The Haves and the Have Nots Harvey A. Hornstein,2003 Hornstein's book is a breakthrough for the leadership required to build healthy organizations. His formula, the three R's--reward, respect and recognition--reflect 30 years of real-world case studies from actual enterprise consulting assignments.

Leadership Burnout and Recovery Don Womble,2024-10-15 Leadership Burnout and Recovery takes leaders on a voyage to recognize burnout, admit it, and discover a clear path to recovery. Don unleashes a plan to coach leaders to recapture their joy and never return to that dark, foggy place. Applying Don's proven principles also rejuvenates tired leaders who may be on the verge of burnout.

Developing Potential Across a Full Range of Leadership TM Bruce J. Avolio,2001 This case book focuses on the leadership style of the key players. The 29 cases were chosen to present all facets of a model of leadership, stating that the most effective leaders are both transformational and transactional in their leadership style. Cases were selected for inclusion and/or developed to provide examples of leaders from across the spectrum of public and private sectors. Specific emphasis was placed on selecting male and female leaders from a broad array of cultures. A great deal has been written about a model of leadership that is referred to as a full range of leadership.

The Art and Science of Leadership Afsaneh Nahavandi,2006 For undergraduate and graduate courses in Leadership. This text offers a broad review and analysis of the field of leadership, complete with its many debates and controversies. Strong theoretical coverage still allows the book to be applications-oriented-to business and other organizations-on the guiding philosophy and assumption that we can all learn to become better leaders. A cross-cultural perspective, gender-based analyses, focus on leaders' personalities and behavior, and discussion on the role and characteristics of followers complete this treatment.

Business Essentials Ronald J. Ebert,Ricky W. Griffin,2000 A concise, streamlined edition of Ebert's larger Business volume, this extremely successful book provides the essence of business in a brief and affordable format. Its compact

presentation spans the range of functional areas—management, marketing, operations, accounting, information systems, finance, and law—clearly demonstrating the interrelationships between them. Coverage features the most intriguing and up-to-date examples, case studies, Internet exercises, SCANS-oriented critical-thinking exercises, new videos, part-opening World Wide Web vignettes, and Crafting Your Business Plan exercises. Each chapter contains tables, photographs, and figures carefully chosen to illustrate, in a visually appealing way, the points and messages of the chapter. For anyone—from mailroom to management—who seeks to thrive in today's business world.
