

# Origins Of Yoga And Tantra

**Tova Olsson**

*The Origins of Yoga and Tantra* Geoffrey Samuel, 2008-03-27 Yoga, tantra and other forms of Asian meditation are practised in modernized forms throughout the world today, but most introductions to Hinduism or Buddhism tell only part of the story of how they developed. This book is an interpretation of the history of Indic religions up to around 1200 CE, with particular focus on the development of yogic and tantric traditions. It assesses how much we really know about this period, and asks what sense we can make of the evolution of yogic and tantric practices, which were to become such central and important features of the Indic religious scene. Its originality lies in seeking to understand these traditions in terms of the total social and religious context of South Asian society during this period, including the religious practices of the general population with their close engagement with family, gender, economic life and other pragmatic concerns.

**The Origins of Yoga and Tantra** Geoffrey Samuel, 2008-03-27 Yoga, tantra and other forms of Asian meditation are practised in modernized forms throughout the world today, but most introductions to Hinduism or Buddhism tell only part of the story of how they developed. This book is an interpretation of the history of Indic religions up to around 1200 CE, with particular focus on the development of yogic and tantric traditions. It assesses how much we really know about this period, and asks what sense we can make of the evolution of yogic and tantric practices, which were to become such central and important features of the Indic religious scene. Its originality lies in seeking to understand these traditions in terms of the total social and religious context of South Asian society during this period, including the religious practices of the general population with their close engagement with family, gender, economic life and other pragmatic concerns.

*Yoga and Tantra: History, Philosophy & Mythology* Tova Olsson, 2023-01-01 The stories about how old yoga is as a practice, where it originated from and who it belongs to are as many as they are conflicting. Yoga practitioners often have to navigate through a jungle of information in order to seek answers to their questions. What exactly is the goal of yoga? Is it relevant for contemporary yoga practitioners to study the Yoga Sutra? What do the various Indian gods and goddesses really symbolise? And what do yogic and tantric traditions have in common? This book offers its readers a clear overview of the origin and historical development of yoga and tantra and an in-depth understanding of the various philosophical systems and concepts used under the name yoga philosophy. The book also provides insight into how the classical literature often referenced in yoga can be understood contextually, i.e., how it relates to and reflects the time and place it originated in. As

well as how yogic mythology and its many deities can be used to put words on an inner experience or shed light on aspects of ourselves. The book is a must-read for yoga teachers, curious practitioners, as well as knowledge seekers. About The Author: TOVA OLSSON is a yoga teacher, religious scholar and writer. She has been published in scientific journals and lectures internationally on the history, philosophy and mythology of yoga and tantra. She holds an MA in history of religions from Gothenburg University and is currently working on her PhD at Umeå University.

**Tracing the Path of Yoga** Stuart Ray Sarbacker, 2021-01-01 Clear, accessible, and meticulously annotated, Tracing the Path of Yoga offers a comprehensive survey of the history and philosophy of yoga that will be invaluable to both specialists and to nonspecialists seeking a deeper understanding of this fascinating subject. Stuart Ray Sarbacker argues that yoga can be understood first and foremost as a discipline of mind and body that is represented in its narrative and philosophical literature as resulting in both numinous and cessative accomplishments that correspond, respectively, to the attainment of this-worldly power and otherworldly liberation. Sarbacker demonstrates how the yogic quest for perfection as such is situated within the concrete realities of human life, intersecting with issues of politics, economics, class, gender, and sexuality, as well as reflecting larger Indic religious and philosophical ideals.

