

Creation Of The Israeli State

Muhannad Ayyash

The Creation of Israel Jim Whiting, 2020-02-04 The formation of the State of Israel in 1948 is one of the most important events in recent History. About 3,000 years ago, Israel was a powerful nation. But it soon fell from power and in the second century CE most Jews were forced out of their homeland. Many went to Europe, where they were subject to prejudice and persecution for centuries. By far the worst case was the Holocaust, in which six million Jews were killed. Their suffering accelerated a move toward the development of a Jewish state in what came to be called Palestine. However, Palestine was the home to hundreds of thousands of Arabs. Conflict between the two sides was inevitable. Open warfare broke out after the United Nations voted to partition Palestine into a Jewish state and an Arab state. Though the Israelis achieved their independence, the region has never known true peace.

The Creation of the State of Israel Myra Immell, 2009-10-16 Tensions in the Middle East are due to a number of reasons, with the creation of Israel being among them. Give readers a much-needed survey of several lively debates relating to the creation of the state of Israel. Essay sources include The Times of London, The Jerusalem Post, and The Higher Arab Committee. While essayist Jamal el-Husseini argues that Palestine should not be partitioned, Abba Hillel Silver argues that Palestine should be partitioned. Sequenced in the pro versus con format, these essays will activate your readers' critical thinking skills. Once seating reader's deeply in the debates, personal narratives are then shared, by those living with the issues of disharmony between Palestine and Israel. Narratives include a student celebrating the dawn of the Jewish state, and a young immigrant who joins the Haganah.

The Cambridge Guide to Jewish History, Religion, and Culture Judith R. Baskin, Kenneth Seeskin, 2010-07-12 This book provides a comprehensive and accessible overview of the Jewish experience, from its ancient origins to its impact on contemporary popular culture.

Palestinian Ethnonationalism in Israel Oded Haklai, 2011-06-15 Arabs make up approximately 20 percent of the population within Israel's borders. Until the 1970s, Arab citizens of Israel were a mostly acquiescent group, but in recent decades political activism has increased dramatically among members of this minority. Certain activists within this population claim that they are a national and indigenous minority dispossessed by more recent settlers from Europe. Ethnically based political organizations inside Israel are making nationalist demands and challenging the Jewish foundations

of the state. Palestinian Ethnonationalism in Israel investigates the rise of this new movement, which has important implications for the Palestinian-Israeli conflict as a whole. Political scientist Oded Haklai has written the first book to examine this manifestation of Palestinian nationalism in Israel. Drawing on extensive fieldwork and interviews with key figures, Haklai investigates how the debate over Arab minority rights within the Jewish state has given way to questioning the foundational principles of that state. This ground-breaking book not only explains the transitions in Palestinian Arab political activism in Israel but also presents new theoretical arguments about the relationship between states and societies. Haklai traces the source of Arab ethnonationalist mobilization to broader changes in the Israeli state, such as the decentralization of authority, an increase in political competition, intra-Jewish fragmentation, and a more liberalized economy. Palestinian Ethnonationalism in Israel avoids oversimplified explanations of ethnic conflict. Haklai's carefully researched and insightful analysis covers a neglected aspect of Israeli politics and Arab life outside the West Bank and Gaza. Scholars and policy makers interested in the future of Israel and peace in the Middle East will find it especially valuable.

The Handbook of Israel's Political System Itzhak Galnoor, Dana Blander, 2018-04-30 There is growing interest in Israel's political system from all parts of the world. This Handbook provides a unique comprehensive presentation of political life in Israel from the formative pre-state period to the present. The themes covered include: political heritage and the unresolved issues that have been left to fester; the institutional framework (the Knesset, government, judiciary, presidency, the state comptroller and commissions of inquiry); citizens' political participation (elections, political parties, civil society and the media); the four issues that have bedevilled Israeli democracy since its establishment (security, state and religion, the status of Israel's Arab citizens and economic inequities with concomitant social gaps); and the contours of the political culture and its impact on Israel's democracy. The authors skilfully integrate detailed basic data with an analysis of structures and processes, making the Handbook accessible to both experts and those with a general interest in Israel.

Introduction to Palestine Gilad James, PhD, Palestine is a region that is located in Western Asia, situated between the Mediterranean Sea and the Jordan River. Palestine has been an important center of human civilization for thousands of years, with civilizations like the Canaanites, Israelites, Romans, Byzantines, and Ottoman Empire having all had a presence in this area. In modern times, the region has been the subject of intense conflict between Israelis and Palestinians, with both sides claiming it as their rightful homeland. The history of Palestine is complex and multifaceted, with conflicting narratives and interpretations of events. The ongoing struggle for control of the territory remains a major issue in the Middle East and the world at large.

