The Palm Beach Way Brigitte M. Britton, Layne D. Nisenbaum, 2005-11 This book is a collection of works, discoveries gained through Clyde Anthony's dreams and visions. But more than that, through Carolyn Frances it's a communication with a consciousness that comes directly from the realm of dreams and visions, a conscious awareness that proclaims their power, bearing testimony to their place in human history, and their worth in the human search for meaning, a search that is borne by individual abilities, the strength of the species called Human. This book is an affirmation of that search, a testimony to the fertility of humankind's inner life and consciousness, which though it is fueled by beliefs, exists in life's fecund grounds of being, beyond life itself, directly to its great sources. No other book goes deeper into this direct experience, which is a dance with Earth itself, the direct power of life: Past on memory-sky, seed of Creature Universe moving the black winds of centuries to come. Oh creature, Human, great gifts you bear on the vastness of time. Together, Earth- and Human sings the life, proclaiming its destined desires, dancing through space, hungry for the knowledge-truth, who are we... We come together to light the spark in the dark hours of time.

Souls of Distortion Awakening J. Wicherink, 2006-02-17 This book reunites science and spirituality after her roads separated 300 years ago. More and more scientists are discovering that both disciplines are only two sides of the same coin. We are on the verge of a major paradigm change in science where the immaterial subjective world of the mind can no longer

be separated from the objective material world. This leap in human consciousness was already foreseen by the ancients and American indigenous people like the Maya, Hopi and Aztecs who prophesized that this transformation of consciousness would take place in our time. This book takes you on a journey from the ancient wisdom to the most modern scientific insights and demonstrates how both can be united.

Visions of Reality Barbara Rose, 2010 Far more than a book, 'Visions of Reality - Art of Synthesis' is an invitation for you to partake in the secret of life itself, and 'life' in this instance is you, the reader. The relationship you have with the material held within its pages enables it to be transformed and taken forward into your world, to create your reality. YOU, quite literally, breathe life into the form. A synthesis of striking image, symbol and poetry, grounded in ancient wisdom from timeless spiritual traditions, it leads you onwards to surrender all, in favour of that which you know to be your true essence. If you value all that is light and true, and sincerely seek to move beyond the confines of separation consciousness, then please open your heart and accept this invitation... Have you the courage? Dare you be free? ...one of the most original books that I ever read and I have been fascinated by its content. The pictures, together with an almost poetical text, will help the reader to enter a spiritual consciousness that will lighten the mind on the journey through this life. Ann Richards, Apple Pips Editing Services. Barbara's work organically invites a process of unfolding timeless inner wisdom...it enables a process of awakening the inner teacher and connects profound understanding from the light of truth of our own inner source into our daily challenges. Ronald Holt. Director Flower of Life Research USA. It is rare to find a book of this genre that can be worked with wherever you are on your spiral of development, a book of wisdom that generously empowers you to see your own inner sacredness. Both transpersonal and Alchemical, it really does what it says on the cover; it is the Art of Synthesis Angela Morse. Flower of Life Facilitator. UK www.visionsofreality.co.uk

Shamanic Awakening Sandra Corcoran, 2014-03-02 One woman's mystical path through grief into renewal, expanded awareness, and discovery of her own healing capabilities • Offers a lens into a wide variety of wisdomkeeping traditions and alternative healing paradigms throughout the Americas and Europe • Shows how the mystical path enables us to find renewal in times of profound loss • Details the author's awakening to the energies of the cosmos, which can guide us toward our destiny, balanced between our soul's dark and light energies How do you find renewal after loss, especially the loss of a child? How do you find purpose and courage when loss is your constant teacher? After weeks of profound grief following the loss of her young daughter, Sandra Corcoran found herself inexplicably at a life-changing workshop on indigenous teachings and energy healing. With the first glimpse of the light that called her to the workshop, Corcoran found herself beginning a 30-year metaphysical journey within, initially to heal her grief but eventually leading her from the darkness into the light of her own soul's evolution. Working with Native elders and indigenous wisdomkeepers throughout North, Central, and South America, Corcoran opened her heart to the immensity of the living energies of the cosmos and discovered her shamanistic

gifts as an intuitive counselor, dreamtime decoder, and facilitator for others' self-healing. As she learned to discern these living energies and work with them, she also discovered the middle path between the soul's dark and luminous energies, striking the balance that allows us to fulfill our destiny. Sharing the core teachings of her many indigenous and esoteric mentors, including lessons in synchronicity, metaphysics, the extraordinary power of the heart, multi-dimensional realms, and energy healing, Corcoran leads readers on an adventure across continents through birth, death, ceremony, and ritual to renewal and the frontiers of expanded consciousness. She shows that no matter how far outside of the familiar we are led, we are guided back to ourselves and offered another opportunity to embrace our world and, ultimately, find our place in it.

Something in This Book Is True, Second Edition Bob Frissell, 2011-10-25 A training manual for navigating a future full of danger and hope, this book considers earth changes, pole shifts, Hopi prophecies, the secret government, and much more. Written in Bob Frissell's warm, personal style with updated commentary, *Something in This Book Is True* is both an account of Frissell's journey to inner discovery and empowerment and a most unusual reader's guide. Delving into topics as eclectic as polarity consciousness, emotional body clearing, and higher selves, Frissell affirms that humanity is composed of spiritual beings having human experiences—not vice versa. This new edition incorporates photos and illustrations into Frissell's engaging text.

