performance in *Room at the Top*- was a key figure in French cinema for 40 years. But it is not so much her longevity that impresses, as it is the quality of work she produced as her career progressed. She started out as a stunningly beautiful woman, winning major international awards five times for her roles, and yet was only moderately in demand during those years. From the 1960s onwards, when her looks began to decline significantly, Signoret was in greater demand, and produced most of her output. She insisted on playing roles consonant with her real age, and often chose to play roles that portrayed her as even more ugly than she had become. *Simone Signoret: The Star as Cultural Sign* is a remarkable achievement, a labor of love from one of the world's leading scholars of French cinema.

**Twentieth-Century American Fiction on Screen** R. Barton Palmer,2007-02-22 The essays in this collection analyse major film adaptations of twentieth-century American fiction, from F. Scott Fitzgerald's *The Last Tycoon* to Toni Morrison's *Beloved*. During the century, films based on American literature came to play a central role in the history of the American cinema. Combining cinematic and literary approaches, this volume explores the adaptation process from conception through production and reception. The contributors explore the ways political and historical contexts have shaped the transfer from book to screen, and the new perspectives that films bring to literary works. In particular, they examine how the twentieth-century literary modes of realism, modernism, and postmodernism have influenced the forms of modern cinema. Written in a lively and accessible style, the book includes production stills and full filmographies. Together with its companion volume on nineteenth-century fiction, the volume offers a comprehensive account of the rich tradition of American literature on screen.

**Casting Might-Have-Beens** Eila Mell,2015-01-24 Some acting careers are made by one great role and some fall into obscurity when one is declined. Would Al Pacino be the star he is today if Robert Redford had accepted the role of Michael Corleone in *The Godfather*? Imagine Tom Hanks rejecting Uma Thurman, saying that she acted like someone in a high school play when she auditioned to play opposite him in *The Bonfire of the Vanities*. Picture Danny Thomas as *The Godfather*, or Marilyn Monroe as Cleopatra. This reference work lists hundreds of such stories: actors who didn't get cast or who turned down certain parts. Each entry, organized alphabetically by film title, gives the character and actor cast, a list of other actors considered for that role, and the details of the casting decision. Information is drawn from extensive research and interviews. From *About Last Night* (which John Belushi turned down at his brother's urging) to *Zulu* (in which Michael Caine was not cast because he didn't look Cockney enough), this book lets you imagine how different your favorite films could have been.
