Ting Toomey/Chung

Understanding Intercultural Communication Stella Ting-Toomey, Leeva Chung, 2012-01-26 This book introduces students to the foundations of intercultural communication, a growing sub-discipline within Communication. Ting-Toomey and Chung are both well known and active in the scholarly community, and their book features a theme of flexible intercultural communication, positioning itself as an antidote to texts that are prescriptive and rules-y or overly theoretical. Praised for its attention to pedagogy and its holistic approach, the book also avoids some of the pitfalls of the market leader, Samovar, written from a fairly masculinist and US frame.

Managing Intercultural Conflict Effectively Stella Ting-Toomey, John G. Oetzel, 2001-07-25 In this volume, Ting-Toomey and Oetzel accomplish two objectives: to explain the culture-based situational conflict model, including the relationship among conflict, ethnicity, and culture; and, second, integrate theory and practice in the discussion of interpersonal conflict in culture, ethnic, and gender contexts. While the book is theoretically directed, it is also a down-to-earth practical book that contains ample examples, conflict dialogues, and critical incidents. Managing Intercultural Conflict Effectively helps to illustrate the complexity of intercultural conflict interactions and readers will gain a broad yet integrative perspective in assessing intercultural conflict situations. The book is a multidisciplinary text that draws from the research work of a variety of disciplines such as cross-cultural psychology, social psychology, sociology, marital and family studies, international management, and communication.

Understanding Intercultural Communication Stella Ting-Toomey, Leeva C. Chung, 2005 Understanding Intercultural Communication offers a comprehensive look at the foundational concepts of intercultural communication. Through its dynamic theme of flexible intercultural communication, authors Stella Ting-Toomey and Leeva Chung effectively bridge the gap between intercultural communication theory and practice. This book is distinctive because of its well-balanced emphasis on both cross-national intercultural communication issues and U.S. domestic diversity issues. Written in a conversational style, the text presents up-to-date, identity-based frameworks and fresh approaches. By integrating current empirical research with lively intercultural examples, this book illustrates the practical nature of the intercultural communication field.

Ting-Toomey and Chung encourage students to think critically by asking thought-provoking questions throughout the text and posing intercultural ethical dilemmas for students to ponder. The text offers strong coverage of such topics as the process of ethnic and cultural identity change, culture shock and intercultural adjustment, intercultural verbal communication styles, conflict facework interactions, romantic relationships and raising bicultural children, global identity challenges, and decision-making choices in intercultural ethics.

Culture and Interpersonal Communication William B. Gudykunst, Stella Ting-Toomey, 1988-11 Recipient of the 1988 Outstanding Book Award from the International and Intercultural Division of the Speech Communication Association The integration is impressive, and the book is a 'must' for those interested in this and related topics. . . . I think this book is likely to become 'the bible' of graduate students preparing for qualifying examinations for their doctorate in interpersonal communication, particularly if cultural variables are included in such preparation. Professionals in this area will, of course, want to have it. It is recommended to all readers of this journal. --Harry Triandis, International Journal of Intercultural Relations This book provides a welcome addition to the literature on human interaction. . . . The coverage of most areas is impressive. The authors have amassed a considerable volume of material and have managed to compress a very detailed discussion into a comparatively small space. The material is logically organized and succinctly presented throughout . . . a valuable reference source. . . . A thoroughly researched and tightly written book which contributes significantly to the corpus scholarship in both interpersonal and intercultural communication. It is highly recommended as a reference source for anyone interested in these increasingly important areas of research. --Canadian Journal of Communication The authors have integrated an impressive array of literature. . . . This book is timely and will help give direction to culture and communication research over the next decade. . . . Clearly structured and the material is well organized. . . . The writing is easy to read and the material generally well integrated. --Contemporary Sociology Offers a very useful grounding and integration of work in this area so far. --Journal of Cross-Cultural Psychology

