Basic Elements of Landscape Architectural Design Norman K. Booth, 1989-10-01 Singularly highlights landscape architectural elements with clear design principles! Designed to be used as a helpful resource by individuals beginning their careers, Basic Elements of Landscape Architectural Design presents the thoughts and key design theories fundamental to

landscape architecture in simple words and illustrations. Still available from Waveland Press, this highly regarded sourcebook offers the vocabulary, significance, characteristics, potential uses, and design guidelines for landform, plant materials, buildings, pavement, site structures, and water in landscape architectural design. It will help your students overcome common mistakes and misconceptions typical in the early phases of their design career and will heighten their understanding and awareness of the major physical components of the outdoor environment.

The Elements of Construction N. Clifford Ricker, 2025-03-11 A pioneer of architecture education in the United States, N. Clifford Ricker notably taught with an emphasis on construction and shop practice in his teaching. Marci S. Uihlein edits and elaborates on *The Elements of Construction*, the text on building materials that Ricker wrote and used in his teaching, but never published. The book is a window into the expanding possibilities of the late nineteenth-century, as Ricker continually revised *The Elements of Construction* to keep up with advances taking place in architecture, materials, and construction technology. In addition to providing the full text, Uihlein and the contributors trace Ricker's career and delve into his practice of teaching. Subject experts explore specific topics. Thomas Leslie surveys contemporary construction practices in Chicago. Tom F. Peters considers Ricker's writings in the context of the time while Rachel Will looks at masonry know-how and testing. Donald Friedman examines the teaching of iron and steel construction. An illuminating look at a field and a legacy, *The Elements of Construction* rediscovers a figure that shaped the teaching of architecture and trained a generation that forever changed Chicago.

Precious Stones and Bedrock Truth Mark L. Day, 2010-05 Will your home stand firm when the torrents of life come bursting at the foundation? Certainly, if it's built on the foundation of Christ alone. Is your marriage troubled? Has your spouse or child been lifted on eagle's wings to heaven unexpectedly? Has your doctor explained a dreaded prognosis? Does the ground quake with financial uncertainties? These are the times when you need solid rock! Hopeless secular humanism builds on sinking sand and changing ideas. Yet, believers from every generation have found strength by entrusting their future into God's hands. When you study God's Word, with determination to obey, you are building on Christ-faith's cornerstone. We will build upon this foundation by studying the Spirit's use of stone typology in scripture, to reveal foundations of Christian faith and how to live for Christ as He intended. Rock solid truth equips you to stand firm in faith and to give an account of the hope within you, for God's glory. Mark Day is a student of God's Word and diligently examines Biblical truth. He appreciates practical applications from personal study that impact how to live the Christian life. For over 40 years, Mark has enjoyed sound Biblical teaching from excellent Pastors, has grown through leading men's fellowship groups, teaching Bible classes and encouraging believers through hospital visitation ministries. He has discovered that believers need to stand firm on solid truth, especially during testing and trials. He has written several articles on Christian doctrines to encourage others. *Precious Stones*, which is the culmination of a ten year research project, was written as a

heritage for his children, and prays that you too will find increased strength through this Bible study. Mark is a Software Engineer, living in Southern California. He and his wife Cherie have three children and five grandchildren.