**Yoga Spandakarika** Daniel Odier, 2005-03-23 Translation and commentary of one of the most important texts of the Kashmirian Shivaism tradition of Tantra • Author was a student of the late Kalu Rinpoche • Explores the transmission of Mahamudra, the Great Cosmic Gesture • Includes the Vijnanabhairava Tantra, which contains the totality of the oldest source text on Yoga The Spandakarika, the Tantric Song of the Divine Pulsation, is said to have been transmitted directly to the sage Vasugupta from the hands of Shiva on Mount Kailas. In his commentary on these fifty-two stanzas, the sage Ksemaraja described them as the heart of the Mahamudra. The oldest masters of Spandakarika viewed everything in the universe, including matter, as consciousness and created a yoga practice in accordance with this realization. The sacred dance of Yoga Spandakarika, Tandava, is extremely subtle and difficult, requiring thousands of hours of practice to master, yet it surpasses any other physical practice, allowing the practitioner to touch the divine inner pulse. Once its third stage has been mastered, the yogi or yogini is able to manifest the dance of Shiva in space, a tradition visible in the statuary of Tantric temples in India and Tibet. Energy is no longer contracted by the perception of duality, and the mind and body become unbounded, forming a sphere that contains all that was formerly outside. In Yoga Spandakarika Daniel Odier passes on these vanishing teachings as he received them from his Tibetan master, Kalu Rinpoche, and Kashmiri yogi Lalita Devi.

**World History through Case Studies** David Eaton, 2019-09-19 This innovative textbook demystifies the subject of world history through a diverse range of case studies. Each chapter looks at an event, person, or place commonly included in comprehensive textbooks, from prehistory to the present and from across the globe – from the Kennewick Man to gladiators and modern-day soccer and globalization – and digs deeper, examining why historians disagree on the subject and why their

debates remain relevant today. By taking the approach of 'unwrapping the textbook,' David Eaton reveals how historians think, making it clear that the past is not nearly as tidy as most textbooks suggest. Provocative questions like whether ancient Greece was shaped by contact with Egypt provide an entry point into how history professors may sharply disagree on even basic narratives, and how historical interpretations can be influenced by contemporary concerns. By illuminating these historiographical debates, and linking them to key skills required by historians, *World History through Case Studies* shows how the study of history is relevant to a new generation of students and teachers.

**The Philosophy of Yoga in Contemporary American Fiction** Sukhbir Singh, 2024-07-09 Following the Second World War, yoga has asserted its presence in America and impacted the American culture, arts, and literature. This book offers extensive explications of Saul Bellow's *Mr. Sammler's Planet*, J.D. Salinger's "Teddy," John Updike's *S.*: A Novel, and Kurt Vonnegut's *Slaughterhouse-Five* in the light of the four different yoga philosophies interwoven into their respective narrative structures. The comparative analyses of these four contemporary American fictions unveil the deeper mystical motifs implicit in their plots, stories, themes, and characters' behavioural patterns. The exhaustive interpretations of texts in the five successive chapters put forth an exposition of how the ancient Indic philosophy and contemporary American fiction interact to explicate and enrich each other. The book adds a unique, unconventional dimension to the comparative and interdisciplinary investigation into contemporary American fiction and thereby opens up new vistas of an off-beat interface between the Eastern philosophy and Western literature.

**The Art and Business of Teaching Yoga (revised)** Amy Ippoliti, Taro Smith, 2023-12-05 Originally published in 2016, *The Art and Business of Teaching Yoga* immediately became the essential resource for those looking to start or maintain a successful career in yoga. Since then, the landscape has changed. Online yoga and social media are now a crucial part of most teachers' repertoires. Yoga teachers also face broad cultural shifts, an evolving environmental crisis, and resulting anxiety among students, all of which bring fresh challenges to their leadership and teaching abilities. This expanded edition will help you: • plan dynamic classes, including engaging digital content • build a loyal student base and become more financially stable • optimize your own practice • maintain a marketing plan and develop a unique brand • teach yoga to facilitate ease and inspire creative action in a troubled world

**Rumi and Shams' Silent Rebellion** Mostafa Vaziri, 2015-07-08 This book offers a paradigm shift and fresh interpretation of Rumi's message. After being disentangled from the anachronistic connection with the Mevlevi order of Islamic Sufism, Rumi is instead placed in the world of philosophy.

