

The Street Ann Petry

A. Yemisi Jimoh

The Street Ann Petry, 1946 A young African American woman struggles to retain her moral integrity and guard her small son from evil in Harlem.

The street/ Ann Petry Ann Petry,

Ann Petry: The Street, The Narrows (LOA #314) Ann Petry, 2019-02-26 In one volume, two landmark novels about the terrible power of race in America from one of the foremost African American writers of the past century. Ann Petry is increasingly recognized as one of the essential American novelists of the twentieth century. Now, she joins the Library of America series with this deluxe hardcover volume gathering her two greatest works. Published in 1946 to widespread critical and popular acclaim--it was the first novel by an African-American woman to sell over a million copies--*The Street* follows Lutie Johnson, a young, newly single mother, as she struggles to make a better life for her son, Bub. An intimate account of the aspirations and challenges of black, female, working-class life, much of it set on a single block in Harlem, the novel exposes structural inequalities in American society while telling a complex human story, as overpriced housing, lack of opportunity, sexual harassment, and racism conspire to limit Lutie's potential and to break her buoyant spirit. Less widely read than her blockbuster debut and still underappreciated, *The Narrows* (1953) is Petry's most ambitious and accomplished novel--a multi-layered, stylistically innovative exploration of themes of race, class, sexuality, gender, and power in postwar America. Centered around an adulterous interracial affair in a small Connecticut town between the young black scholar-athlete Link Williams and white, privileged munitions heiress Camilo Sheffield, it is also a fond, incisive community portrait, full of unforgettable minor characters, unexpected humor, and a rich sense of history. Also included in the volume are three of Petry's previously uncollected essays related to the novels and a newly researched chronology of the author's life, prepared with the assistance of her daughter Elisabeth Petry. LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing, and keeping permanently in print, America's best and most significant writing. The Library of America series includes more than 300 volumes to date, authoritative editions that average 1,000 pages in length, feature cloth covers, sewn bindings, and ribbon markers, and are printed on premium acid-free paper that will last for centuries.

An Analysis of "The Street" by Ann Petry Sirinya Pakditawan, 2014-11-18 Seminar paper from the year 2006 in the subject American Studies - Literature, grade: 1,5, , language: English, abstract: Ann Petry, a female Afro-American novelist, published her novel *The Street* in 1946. The setting of this novel is Harlem in the 1940s. The story deals with the life and trials of the Mulatto woman Lutie Johnson and her struggle to find a place in this environment for herself and her son. Hence, *The Street* is also concerned with different aspects of urban life. Thus, one might also claim that Petry's novel is about portraying the difficulties a single coloured woman and mother had in Harlem, living on 116th Street in New York City. Apart from being an urban novel, Petry also captured the symbolic character of Harlem in *The Street*, namely that it is a "(...) symbol of the Negro's perpetual alienation in the land of his birth". Hence, this novel also touches upon the topic of disillusionment in city life. In the following analysis, we will primarily deal with the last chapters of the novel and in particular with the end of the novel, which shows Lutie Johnson leaving Harlem and moving to Chicago. On the one hand, we will be concerned with the reasons and motifs why Lutie is disillusioned and finally leaves Harlem. On the other hand, we will deal with the implications and possibilities that Lutie's movement to Chicago brings with it.

The Narrows Ann Petry, 2008 A small New England community, The Narrows, is struggling to right itself after decades of abandonment and racial strife - and Link Williams, a smart, black kid freshly graduated from university, just might be able to escape. Leaving The Narrows proves to be the easy part, as the love Link shares with Camilo Sheffield sets into motion the most unthinkable of acts and rocks their worlds in ways that neither of them could ever have imagined. Ann Petry evokes a bustling, vibrant community fighting against the complex racial dynamics of the 1950s.

