The Only Astrology Book You'll Ever Need Joanna Martine Woolfolk, 2008-06-11 OVER HALF A MILLION COPIES SOLD! This is the classic guide to astrological history, legend, and practice! Readers will enjoy simple, computer-accurate planetary tables that allow anyone born between 1900 and 2100 to pinpoint quickly their sun and moon signs, discover their ascendants, and map out the exact positions of the planets at the time of their birth. In addition to revealing the planets' influence on romance, health, and career, *The Only Astrology Book You'll Ever Need* takes a closer look at the inner life of each sign. Celebrated astrologer Joanna Martine Woolfolk offers abundant insights on the personal relationships and emotional needs that motivate an individual, on how others perceive astrological types, and on dealing with the negative aspects of signs. Readers will also welcome the inclusion of new discoveries in astronomy. Lavishly illustrated and with an updated design, this new edition is an indispensable sourcebook for unlocking the mysteries of the cosmos through the twenty-first century and beyond.

The Only Astrology Book You'll Ever Need Joanna Martine Woolfolk, 2012-11-13 Everyone's favorite astrology book, having sold over 700,000 copies, includes a PC- and Mac-compatible CD where you can create your own chart! This edition of *The Only Astrology Book You'll Ever Need* still includes detailed information about how to cast your own chart the old-fashioned way and, more importantly, how to interpret it once you're finished. And the CD allows the reader to cast his or her chart in just a few minutes by inputting the date, time, and place of birth into the computer, producing a personalized astrological chart in just a few minutes. Once the reader's chart is created, he or she is directed to the corresponding pages in the book to read further about moon signs, sun signs, ascending signs, placement of the planets in the home, and much more.

Gemini Joanna Martine Woolfolk, 2011-11-16 Your Sun sign (often referred to simply as your sign) is the zodiac sign the Sun was traveling through at the time of your birth. Your Sun sign is the most important and pervasive influence in your horoscope and in many ways determines how others see you. It governs your individuality, your distinctive style, and your drive to fulfill your goals. It symbolizes the role you are given to play in this life. It's as if at the moment of your birth you were pushed onstage into a drama called *This Is My Life*. In this drama, you are the starring actor—and your sign is the character you play. This elegant little volume is packed with what your Sun sign tells you about you. You'll read about your

many positive qualities as well as your negative issues and inclinations. You'll find insights into your power, potentials, and pitfalls; advice about relationships, love, and sex; clarification on erogenous zones and how you combine romantically with other signs; guidance regarding career, health, and diet; and information about myriads of objects, places, concepts, and things to which you're attached. You'll also find topics not usually included in other astrology books—such as how you fit in with Chinese astrology and with numerology.

A Modern Guide to Astrology Mikesmith, 2019-12-27 ===Buy the Paperback Version of this Book and Get the Kindle eBook Version included for FREE=== Astrology is one of the most complex and exciting things in the world. After all, who does not want to know what their future holds for them? If you are interested in astrology, this book is sure to help you understand it and use it in your day-to-day life. Astrology can be defined as the study of the influence of heavenly objects on our lives. These celestial objects include the stars, planets, asteroids, satellites, etc. The positions of these elements at the time of an individual's birth (and not their conception) determines a lot of things about them and their lives. For instance, astrology can be used to understand a person's personality, his or her attitude and aptitude, their feelings, and their emotions as well. It can also show their romantic relationships and can predict certain things, including financial and professional life. Many people know of astrology thanks to the 'horoscope', which has become a fixture in many magazines and dailies. They also know their zodiac signs and the traits associated with them. This is sun sign astrology on which most of these newspaper horoscopes are based. It is the most straightforward and easy to understand any form of astrology, but it is also the most limited form. The results and predictions of this form of astrology are often confusing and may prove to be wrong, as well. Its simplistic nature has made popular, but due to its problems, many people now believe that astrology is fake. This book will only focus on Western astrology, as it is the most widely practiced type. This book will try to answer all

your queries regarding this subject. Now let us enter the world of astrology and zodiac! Kws: astrology books, zodiac book, astrology book, the astrology of you and me, the only astrology book you will ever need, horoscope book, numerology book, astrology for the soul, pisces book, zodiac sign book, zodiac books, aries book, birthday book astrology, astrology for beginners, astrology for dummies, astrology books best sellers, you will know me book, natal chart, natal chart astrology