Visions of Place Martin Rosenberg, J. Susan Isaacs, 2016 *Visions of Place: Complex Geographies in Contemporary Israeli Art* explores Israel's history, society, culture through the diverse works of its contemporary artists. Issues related to the exhibition's central theme of geography, considered in the broadest sense, are some of the most pressing ones in the

contemporary world. Curated by Dr. Martin Rosenberg, Professor of Art History, Rutgers-Camden, and Dr. J. Susan Isaacs, Professor, Curator of Departmental Galleries and Coordinator of Art History, Towson University, the exhibition presents 52 works by 36 Israeli artists, in a variety of media, demonstrating the richness, complexity and diversity of perspectives in contemporary Israeli art.

Lordship and Liberation in Palestine-Israel Muhannad Ayyash, 2025-07-22 This interdisciplinary book provides timely fresh perspective on Palestine-Israel by rethinking the nature of settler-colonial sovereignty and the relationship between land and people. Muhannad Ayyash argues that this relationship comes in two distinct forms: a settler-colonial type, practiced by the Israeli state, that consists of “lordship” over land and people, and a decolonial type, seen in Palestinian popular organizing, that he calls “land as life,” a reciprocal bond. The former is characterized by private ownership, possession, and violent expulsion of others; the latter by communal ownership, belonging to the land, and opposition to the violence of expulsion. Ranging widely across theory and history, Ayyash contends that the opposition between these two types is at the core of the Palestinian-Israeli struggle. The choice before us today, he concludes, is between the continuation of the Israeli settler-colonial project in particular and the project of colonial modernity in general, or the commencement of a decolonial age in Palestine-Israel and beyond. Offering both novel theorizations and politically engaged analysis, *Lordship and Liberation in Palestine-Israel* illuminates how decolonial sovereignties represent an alternative to settler-colonial violence.

Almanac of American Military History Spencer C. Tucker, 2012-11-21 This almanac provides a comprehensive, chronological overview of all American military history, serving as the standard reference work of its type. *Almanac of American Military History* is yet another reference work from acclaimed historian Dr. Spencer C. Tucker and ABC-CLIO, offering an unprecedented resource for a wide range of students and researchers. A comprehensive, four-volume title, this almanac traces all of American military history from the European voyages of discovery through 2011, chronicling the pivotal moments that have shaped the United States into the country it is today. In addition to documenting key events, this title presents biographies of more than 250 key individuals and provides information on more than 250 historically significant technologies and weapons systems. A detailed glossary is included, as are discussions of ranks and military awards and decorations. Divided into conflict periods, each chapter includes a detailed chronology, reference-entry sidebars, statistical information, primary-source documents, and a bibliography.

Israeli Development Aid to Sub-Saharan Africa Karolina Zielińska, 2021-03-01 This book deals with Israeli development aid to Sub-Saharan Africa countries as a part of Israeli foreign policy. The analysis is framed by the concept of soft power: an assumption that development cooperation increases attractiveness of the donor and contributes to constructive bilateral and multilateral relations. Israel is a particular case of a donor, as it concentrates on technical aid and

its aid is motivated by a particular set of ideological and pragmatic motives. Covering the period since the 1950s till today, the book analyses particular Israeli resources relevant for African development and the system and contents of Israeli development aid, with a particular focus on a new phenomenon of the engagement of businesses and NGOs. Zielińska explores the geopolitical context of Israeli aid for Sub-Saharan countries and the recipients' perception of Israeli aid; asking if and how these attitudes influence the recipients' behaviour towards Israel within their bilateral relations as well as on multilateral forums. Contributing to the knowledge of development diplomacy as a form of expression of soft power and as a tool of foreign policy, it will be of interest to international relations' students and faculty as well as to other people professionally dealing with Israeli foreign policies.

An Army Like No Other Haim Bresheeth-Zabner, 2020-08-25 The Israeli army, officially named the Israel Defence Forces (IDF), was established in 1948 by David Ben-Gurion, Israel's first prime minister, who believed that 'the whole nation is the army'. In his mind, the IDF was to be an army like no other. It was the instrument that might transform a diverse population into a new people. Since the foundation of Israel, therefore, the IDF has been the largest, richest and most influential institution in Israel's Jewish society and is the nursery of its social, economic and political ruling class. In this fascinating history, Bresheeth charts the evolution of the IDF from the Nakba to wars in Egypt, Lebanon, Iraq and the continued assaults upon Gaza, and shows that the state of Israel has been formed out of its wars. He also gives an account of his own experiences as a young conscript during the 1967 war. He argues that the army is embedded in all aspects of daily life and identity. And that we should not merely see it as a fighting force enjoying an international reputation, but as the central ideological, political and financial institution of Israeli society. As a consequence, we have to reconsider our assumptions on what any kind of peace might look like.

