Islamic Finance in the Financial Markets of Europe, Asia and America Faiza Ismail,2022-08-30 Among international financial centres (IFCs), London is known as the 'Western hub of Islamic Finance', on account of its well-developed legal infrastructure. However, Brexit has threatened London's status and consequently, the financial services industry is moving to Dublin to continue operating in the Euro region. Similarly, Islamic finance (IF) service providers in the UK are also looking to Dublin for expansion of this niche area in euro member states. This is the first book to be written about Islamic finance operations in the Eurozone. The book offers an in-depth description of International Financial Centres and the growth of Islamic Finance, compares the growth of Islamic finance in London, Dubai and Kuala Lumpur, outlines the implications of Brexit for financial service providers in London in general and Islamic investors in particular and also presents a case study

of Ireland to establish the latter as the most appropriate country to promote IF in the Eurozone. The time is particularly right for a book exploring the potential of Ireland to emerge as a Eurozone hub of Islamic finance, as a result of Britain's exit from Europe. The book will cater to the needs of readers studying IF in the disciplines of economics, business, law, and religion. A secondary market includes practitioners, such as policymakers, lawyers, fund managers, accountants, regulators and international investors, who will be interested in exploring the benefits that the UK and Ireland have to offer the Islamic finance industry.

The Aadhaar Effect N.S. Ramnath, Charles Assisi, 2018-10-03 Identification vs profiling; state welfare vs state surveillance; privacy vs transparency—Aadhaar has bitterly polarized India since its launch in 2010. No other project has captured the imagination of the people—or inspired such awe and anxiety—in recent memory. Aadhaar began life with a singular mandate: offer an identity to those Indian residents who didn't have any. Along the way, it evolved into the welfare state's flagship technology and altered forever how government, business, and society interact. The Aadhaar Effect is the story of the visionaries—bureaucrats, technologists, activists—who created or challenged India's biggest juggernaut. It is equally the story of humans conflicted about complex choices that may make the world a better place. Polestar award winners N.S. Ramnath and Charles Assisi dive deep into the 12-digit number that has touched 1.2 billion lives and counting—and in the bargain, made the world sit up and take note of India's ambition.

August 2023 Young Muslim Digest Syed Iqbal Zaheer, 2023-08-04 Among the major publications of IQRA Publications is the popular Islamic monthly in English, the Young Muslim Digest, arguably among the foremost in this type of publishing in India. This magazine is being brought out regularly by IQRA Publications since the past 36 years. The magazine carries authentic Islamic material for the Western-educated and/or West-influenced youth, presented in a creative manner, while yet highlighting the beliefs of the earliest predecessors and an understanding of the Qur'an and Sunnah on the pattern of the great majority of Islamic scholars of the past, and of those prominent down to the present age. In view of the authentic nature of its contents, the magazine has been awarded license for distribution in Saudi Arabia. Besides the regular, monthly, production of the Young Muslim Digest, IQRA Publications has quite a few other Islamic titles to its credit. Each one of these books offer authentic material and cover topics that are not normally covered by other publishers. It is, perhaps, for this reason that they are popular even outside the country. Malaysia, for instance, imports many of IQRA's titles regularly.
