From Rabbit Ears to the Rabbit Hole Kathleen Collins,2021-03-02 For the past several years, critics have been describing the present era as both “the end of television” and one of “peak TV,” referring to the unprecedented quality and volume and the waning of old technologies, formats, and habits. Television’s projections and reflections have significantly contributed to who we are individually and culturally. *From Rabbit Ears to the Rabbit Hole: A Life with Television* reveals the reflections of a TV scholar and fan analyzing how her life as a consumer of television has intersected with the cultural and technological evolution of the medium itself. In a narrative bridging television studies, memoir, and comic, literary nonfiction, Kathleen Collins takes readers alongside her from the 1960s through to the present, reminiscing and commiserating about some of what has transpired over the last five decades in the US, in media culture, and in what constitutes a shared cultural history. In a personal, critical, and entertaining meditation on her relationship with TV—as avid consumer and critic—she considers the concept and institution of TV as well as reminiscing about beloved, derided, or completely forgotten content. She

describes the shifting role of TV in her life, in a progression that is far from unique, but rather representative of a largely collective experience. It affords a parallel coming of age, that of the author and her coprotagonist, television. By turns playful and serious, wry and poignant, it is a testament to the profound and positive effect TV can have on a life and, by extrapolation, on the culture.

Ransom Kidnapping in Italy Alessandra Montalbano, 2023-12-18 For over thirty years, modern Italy was plagued by ransom kidnappings perpetrated by bandits and organized crime syndicates. Nearly 700 men, women, and children were abducted from across the country between the late 1960s and the late 1990s, held hostage by members of the Sardinian banditry, Cosa Nostra, and the 'Ndrangheta. Subjected to harsh captivities and psychological abuse, the victims spent months and even years in isolation while law enforcement and the state struggled to find them. *Ransom Kidnapping in Italy* examines this Italian criminal phenomenon. Alessandra Montalbano argues that abduction is a key vantage point from which to understand modern Italy: it troubled the law, terrified society, ignited juridical and parliamentary debates, and mobilized citizens. Bringing together archival and media materials with the victims' accounts and diverse forms of cultural response, the book examines ransom kidnapping through the lenses of historiography, law, literary criticism, trauma studies, phenomenology, and political philosophy. *Ransom Kidnapping in Italy* traces how and at what price Italians became aware of living in a country that was being blackmailed by criminal organizations that arguably jeopardized the nation even more than terrorism.

Too Black to Be French Isabelle Boni-Claverie, 2025-02-04 Winner, Grand Prize, French Voices Award In *Too Black to Be French*, Isabelle Boni-Claverie navigates the complexities of identity, race, and family in a world that constantly questions her belonging. Boni-Claverie's singular account interweaves the extraordinary life experiences of three generations of her family: her grandfather from Ivory Coast, who married a middle-class white woman from southern France in the 1930s; her biological parents, and her mixed-race aunt and white upper-class uncle who adopted her; as well as her own life as a successful film director and writer faced with abiding stereotypes and discrimination. Written with humor and aplomb, Boni-Claverie's narrative examines the enduring effects of France's colonial past and the deep-seated structural prejudices affecting Black people in a country that prides itself on stories of its hospitality toward African Americans fleeing segregation. Updating this picture to reveal the complexities and challenges of being Black in France where discussion of race is often taboo, Boni-Claverie offers an American readership rare insights into racial dynamics on both sides of the Atlantic. *Too Black to Be French* is at once a sociological portrait of France, a multicultural family album, and a transatlantic coming-of-age story. It will appeal to readers eager for a passionate fresh voice devoted to better understanding the challenges of today's world and the courage it takes to overcome them. Through vivid storytelling, Boni-Claverie invites readers to traverse a path filled with emotional depth, cultural introspection, and a quest for acceptance.

Passengers Cassandra Swiderski,2011-01-24 Set against the backdrop of the Great Depression in Kansas, Passengers presents two stories of love and loss. It follows the equally bleak and hopeful young lives of two couples, Holden & Anna and Jonathan & Cora, and chronicles the often unassociated consequences of committing oneself to the course of passion. Touching upon tangential forces that can affect liaisons, including religion, socioeconomic status, family relations, and physical proximity, Passengers poignantly exposes the faults of adolescent and pressure-filled relationships. How can someone truly in love become tied to lust, betrayal, indecision, or the refusal to compromise? At the core remains the storys continuous message: as a dry, poor, desperate country is bound to recover with enough effort and fidelity, so, too, are devoted lovers. Wonderfully inspiring and, at times, devastatingly sad, Passengers captures four lives unraveled and strengthened by an affection as needed as a panacea to the fiscal crisis. After all, fortune may only lead you to the tracks. Persistence and toil represent the authenticity of the ride.