Multinational Corporations and United States Foreign Policy United States. Congress. Senate. Committee on Foreign Relations. Subcommittee on Multinational Corporations, 1973

Self-Determination and Secession Natalija Shikova, 2023-08-28 This book offers a comprehensive summary of extant international law scholarship on the topics of self-determination and secession and positions the concepts among present-day theory and relevant practice, illustrated through various ongoing cases and historical examples. The right to self-determination is among the least understood rights within international law. Theoretical dilemmas – as to whether there is a link between self-determination and secession – are nothing new. In essence, self-determination is a much broader concept than secession and obtaining independent statehood. Unilateral secession is not prohibited by international law, but neither is it per se welcomed or accepted in practice. Beyond the context of decolonization, secession claims have long been viewed with disapproval in international law, and lawyers have been extremely skeptical about the issue. Although this is still the case, there are also new trends and opportunities to explore situations in which secession can be accepted, legitimized, or

even legally permissible. The yardstick for this is the diplomatic response to secessionism and the growing involvement of the international community in mediation and conflict resolution. Though finding solutions can be difficult, within the existing frame, the ongoing tension between the duty of every society to recognize pluralism and diversity on the one hand, and the inherent desire of every culture – whether majority, minority or indigenous – to protect its values and ensure conformity on the other, must be resolved. The practices and modalities that envisage the internal dimension of the right to self-determination as a right that is exercised within the state borders can offer such opportunities. The appropriate role of the state and the international community is to serve as mediators between competing forces and to set parameters that can transform destructive conflicts into productive political models.

Modern Jewish Mythologies Glenda Abramson, 2000-04-01 Based on the Mason Lectures delivered at the Oxford Centre for Hebrew and Jewish Studies in the winter of 1995, the ten essays in this volume demonstrate the function and dynamic effect Jewish mythologies in social, political, and psychological life. Eli Yassif's introduction illustrates the complex relationship between myth and ritual in modern Jewish culture. In a separate essay, he focuses on the ancient Jewish tale of the Golem, a myth that presents an exemplary test case for the exploration of cultural continuity. Using the testimonies of Jewish immigrants from eastern Europe to Britain and the battle on the plain of Latrun in the Israeli War of Independence, David Cesarani and Anita Shapira demonstrate that the process of creating myth is related in one way or another to attempts by specific social and ethnic groups to shape their collective memory. Along these lines, Milton Shain and Sally Frankental interrogate the view that during the apartheid period in South African history, South African Jewry operated on a higher moral plane than most other white South Africans. And while Nurith Gertz examines the male superhero that dominated the early national Zionist cinema and reflected the center of gravity in the Zionist myth, Dan Urian analyzes two Israeli plays produced in the 1990s that examine the myth of the biblical Sarah, rewritten from a feminist perspective. Other essays examine widely held cultural beliefs of contemporary Western Jewry. Jonathan Webber questions whether memory is an essentially Jewish value and remembrance a Jewish moral duty. Tudor Parfitt explores Western and Israeli perceptions of the Yemenite Jews, and Sylvie Anne Goldberg, in examining the evolving role of the chevrah kaddisha in Prague, discusses changes in perceptions of communal institutions and traditional and modern Jewish attitudes with regard to death. Finally, Matthew Olshan offers an analysis of Kafka's animal fables as parables for the Jewish response to tradition.

Congressional Record United States. Congress, 1957 The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional Globe (1833-1873)

Turkish Foreign Policy and Turkish Identity Yucel Bozdaglioglu, 2004-06 Annotation By using the core insights of the

constructivist approach in international relations, this book analyses the foreign policy behaviour of Turkey. The author argues that Turkey's Western identity has influenced its foreign policy formulation and implementation since the War of Independence.

Language and the Politics of Sexuality E. Levon, 2010-06-30 Examining how lesbian and gay Israelis negotiate the linguistic performance of their sexualities and the constraints of Israeli national ideologies, this book broadens current understandings of the uses and effects of variation in language and details the interconnections between language use and sexual, national and political identities.