Io Pan soft 6x9 Gregory Hebb, 2009-12-05 If you are seeking meaning or purpose in your life then this is the first of three books that will unveil your being. Within these pages is a gesture of poetic indifference, a life all on its own similar to your life and mine whereas every question that is asked is answered herein. It contains a synopsis of how I have come to know the nature of the Universe. There are no lessons to be learned for I have no intention to teach, it is simply reminding you of something you forgot you knew. I have found the unity of all things... But then again I am you.

The Old Girls' Book of Dreams Cal Garrison, 2003-10-15 Imagine a woman who's part Mae West, part Dear Abby, with a scoop of Glenda, and a large dollop of Kali energy, who tells it like Janis Joplin might. Cal Garrison is that woman, a professional witch and astrologer, who in her first book, *The Old Girls' Book of Spells*, invited women of a certain age to use her spells to enliven their love lives, find their car keys, and prevail at work and at home. In this sequel, Garrison invites these same women to take a few minutes a day throughout the year to conjure their own dreams and magic. In the Introduction she teaches women to put their minds on the shelf and get into their hearts, to discover their true desire and write it down. Organized by the signs of the zodiac, beginning with Capricorn and ending with Sagittarius, *The Old Girls' Book of Dreams* offers tidbits of wisdom, relevant stories from the author's life, and ideas about what kind of magic and energy to look for in each month. When is it time to plant the seeds? And when is it time to reap the fruit? Garrison offers twelve essays, well stories, well pages of hard-won knowledge and homespun advice. Each of these is followed by 12 blank pages. Here's where you record your dreams and begin to conjure them into reality. With more than 100 inspirational quotes,

sayings, and get-off-your-buttisms to further inspire you as you are delivered dreams the whole year round.

Nothing in This Book Is True, But It's Exactly How Things Are, 15th Anniversary Edition Bob Frissell, 2010-06-15
Nothing in This Book Is True, But It's Exactly How Things Are is an account of humankind's function within the grand celestial battle between internal and external knowledge. Author Bob Frissell gives a compelling account of our planetary ascent into higher consciousness, presenting a big-screen view of the Earth through the experience of the Ascended Masters, Thoth, Babaji, and Drunvalo Melchizedek. Pulling in all manner of conspiracy theories from the Secret Government to the Philadelphia Experiment, Frissell proposes both a core transdimensional shift based on the Mayan calendar and a personal Rapture mediated through the connected, affirmed breaths of rebirthing that his teacher Melchizedek used to travel from the other side of the universe to here—breathing your own spacecraft (merkaba) out of and around your aura in order to travel through the astral realms. The 15th anniversary edition of this cult classic is revised and expanded with new illustrations and 50 pages of important new information on the Lucifer Rebellion, the solar storm, and the final three breaths of the merkaba meditation.

Dreaming the Future Clifford A. Pickover, 2001-03 For countless generations people of every culture have practiced a broad range of dramatic and sometimes frightening techniques to peer into the future. In this fascinating book acclaimed author Clifford Pickover presents a nearly exhaustive list of fortune-telling techniques, from the ominous practice of human sacrifice to reading clues on the Internet. Pickover not only explores a vast and colorful array of methods of prediction—including dreaming—he also evaluates the accuracy of some of the most astonishing prophecies made throughout history. Just how accurate were such famous soothsayers as Nostradamus, the Delphic Oracle, Edgar Cayce, the children of Fatima (whose third vision has only recently been revealed), and dozens more? This book takes us one step further by exploring our own inner psyches: Why does looking into the future provide a source of solace in a world filled with uncertainty, disease, and chance? And why do the most noted prognosticators so often warn of natural catastrophes of biblical proportions, such as earthquakes and floods that will signal the end of the world? Through insight and wit, Pickover will unlock the door of your imagination with engrossing mysteries, intriguing illustrations, and even modern patents and computer techniques. Also included is a range of practical experiments and recipes—from Stone Age to New Age. Prepare yourself for a strange but captivating ride!

Nothing in this Book is True, But It's Exactly how Things are Bob Frissell, 2009 A personal psycho-spiritual journey, this book is a revised and expanded edition of a cult classic popular among fans of metaphysical literature. Photos & illustrations throughout.

The Seven Guardians Jacqueline Ferguson, 2021-08-25 Guided by Spirit to write The Seven Guardians, this book describes the incredible path Miryam the Migdalah (Mary Magdalene) envisioned within her heart, guided by her beloved

risen Yeshua (Jesus). Following the resurrection, Yeshua appeared to Miryam in her inner vision, confirming she was an advanced disciple with the ability to “see” the multidimensionality of the Universe beyond the Earth realm. This vision also validates their unique relationship; he loved her the most, and she loved him with a devotion that transcends death. The Seven Guardians is a path to rediscovering the importance of Miryam in the ministry of Yeshua as a fully realized human and divine, as well as a leader of the Nazarenes. This is the way of the heart, a path for all humans to follow to become ihidaya, enlightened ones, while embodied in this lifetime. The Seven Guardians relies on scholars, theologians, and authors who translated The Gospel of Mary, found in the desert of Egypt and The Gospel of the Beloved Companion, The Complete Gospel of Mary. It also relies on other apocryphal gospels recently translated, The Gospel of Phillip, Thomas, The Pistis Sophia and others, to validate the information. In discovering how patriarchy has affected our world today, this book includes personal stories, mystical experiences, and direct communication with Infinite Love to help us recognize how balancing our masculine and feminine energies are of paramount importance for humanity and Earth to evolve and survive. It is now time for us to reunite the light of our Divine Mother and Divine Father into our hearts to awaken our own Christ consciousness.