Spiritual, Blues, and Jazz People in African American Fiction A. Yemisi Jimoh, 2002 In this book, A. Yemisi Jimoh demonstrates the critical influence of music on the fiction of various twentieth-century African American writers. Exploring novels and short stories by Toni Morrison, John Edgar Wideman, Zora Neale Hurston, James Baldwin, Ralph Ellison, and others, Jimoh shows how black musical traditions--specifically Spirituals, Blues, and Jazz--are used to shape characterizations and thematic content and to evince ideas, emotions, and experiences. The author's analysis situates the literary texts she discusses within the diverse social energies of their times and locates important intersections where music, history, politics, and literature meet. Jimoh carefully distinguishes among the different musical forms and shows how, in fiction, they are transformed into rich metaphors. She explains, for example, how characters and themes drawing on the Spiritual-Gospel tradition de-emphasize human agency, depicting earthly survival as a transitory state and heavenly triumph as a victory. By

contrast, in Blues fiction, characters must often negotiate an environment of alienation, change, and uncertainty in order to achieve a more earthly triumph, even if that triumph is only survival. Jazz fiction, meanwhile, goes beyond Blues and Spiritual expressions to explore new realms, revealing a space for infinite options, radical change, resistance, and revolution. This innovative book examines novels that have not previously received extensive attention, including Albert Murray's *Train Whistle Guitar*, Wallace Thurman's *The Blacker the Berry*, and Ann Petry's *The Street*. At the same time, it brings fresh and intriguing readings to such widely studied works as Ellison's *Invisible Man* and Morrison's *Sula*. Finally, it suggests some exciting directions for future study as new generations of African American musicians and writers continue to develop and expand on established traditions and forms. The Author: A. Yemisi Jimoh is an associate professor of English at the University of Arkansas, Fayetteville. Her articles have appeared in *African American Review*, *Contemporary African American Novelists*, and other publications.

Scarring the Black Body Carol E. Henderson, 2002 Scarring and the act of scarring are recurrent images in African American literature. In *Scarring the Black Body*, Carol E. Henderson analyzes the cultural and historical implications of scarring in a number of African American texts that feature the trope of the scar, including works by Sherley Anne Williams, Toni Morrison, Ann Petry, Ralph Ellison, and Richard Wright. The first part of *Scarring the Black Body*, *The Call*, traces the process by which African bodies were Americanized through the practice of branding. Henderson incorporates various materials -- from advertisements for the return of runaways to slave narratives -- to examine the cultural practice of writing the body. She also considers way in which writers and social activists, including Frederick Douglass, Olaudah Equiano, Harriet Tubman, and Sojourner Truth, developed a call centered on the body's scars to demand that people of African descent be given equal rights and protection under the law.

The Harlem Reader Herb Boyd, 2007-12-18 There is no neighborhood in America as famous, infamous, and inspiring as Harlem. From its humble beginnings as a farming district and country retreat for the rich, Harlem grew to international prominence as the mecca of black art and culture, then fell from grace, despised as a crime-ridden slum and symbol of urban decay. But during all of these phases there was writing in Harlem—great writing that sprang from one of the richest and most unique communities in the world. From Harlem's most revered icons (like Langston Hughes, Duke Ellington, Ann Petry, and Malcolm X) to voices of a new generation (including Willie Perdomo, Mase, Grace Edwards, and Piri Thomas), *The Harlem Reader* gathers a wealth of vital impressions, stories, and narratives and blends them with original accounts offered by living storytellers, famous and not so famous. Fresh and vivid, this volume perfectly captures the dramatic moments and

personalities at the core of Harlem's ever-evolving story.

Race, Racism and Violence in Ann Petry's 'the Witness' Jeannette Nedoma, 2009-05 Seminar paper from the year 2008 in the subject English - Literature, Works, grade: 2,0, course: African American Women Writers, language: English, abstract: To introduce my term paper Race and Violence in Ann Petry's *The Witness* I want to start with the definitions of the three terms race, racism and violence mentioned in the title. Regarding to the expressions I want to say something about the U.S. history, and about the current situation in the United States of America, with reference to the African American people. The Oxford Advanced Learner's Dictionary explains race as follows: one of the main groups that humans can be divided into according to their physical differences, for example the colour of their skin; a group of people who share the same language, history, culture, etc. Racism means the unfair treatment of people who belong to a different race; violent behaviour towards them; the belief that some races of people are better than others The history of racism in the United States of America goes back to 17th century and should have come to an end with the American Civil War (1861-1865) and the abolition of slavery (1865). Unfortunately, the abolition of slavery was not the end of the African American martyrdom. It was the beginning of prejudices, discrimination, violence and struggle. When we think of racism against African American people, we think of a long and torturous way African Americans had to go and still go nowadays.

