No Way Out Isadore Ryan, 2017-07-14 The experiences of the Irish in France during the war were overshadowed by the threat of internment or destitution. Up to 2,000 Irish people were stuck in occupied France after the defeat by Nazi Germany in June 1940. This population consisted largely of governesses and members of religious orders, but also the likes of Samuel Beckett, as well as a few individuals who managed to find themselves in the wrong place at the wrong time and ended up in internment camps (or worse). The book examines the engagement of the Irish in various forms of resistance. It also reveals that the attitude of some of the Irish towards the German occupiers was not always as clear-cut as politically correct discourse would like to suggest. There are fascinating revelations, most notably that Ireland's diplomatic representative in Paris sold quantities of wine to Hermann Göring; that Irish passports were given out very liberally (including to a convicted British rapist); that, in the early part of the war, some Irish ended up in internment camps in France and, through the slowness of the Irish authorities to intervene, were subsequently sent to concentration camps in Germany; and that a couple of Irish people faced criminal proceedings in France after the Liberation because of their wartime dealings with the Germans.

"Making a Way Out of No Way" Wolfgang Mieder, 2010 In barely forty years of life Martin Luther King (1929-1968) distinguished himself as one of the greatest social reformers of modern times: civil rights leader, defender of nonviolence in the struggle of desegregation, champion of the poor, anti-war proponent, and broad-minded visionary of an interrelated world of free people. His many verbal and written communications in the form of sermons, speeches, interviews, letters, essays, and several books are replete with Bible proverbs as «Love your enemies», «He who lives by the sword shall perish by the sword», and «Man does not live by bread alone» as well as folk proverbs as «Time and tide wait for no man», «Last hired, first fired», «No gain without pain», and «Making a way out of no way». He also delighted in citing quotations that have become proverbs, to wit «No man is an island», «All men are created equal», and «No lie can live forever». King recycles these bits of traditional wisdom in various contexts, varying his proverbial messages as he addresses the multifaceted issues of civil rights. His rhetorical prowess is thus informed to a considerable degree by his effective use of his repertoire of proverbs which he frequently uses as leitmotifs or amasses into set pieces of fixed phrases to be employed repeatedly.

No Way Out Emanuel Melzer, 1997-12-31 This scholarly study sheds important new light on the politics of Polish Jewry on the eve of its destruction. Drawing from sources in the Polish Jewish and non-Jewish press and from archives in Europe, Israel, and the United States, Emanuel Melzer examines the efforts of Jews in this major center of Jewish life to secure its existence and advance its interests in the late 1930s, when the radicalization of antisemitism became an increasingly

prominent theme in the country's political life. With the death of Pilsudski, the prognosis for the Polish Jews appeared increasingly bleak, as hostile forces sought to abrogate their constitutional rights and force them to leave the country en masse. The enmity they experienced drew in no small measure from the example of Nazi Germany, which did not hesitate to portray the Jews as the common enemy of Germans and Poles alike. In the face of these developments, Polish Jews attempted to wage a coordinated and concerted political battle against the economic persecution, hostile administrative practices, discriminatory legislation, and violent riots that increasingly pervaded their daily lives. Melzer recounts those attempts and analyzes their failure. Of the three primary groups among Polish Jewry—the Zionists, Agudas Yisroel, and the Bund—the last was capable of carrying on effective opposition to anti-Jewish forces. But it was not prepared to join with nonproletarian Jewish groups in an all-Jewish defense. The Jewish press, too, was not able to forge a unified Jewish organizational framework, tied as it was to the existing political parties and reflecting their attitudes and shortcomings. The only official political voice of Polish Jewry was the small Jewish parliamentary caucus. Although respected by much of the Jewish public, the Sejm and Senat deputies were not recognized as its legitimate spokesmen and usually acted without coordinating their interventions with one another. As a result, the most effective Jewish actions were undertaken on the local level—notably the self-defense organized during the Przytyk pogrom and the stubborn battle of Jewish students against the ghetto benches. Melzer demonstrates that the vociferous Jewish public debate over questions of policy and the tenacious daily struggles against discrimination had little effect upon Polish Jewry's deteriorating situation. Without charismatic leadership and an organizational framework based on common Jewish destiny and mutual identification, its ability to confront the grave challenges that lay ahead was seriously impaired. With the approach of war, many felt they were trapped with no way out, left to face the Nazi onslaught virtually alone.