**The Science of Yoga** William J Broad, 2012-02-07 A lead science writer for *The New York Times*—and lifelong yoga practitioner—examines centuries of history and research to scrutinize the claims made about yoga for health, fitness, emotional wellbeing, sex, weight loss, healing, and creativity. He reveals what is real and what is illusory, in the process

exposing moves that can harm or even kill. A New York Times bestseller. The Science of Yoga draws on more than a century of painstaking research to present the first impartial evaluation of a practice thousands of years old. It celebrates what's real and shows what's illusory, describes what's uplifting and beneficial and what's flaky and dangerous—and why. Broad unveils a burgeoning global industry that attracts not only curious scientists but true believers and charismatic hustlers. He shatters myths, lays out unexpected benefits, and offers a compelling vision of how the ancient practice can be improved.

**The Integral Philosophy of Aurobindo** Brainerd Prince, 2017-01-20 Sri Aurobindo was an Indian nationalist, philosopher, yogi, guru, and poet. This book is an enquiry into the integral philosophy of Aurobindo and its contemporary relevance. It offers a reading of Aurobindo's key texts by bringing them into conversation with religious studies and the hermeneutical traditions. The central argument is that Aurobindo's integral philosophy is best understood as a hermeneutical philosophy of religion. Such an understanding of Aurobindo's philosophy, offering both substantive and methodological insights for the academic study of religion, subdivides into three interrelated aims. The first is to demonstrate that the power of the Aurobindonian vision lies in its self-conception as a traditionary-hermeneutical enquiry into religion; the second, to draw substantive insights from Aurobindo's enquiry to envision a way beyond the impasse within the current religious-secular debate in the academic study of religion. Working out of the condition of secularism, the dominant secularists demand the abandonment of the category 'religion' and the dismantling of the academic discipline of religious studies. Aurobindo's integral work on 'religion', arising out of the Vedānta tradition, critiques the condition of secularity that undergirds the religious-secular debate. Finally, informed by the hermeneutical tradition and building on the methodological insights from Aurobindo's integral method, the book explores a hermeneutical approach for the study of religion which is dialogical in nature. This book will be of interest to academics studying Religious Studies, Philosophy of Religion, Continental Hermeneutics, Modern India, Modern Hinduism as well as South Asian Studies.

The Eight Limbs of Yoga Stuart Ray Sarbacker, Kevin Kimple, 2015-07-07 A handbook providing a concise by comprehensive overview of yoga practice that bridges the academic and the practical--

*Llewellyn's Complete Book of Chakras* Cyndi Dale, 2015-11-08 The Ultimate Guide to Chakras and Energy Systems As powerful centers of subtle energy, the chakras have fascinated humanity for thousands of years. Llewellyn's Complete Book of Chakras is a unique and empowering resource that provides comprehensive insights into these foundational sources of vitality and strength. Discover what chakras and chakra systems are, how to work with them for personal growth and healing, and the ways our understanding of chakras has transformed throughout time and across cultures. Lively and accessible, this definitive reference explores the science, history, practices, and structures of our subtle energy. With an abundance of illustrations and a wealth of practical exercises, Cyndi Dale shows you how to use chakras for improving wellness, attracting what you need, obtaining guidance, and expanding your consciousness. Praise: In one thoroughly

researched and beautifully written book you can learn...what it took ancient seekers a lifetime to uncover.—Steven A. Ross, PhD, CEO of the World Research Foundation and author of *And Nothing Happened...But You Can Make It Happen* A shining constellation of timeless wisdom and brilliant insights on chakras. This groundbreaking book is an essential conduit to whole-self healing.—Dr. Deanna Minich, founder of Food & Spirit Expertly researched, well written, and easy to understand. The go-to guide for understanding subtle energy systems.—Madisyn Taylor, bestselling author and editor-in-chief of DailyOM Cyndi's exploration of cross-cultural systems is stunningly complete...Very impressive.—Margaret Ann Lembo, author of *Chakra Awakening*

*A Brief History of Yoga* Ramesh Bjonnes, 2018-06-25 Yoga is growing in popularity all over the world today, yet misconceptions about its original purpose and ancient roots abound. In this refreshing tale of the history of yoga, the author unveils the true heart of the tradition. *A Brief History of Yoga* is essential reading for all those who care about the past and future evolution of yoga.

