LOW Carb Dieting Secrets Sonia Wings, 1901 To help with weight issues and for overall improved health, many people turn to diets. In fact, government statistics show that while about 65 percent of Americans are overweight, 38 percent are actually doing something about it. And according to a recent survey by the National Health Institute, about a third of overweight Americans who are trying to lose weight, are doing so by eating less carbohydrates (carbs) largely because of the increased popularity of fad diets like Atkins Diet and the South Beach Diet. Although there have certainly been other low-carb or low-sugar diet plans before, and more will most assuredly come out in the years ahead, let's take a look at the basics behind many of the major plans. And let's take a look at how they fit into the real world today. Because while it might be great to lower the body's sugar content and be healthier, wouldn't it be great to learn how to do so while being part of this fast-paced world? In the world of instant messaging, quick Internet interaction and the already multi-faceted day-to-day hectic schedules, dietary food budgeting, planning, preparing and shopping are issues that can become major sources of stress and reasons for dieting failure. Dual income families on-the-go and other super-busy wage earners and dieters often already suffer from more than their share of everyday stressors like fears of being laid off, their jobs being relocated or terminated, juggling more than one job, dependents (both elderly and minors) and trying to fund and juggle continuing education into their lives, budgets, and daily routines. People want and need simpler solutions. And they need simpler dieting plans. Forget spending mega bucks on gourmet, hard-to-find items. Forget spending hours just to prepare meals. And forget counting, measuring, and weighing ingredients. Either a low-carb plan fit into real-world lives, or it doesn't. First we'll take a look at some basic terms and definitions to help understand the science behind lowcarb plans. Let's see how many of the major players' plans measure up. Note that the contents here are not presented from a medical practitioner, and that any and all dietary planning should be made under the guidance of your own medical practitioners. Starmaker Jay Bernstein,2011-10-01 This memoir by the legendary publicist offers "an intimate glimpse into the best and the worst of the golden age of Hollywood" (Stacy Keach, Golden Globe Award-nominated actor). Jay Bernstein, an entertainment industry fixture who helped launch the careers of celebrities including Farrah Fawcett and Suzanne Somers, was famed for his sense of showmanship, his outrageous style, and the publicity stunts he engineered to get attention for his clients. Starmaker tells his story, from his childhood in Oklahoma City and his first job in a Hollywood mailroom to the ownership of his own public relations firm and his work as a television producer. In addition to a behind-the-scenes look at several generations of show business and hard-hitting insights about how the industry changed over the decades, Bernstein also describes the relationships he had with stars and his notorious techniques, such as paying women to throw hotel keys at Tom Jones, having Entertainment Tonight host Mary Hart's legs insured for one million dollars, and getting married underwater for an episode of Lifestyles of the Rich and Famous. With the wisdom of experience and a sense of humor, this autobiography shares the intimate details of a fascinating Hollywood life.

Come and Knock on Our Door Chris Mann,1998-06-15 The no-holds-barred complete story of the #1 hit '70s sitcom. Find out what really happened both behind and in front of the cameras. *Come and Knock on Our Door* delivers all the titillation and travails of the breakthrough coed roommate farce that launched John Ritter, Joyce DeWitt, and Suzanne Somers to stardom in 1977. On-screen, the trio's dilemmas were always just zany misunderstandings riddled with pratfalls and double entendres and resolved with hugs and kisses. But behind the scenes, the real-life tensions of fame and controversy plus personal, financial, and creative conflicts threatened to end the love and laughter. With interviews from over sixty actors, producers, directors, and crew members, Chris Mann uncovers the good, the bad, and the ugly that occurred on the set--from the fun and friendships to the feuding and falling-outs. For the first time ever, John Ritter and Joyce DeWitt break their silence about the eroding relations and bitter breakup with their onetime pal and original costar, Suzanne Somers and some of the show's top execs tell their sides of the story behind her big money demands and missed work, the public outcry, and her eventual firing. Joyce DeWitt also reveals her secret struggles with the show's producers and explains why she turned her back on Hollywood when John Ritter spun off alone in *Three's a Crowd*--and what she's been doing ever since. Jenilee Harrison tells what it was like to replace Suzanne Somers during the contract dispute. Norman Fell, Don Knotts, Richard Kline, and Ann Wedgeworth disclose the ups and downs of TV's looniest landlords and tenants. And the late Audra Lindley, in her final interview, describes what she looks for in a muu-muu. So *Come and Knock on Our Door*, *We've Been Waiting for You*.

Harrison Ford Brad Duke,2015-06-14 Harrison Ford has been labeled one of the top 100 stars of all time, the sexiest man alive, and the highest-grossing actor in the history of film, yet he still has the appeal of an average guy to whom the common man can relate. He has won more than two dozen awards, including the Lifetime Achievement Award in 2000. This biographical and filmographic work covers Ford's personal life and career, concentrating on his efforts in the film industry. It examines in great detail more than 30 films, including *American Graffiti*, the several *Star Wars* outings, *Blade Runner*, *The Fugitive*, and *Air Force One*. It discusses the films' inceptions, writing, casting, sets, schedules, stunts, filming obstacles, openings, earnings, controversies, and reviews. Quotes and intimate anecdotes from the casts and crews are an added bonus. Numerous photographs, a complete film and television listing, a bibliography and index complete the work.