Communicating Across Cultures, First Edition Stella Ting-Toomey,2012-08-30 From high-level business negotiations to casual conversations among friends, every interpersonal interaction is shaped by cultural norms and expectations. Seldom is this more clearly brought to light than in encounters between people from different cultural backgrounds, when dissimilar communication practices may lead to frustration and misunderstanding. This thought-provoking text presents a new framework for understanding the impact of culture on communication and for helping students build intercultural communication competence. With illustrative examples from around the globe, the book shows that verbal and nonverbal communication involves much more than transmitting a particular message--it also reflects each participant's self-image, group identifications and values, and privacy and relational needs. Readers learn to move effectively and appropriately through a wide range of transcultural situations by combining culture-specific knowledge with mindful listening and communication skills. Throughout, helpful tables and charts and easy-to-follow guidelines for putting concepts into practice enhance the book's utility for students.

Communicating Effectively with the Chinese Ge Gao,Stella Ting-Toomey,1998-06-10 How can North Americans improve their communication with the Chinese? A useful and efficient approach to understand prevalent cultural assumptions underlying everyday Chinese communicative activities, *Communicating Effectively with the Chinese* identifies and conceptualizes some of the distinctive communication practices in Chinese culture. Utilizing the self-OTHER perspective as a conceptual foundation, authors Ge Gao and Ting-Toomey portray and interpret the dynamics of Chinese communication. They examine how self-conception, role and hierarchy, relational dynamics, and face affect ways of conducting everyday talk in Chinese culture. They explain why miscommunication between Chinese and North Americans take place and suggest ways to improve Chines/North American communication. By incorporating instances of everyday talk, Gao and Ting-Toomey offer a

realistic and clear illustration of the specific characteristics and functions of Chinese communication, as well as problematic areas of Chinese-North American encounters. Adding to the sparse literature on communicating with others of different cultural backgrounds, *Communicating Effectively with the Chinese* is an insightful resource that will be widely used by professionals and academics in communication, intercultural communication, interpersonal communication, Asian studies, and race and ethnic studies.

Communication in Personal Relationships Across Cultures William B. Gudykunst, Stella Ting-Toomey, Tsukasa Nishida, 1996-08-07 Filling the void in interpersonal and intercultural communication, *Communication in Personal Relationships Across Cultures* examines the communication practices of non-Western cultures. The international cast of contributors assembled here leaves behind the biases typical of most research and theorizing done in this area of communication and enables the reader to develop a thorough understanding of how people communicate in non-Western societies. Chapters focus on communication practices in China, Japan, Korea, Mexico, Brazil, Iran, Africa, and totalitarian societies. Through both emic and etic approaches, this groundbreaking volume explores how members of a culture understand their own communication, and compares the similarities and differences of specific aspects of communication across cultures. Covering all major theories in this expanding field, and suggesting areas for future research, this engaging collection will interest both students and professionals in communication, psychology, and sociology.

Cross-Cultural Interpersonal Communication Stella Ting-Toomey, Felipe Korzenny, 1991-01-31 The newest ideas and findings in cross-cultural interpersonal communication are provided in this challenging volume. The internationally-recognized contributors examine such salient topics as interpersonal relationship development between people from different cultures, family nicknaming practices, and language and intercultural attraction.

Intercultural Communication Ling Chen, 2017-04-10 This handbook takes a multi-disciplinary approach to offer a current state-of-art survey of intercultural communication (IC) studies. The chapters aim for conceptual comprehension, theoretical clarity and empirical understanding with good practical implications. Attention is mostly on face to face communication and networked communication facilitated by digital technologies, much less on technically reproduced mass communication. Contributions cover both cross cultural communication (implicit or explicit comparative works on communication practices across cultures) and intercultural communication (works on communication involving parties of diverse cultural backgrounds). Topics include generally histories of IC research, theoretical perspectives, non-western theories, and cultural communication; specifically communication styles, emotions, interpersonal relationships, ethnocentrism, stereotypes, cultural learning, cross cultural adaptation, and cross border messages; and particular context of conflicts, social change, aging, business, health, and new media. Although the book is prepared for graduate students and academicians, intercultural communication practitioners will also find something useful here.