**Spirits and Ships** Andrea Acri, Roger Blench, Alexandra Landmann, 2017-03-10 This volume seeks to foreground a “borderless” history and geography of South, Southeast, and East Asian littoral zones that would be maritime-focused, and thereby explore the ancient connections and dynamics of interaction that favoured the encounters among the cultures found throughout the region stretching from the Indian Ocean littorals to the Western Pacific, from the early historical period to the present. Transcending the artificial boundaries of macro-regions and nation-states, and trying to bridge the arbitrary divide between (inherently cosmopolitan) “high” cultures (e.g. Sanskritic, Sinitic, or Islamicate) and “local” or “indigenous” cultures, this multidisciplinary volume explores the metaphor of Monsoon Asia as a vast geo-environmental area inhabited by speakers of numerous language phyla, which for millennia has formed an integrated system of littorals where crops, goods, ideas, cosmologies, and ritual practices circulated on the sea-routes governed by the seasonal monsoon winds. The collective body of work presented in the volume describes Monsoon Asia as an ideal theatre for circulatory dynamics of cultural transfer, interaction, acceptance, selection, and avoidance, and argues that, despite the rich ethnic, linguistic and sociocultural diversity, a shared pattern of values, norms, and cultural models is discernible throughout the region.

Yoga Debra Diamond, Molly Emma Aitken, 2013 Published by the Freer Gallery of Art and the Arthur M. Sackler Gallery on the occasion of the exhibition *Yoga: The Art of Transformation*, October 19, 2013 - January 26, 2014. Organized by the Arthur M. Sackler Gallery, the exhibition travels to the Asian Art Museum of San Francisco, February 22-May 18, 2014, and the Cleveland Museum of Art, June 22-September 7, 2014.

**Pop Cultures and Ecstatic States of the Body Since World War II** Kristoff Kerl, Detlef Siegfried, Robert P. Stephens, Olaf Stieglitz, 2025-07-15 This book examines the many, varied historical entanglements between pop cultures and ecstatic, euphoric, and intoxicated bodies, focusing on the period between the 1950s and the 1980s. Charting a new course

by bringing together pop culture studies, the history of bodies, and the history of emotions, the volume unites new historical perspectives on different forms of corporeal pleasure and offers novel methods for studying the social and cultural politics of ecstasy.

Hindu Goddesses Lynn Foulston, 2009-07-03 Explores the diversity of Hindu goddesses and the variety of ways in which they are worshipped. Although they undoubtedly have ancient origins, Hindu goddesses and their worship is still very much a part of the fabric of religious engagement in India today. This book offers an introduction to a complex and often baffling field of study.

**Flexible India** Shameem Black, 2023-12-19 Yoga has offered the Indian state unprecedented opportunities for global, media-savvy political performance. Under Modi, it has promoted yoga tourism and staged mass yoga sessions, and Indian officials have proposed yoga as a national solution to a range of social problems, from reducing rape to curing cancer. But as yoga has gone global, its cultural meanings have spiraled far and wide. In *Flexible India*, Shameem Black travels into unexpected realms of popular culture in English from India, its diaspora, and the West to explore and critique yoga as an exercise in cultural power. Drawing on her own experience and her readings of political spectacles, yoga murder mysteries, court cases, art installations, and digital media, Black shows how yoga's imaginative power supports diverse political and cultural ends. Although many cultural practices in today's India exemplify "culture wars" between liberal and conservative agendas, *Flexible India* argues that visions of yoga offer a "culture peace" that conceals, without resolving, such tensions. This flexibility allows states, corporations, and individuals to think of themselves as welcoming and tolerant while still, in many cases, supporting practices that make minority populations increasingly vulnerable. However, as Black shows, yoga can also be imagined in ways that offer new tools for critiquing hierarchical structures of power and race, Hindu nationalism, cultural appropriation, and self-help capitalism.

**Yoga Journal**, 2006-06 For more than 30 years, Yoga Journal has been helping readers achieve the balance and well-being they seek in their everyday lives. With every issue, Yoga Journal strives to inform and empower readers to make lifestyle choices that are healthy for their bodies and minds. We are dedicated to providing in-depth, thoughtful editorial on topics such as yoga, food, nutrition, fitness, wellness, travel, and fashion and beauty.