It Seemed Like a Good Idea... Meghan Rowland,Chris Turner-Neal,2012-04-18 It Is a Good Idea to Purchase This Book If you think a neti pot for that stuffy nose is just what the doctor ordered, think again (choking on salt water and mucus is a

horrible way to go). If you indulge your midlife crisis by going whole-hog Harley, you may look darn good in those leathers (but imagine your disgrace when that hard-core biker gang that lures you into their criminal shenanigans turns out to be poseur frat boys from Yale). If you settle down on a rainy night for a friendly game of Risk with your pals, you may think it's all in the name of good fun (but when your ubercompetitive streak kicks in and you end up winning the game but losing your house, your job, and your wife in the process, you may regret it. At least take a shower now.). These are just three of the good ideas gone horribly wrong that you'll find in *It Seemed Like a Good Idea . . .* In this one-of-a-kind cautionary guide, prognosticators Meghan Rowland and Chris Turner-Neal have looked into their crystal ball to predict all the unexpected dire consequences of your actions—one unmitigated disaster at a time. So go ahead, dare to dream big—but before you leap into the abyss, check out *It Seemed Like a Good Idea . . .* and save your future ass.

Television Series of the 1970s Vincent Terrace, 2017-05-05 Television of the 1970s reflected the shifting attitudes of the nation, as more shows attempted to represent social changes across the country. Edgier programs like *All in the Family* and *M*A*S*H* pushed the boundaries of popular programming to become standards of quality viewing. At the same time, the small screen began to acknowledge that viewers were open to more diverse programming, resulting in hit shows like *Sanford and Son* and *Good Times*. Some of the most beloved shows of all time originally aired during the 1970s, including *Columbo*, *Happy Days*, *Little House on the Prairie*, and *The Mary Tyler Moore Show*. Even after these shows departed the airwaves, they live on in syndication and on DVDs, entertaining many generations of viewers. In *Television Series of the 1970s: Essential Facts and Quirky Details*, Vincent Terrace presents readers with a cornucopia of information about more than seventy programs from the decade. For example, did you know that Jim Ignatowski on *Taxi* attended Harvard? Or that John-Boy Walton was a reporter for the *Jefferson County Times*? Or that Lieutenant *Columbo*'s favorite sandwich was peanut butter and raisins? These are just a handful of hundreds of fun and intriguing specifics found inside this volume. Programs from all three major networks (ABC, CBS, and NBC)—as well as select syndicated programs—are represented here. This is not a book of opinions or essays about specific television programs but a treasure trove of facts associated with each show. From Oscar Madison's middle name on *The Odd Couple* to Jim Rockford's license plate number, readers will discover a wealth of fascinating information that, for the most part, cannot be found elsewhere. In some cases, the factual data detailed herein is the only such documentation that currently exists on bygone shows of the era. *Television Series of the 1970s* is the ideal reference for fans of this decade and anyone looking to stump even the most knowledgeable trivia expert.

The Miracle of Bio-identical Hormones Michael E. Platt, 2007 The 2nd edition of Michael E. Platt, M.D.'s ground-breaking health book, *The Miracle of Bio-Identical Hormones*, *How I Lost My... fatigue, hot flashes, ADHD, ADD, fibromyalgia, PMS, osteoporosis, weight, sexual dysfunction, anger, migraines.*, provides many answers to common medical problems, and explains how balancing your hormones can contribute to your well-being and your long-term health. Outstanding praise has

been received for this intelligently written book by wellness colleagues, book reviewers, and patients from around the world for its new ideas and unique perspective on hormones and preventive medicine. Dr. Platt explores how natural (non-synthetic) bio-identical hormones can have the power to heal many maladies often considered incurable. This is the most important health book published this year, or any year for that matter. It's an easy, fascinating, highly-informative, even life-changing read, states Barbara Morris, compounding pharmacist and author of *Put Old On Hold*. The book is also considered an excellent primer for compounding pharmacists and the wellness community.

The Search for Domestic Bliss Ian Dowbiggin, 2014-02-14 Why are Americans so bad at marriage? It's certainly not for lack of trying. By the early 21st century Americans were spending billions on marriage and family counseling, seeking advice and guidance from some 50,000 experts. And yet, the divorce rate suggests that all of this therapeutic intervention isn't making couples happier or marriages more durable. Quite the contrary, Ian Dowbiggin tells us in this thought-provoking book: the caring industry is part of the problem. Under the influence of therapeutic reformers, marital and familial dynamics in this country have shifted from mores and commitment to love and companionship. This movement toward a *me* marriage, as the New York Times has termed it, with its attendant soaring expectations and acute dissatisfactions, is rooted as much in the twists and turns of 20th-century history as it is in the realities in the hearts and minds of modern Americans, Dowbiggin argues; and his book reveals how effectively those changes have been encouraged and orchestrated by a small but resourceful group of social reformers with ties to eugenics, birth control, population control, and sex education. In *The Search for Domestic Bliss*, Dowbiggin delves into the stories of the usual suspects in the founding of the therapeutic gospel, exposing little known aspects of their influence and misunderstood features of their work. Here we learn, for instance, that Betty Friedan did not after all discover the problem that knows no name--the widespread unhappiness of women in mid-century America; and that, like Friedan, one of the pioneers of marriage counseling was an open admirer of Stalin's Russia. The book also explores the long overlooked impact of sex researchers Alfred Kinsey and Masters and Johnson on the development of marriage and family counseling; and considers the under-appreciated contributions to the marriage counseling movement of social reformer and activist Emily Mudd. Through these and other reform-minded Americans, Dowbiggin traces the concerted and deliberate way in which the old order of looking to family and community for guidance gave way to seeking guidance from marriage and family counseling professionals. Such a transformation, as this book makes clear, has been a key part of a major revolution in the way Americans think about their inner selves and their relations with friends, family, and community members--a revolution in which once deeply private concerns have been redefined as grave matters of public mental health.