Ann Petry Hilary Holladay, 1996 Offers a broad study of the life and writings of Ann Petry, the African-American fiction writer born in 1908. A biographical chapter places Petry in a cultural context, while critical chapters look at the prevalent themes in Petry's novels and stories the portrayal of communities, the dynamics of those communities and then proceeds with a book by book examination of her publications. Works covered include *The Street*, *Country Place*, *The Narrows*, and *Miss Muriel and Other Stories*.

Reading Women Jennifer Phegley, Janet Badia, 2005-01-01 Literary and popular culture has often focused its attention on women readers, particularly since early Victorian times. In *Reading Women*, an esteemed group of new and established scholars provide a close study of the evolution of the woman reader by examining a wide range of nineteenth- and twentieth-century media, including Antebellum scientific treatises, Victorian paintings, and Oprah Winfrey's televised book club, as well as the writings of Charlotte Brontë, Harriet Beecher Stowe, and Zora Neale Hurston. Attending especially to what, how, and why women read, *Reading Women* brings together a rich array of subjects that sheds light on the defining role the woman reader has played in the formation, not only of literary history, but of British and American culture. The contributors break new ground by focusing on the impact representations of women readers have had on understandings of literacy and certain reading practices, the development of books and print culture, and the categorization of texts into high and low cultural forms.

The Radical Fiction of Ann Petry Keith Clark, 2013-06-03 In his in-depth analysis of the works of Ann Petry (1908-

-1997), Keith Clark moves beyond assessments of Petry as a major mid-twentieth-century African American author and the sole female member of the Wright School of Social Protest. He focuses on her innovative approaches to gender performance, sexuality, and literary technique. Engaging a variety of disciplinary frameworks, including gothic criticism, masculinity and gender studies, queer theory, and psychoanalytic theory, Clark offers fresh readings of Petry's three novels and collection of short stories. He explores, for example, Petry's use of terror in *The Street*, where both blacks and whites appear physically and psychically monstrous. He identifies the use of dark comedy and the macabre in the stories *The Bones of Louella Brown* and *The Witness*. Petry's overlooked second novel, *Country Place* -- set in a deceptively serene Connecticut hamlet -- camouflages a world as nightmarish as the Harlem of her previous work. While confirming the black feminist dimensions of Petry's writing, Clark also assesses the writer's representations of an array of black and white masculine behaviors -- some socially sanctioned, others taboo -- in her unheralded masterpiece *The Narrows* and her widely anthologized short story *Like a Winding Sheet*. Expansive in scope, *The Radical Fiction of Ann Petry* analyzes Petry's unique concerns and agile techniques, situating her among more celebrated male contemporary writers.

The Sonic Color Line Jennifer Lynn Stoecker, 2016-11-15 Race is a visual phenomenon, the ability to see difference. At least that is what conventional wisdom has lead us to believe. Yet, *The Sonic Color Line* argues that American ideologies of white supremacy are just as dependent on what we hear-voices, musical taste, volume-as they are on skin color or hair texture. Reinforcing compelling new ideas about the relationship between race and sound with meticulous historical research, Jennifer Lynn Stoecker helps us to better understand how sound and listening not only register the racial politics of our world, but actively produce them. Through analysis of the historical traces of sounds of African American performers, Stoecker reveals a host of racialized aural representations operating at the level of the unseen-the sonic color line-and exposes the racialized listening practices she figures as the listening ear. --New York University Press.

Womanhood in Anglophone Literary Culture Robin Hammerman, 2009-03-26 Taken together, the fourteen essays in this collection contribute to the discourse of social conditions for literary women. The essays examine relevant social, intellectual, and professional questions about the ways in which women writers contributed to conceptions of womanhood in nineteenth and twentieth century Anglophone literary culture. Contributors to this collection describe and examine several nineteenth and twentieth century women writers' responses to patriarchal assumptions about literary merit in genres including poetry and fiction. *Womanhood in Anglophone Literary Culture: Nineteenth and Twentieth Century Perspectives*

will be of special interest to students and faculty of women's studies and literature written in the English language.