For the past twenty-five years, the Writers' Trust of Canada's annual lecture series, the Margaret Laurence Memorial Lecture, has invited some of Canada's most prominent authors to discuss the theme of *A Writer's Life* in front of their peers. Hugh MacLennan, Mavis Gallant, Timothy Findley, W.O. Mitchell, Pierre Berton, P.K. Page, Dorothy Livesay, Alistair MacLeod, and Margaret Atwood, among others, have shared the personal challenges they faced in forging their own paths as writers, at a time when such a career was still unusual in this country. Intimate, frank, and revealing in tone, their lectures -- collected for the first time in celebration of the series' twenty-fifth anniversary -- provide a unique account of a period when a national writing community was just being formed, and give us unprecedented access to the heroes and heroines of Canadian literature as they share their insights into their work, the profession of writing, the growing canon of our literature, and the cultural history of our country.

The Broken Whole Thomas E. Reynolds, 2012-02-01 In an increasingly precarious global situation, and in light of the postmodern emphasis on difference, efforts to grasp the whole as something universally shared by all human beings have fallen short, according to Thomas E. Reynolds. In this book, he explores the philosophical and theological significance of the problem of pluralism and asserts that the shared resources of the world's religious traditions can be used to cultivate peace and solidarity across diverse boundaries. He engages a range of philosophical thinkers—such as Gadamer, Marcel, Rorty, Foucault, Levinas, Derrida, and Habermas—and brings them into conversation with contemporary theologians and writers in religious studies. Presenting a vision of solidarity that is both religiously charged and philosophically astute, *The Broken Whole* outlines an inventive approach toward retrieving the relevance of God-talk, an approach rooted in a philosophy of dialogue and cross-cultural hospitality.

Asleep On The Boat J T JOHNSON , 2025-02-08 This book is my truth. It's my journey through love, deception, spiritual warfare, and ultimately, deliverance. I didn't write this for sympathy—I wrote it because I know I'm not the only one who has been through something like this. I know what it feels like to be trapped in a cycle, believing in someone who keeps showing you who they really are, yet holding onto hope that they will change. I know what it's like to pray for a breakthrough, to fast for clarity, and to have God reveal things that shake you to your core. This is my testimony of survival. Of learning the difference between love and control. Of recognizing manipulation, both in the physical and spiritual realm. Of seeing the signs God was giving me, even when I didn't want to accept them. This book is about the battle I fought, not just against a toxic relationship, but against the unseen forces that tried to keep me bound. I share this because I want someone—maybe you—to know that you're not crazy. The dreams, the tension, the shifts in energy—you're not imagining them. There is a spiritual battle happening, and the enemy works through people, even those we love. But there's a way out. There's healing. There's life after the storm. This book is for the ones who are searching for answers, for the ones who feel stuck, and for the ones who need to be reminded that God always makes a way.

Crossing the Rubicon Eric de la Harpe, 2011-11-01 Much has been experienced. Some has been forgiven. Nothing has been forgotten. This ever-changing story is a journey of discovery from beginning to end. Seen through the eyes of a white South African, it reveals a period of rapid change and the following challenges that faced an entire country. Based on real events, this novel relates an untold story in considerable detail. It opens a vivid window into the history of apartheid in South Africa and the role that the late Nelson Mandela played in the lives of ordinary people. This novel deserves to be widely read... The prose is seductive and the dialogue crackles with personality. Writer's Digest Annual Self-Published Book Awards

Organizing Identity Paul du Gay, 2007-03-08 This book overturns the conventional thinking about organization and identity and puts in its place a wholly new theoretical synthesis. It is not just an extraordinarily incisive commentary on modern life but it is also a key to thinking about identity in new ways which will prove an indispensable guide as we move beyond social constructionism. Remarkable.- Nigel Thrift, Vice-Chancellor, The University of Warwick I have to say that as usual I find very refreshing Paul du Gay's courageous and unconventional approach, a clarity of vision that I find very appealing.- Professor Marilyn Strathern, University Of Cambridge Like many other popular academic terms, 'identity' has been asked to do so much work that it has often ended up doing none at all and, as a consequence, there has been a recent turn away from identity work. In this book, Paul du Gay moves identity theory in a new direction, offering a distinctive approach to studying how persons - human and non human - are put together or assembled: how their 'identities' are formed. He does through an engagement with a range of work in the social sciences, humanities and in organization studies which privileges the business of description over metaphysical speculation and epochalist assertion. At the heart of the book is an approach to the material-cultural making up of 'persons' that involves a shift away from general social and cultural accounts concerning the formation of 'subjectivity' and 'identity' towards an understanding of the specific forms of personhood that individuals acquire through their immersion in and subjection to particular normative and technical regimes of conduct. The book is written for postgraduate students and researchers interested in debates about identity, subjectivity and personhood in a range of disciplines - especially those in sociology, social anthropology, geography, and organization and management studies.
