The Life of Charlotte Bronte, Complete Elizabeth Cleghorn Gaskell,2016-01-14 CHAPTER I The Leeds and Skipton railway runs along a deep valley of the Aire; a slow and sluggish stream, compared to the neighbouring river of Wharfe. Keighley station is on this line of railway, about a quarter of a mile from the town of the same name. The number of inhabitants and the importance of Keighley have been very greatly increased during the last twenty years, owing to the rapidly extended market for worsted manufactures, a branch of industry that mainly employs the factory population of this part of Yorkshire, which has Bradford for its centre and metropolis. Keighley is in process of transformation from a populous,

old-fashioned village, into a still more populous and flourishing town. It is evident to the stranger, that as the gable-ended houses, which obtrude themselves corner-wise on the widening street, fall vacant, they are pulled down to allow of greater space for traffic, and a more modern style of architecture. The quaint and narrow shop-windows of fifty years ago, are giving way to large panes and plate-glass. Nearly every dwelling seems devoted to some branch of commerce. In passing hastily through the town, one hardly perceives where the necessary lawyer and doctor can live, so little appearance is there of any dwellings of the professional middle-class, such as abound in our old cathedral towns.