Volume 1 - The Roots of Palestine and the Colonial Imposition Dr Shahbaz Shaikh, 2024-12-22 The book is a captivating exploration of Palestine's rich history, cultural heritage, and the enduring struggle of its people. Spanning millennia, this book delves into the origins, triumphs, and trials that have shaped the Palestinian experience. Through seven insightful chapters, it examines the intricate tapestry of a land revered and contested throughout history. The journey begins in the ancient land of Canaan, uncovering the cultural and historical foundations of Palestine. This early chapter paints a vivid picture of a civilization that contributed profoundly to trade, art, and governance, establishing the region as a cornerstone of human history. The narrative then transitions to the Islamic Golden Age, highlighting Palestine's significance as a center of intellectual and cultural flourishing. From the architectural splendor of Jerusalem to groundbreaking achievements in science and literature, this period represents a time of coexistence and enlightenment that resonates deeply in the region's identity. As modern history unfolds, the book examines the emergence of Zionism and its profound implications for Palestine. Tracing the ideological roots and European socio-political movements that propelled the establishment of a Jewish homeland, it explores the growing tensions that would forever alter the region. The British Mandate period comes into focus as a time of escalating conflict, with Palestinian resistance movements challenging colonial policies and laying the groundwork for their continued struggle for sovereignty. The Nakba, or catastrophe, of 1948 marks a devastating turning point in Palestinian history. This chapter offers a deeply moving account of the displacement and dispossession of hundreds of thousands of Palestinians during the creation of the State of Israel. Through personal testimonies and historical analysis, it captures the immense human and cultural losses that continue to shape the Palestinian identity. The book further delves into the years of Israel's territorial expansion through wars between 1948 and 1967, detailing the military campaigns, geopolitical strategies, and their far-reaching impacts on Palestinian lives and aspirations. The narrative culminates with a tribute to Ghassan Kanafani, the iconic Palestinian writer, thinker, and revolutionary. His literary works and political activism not only articulated the Palestinian struggle but also inspired resilience and hope among his people. Kanafani's legacy serves as a testament to the power of art and intellect in the fight for justice. Richly detailed and powerfully written, [Book Title] offers a comprehensive understanding of Palestine's past and present. It is a compelling resource for anyone seeking to grasp the

complexities of one of the world's most enduring conflicts and the unyielding spirit of a people determined to reclaim their rights and dignity.

The British left and Zionism Paul Kelemen,2018-02-28 The changes and divisions on the left over the Israel-Palestine conflict forms the central theme of this archive based study. While the Labour Party's supported establishing a Jewish state in Palestine, as a modernising force, the communist movement opposed it, on the grounds that it facilitated imperial influence in the Middle East. In 1947, however, the British Communist Party rallied to the Zionist cause, leaving the Palestinian cause with no effective protagonists in Britain. The left's sympathy, at the time, was overwhelmingly with the Israeli state, considering its establishment a recompense to the Jewish people for the Holocaust. It was only after the 1967 Arab-Israeli War and Israel's occupation of the West Bank and Gaza, that the new left in Britain began to articulate a critical attitude to Israel and support for Palestinian nationalism. It is a perspective which has gradually gained ground in the political mainstream.

Bible and Tanakh Angel Gabriel,2025-02-01 KING HENRY VIII INVENTED THE CONCEPT OF THE BIBLE AND THE QURAN The first Bible was written in English in 1526 by William Tyndale, who was burnt by the king in 1536. Archbishop Thomas Cranmer, an accomplice of King Henry VIII, was burnt in 1556. When Archbishop Cranmer was burning, he shouted that the Pope was the enemy of Jesus. Pope and Catholics have not heard of Jesus or Moses in those times. QURAN WAS THE MASTERSTROKE OF THE BIBLE CONSPIRACY Quran trapped Muslims into believing that the homeland of Palestinians was the homeland of Jews. The words "Jews" and "Israel" were invented in the Bible in 1526. Jacob, renamed Israel in the Bible, was a "wandering Aramean" as per the Bible. William Tyndale and Martin Luther invented Abraham, Jacob, Moses, Solomon's Temple, and Jesus at King Henry VIII's behest. ULTIMATELY, JEWS AND BRITAIN REVEALED THE SECRET WITH THE BALFOUR DECLARATION, WHICH CAUSED THE HOLOCAUST AND BLAMED HITLER.

Creation Of The Israeli State Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide

range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Creation Of The Israeli State PDF books and manuals is the internets largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried

on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various

fields. It is worth noting that while accessing free Creation Of The Israeli State PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Creation Of The Israeli State free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF

books and manuals waiting to be discovered right at your fingertips.

FAQs About Creation Of The Israeli State Books

1. Where can I buy Creation Of The Israeli State books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Creation Of

The Israeli State book to read?

Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.).

Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations.

Author: If you like a particular author, you might enjoy more of their work.

4. How do I take care of Creation Of The Israeli State books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and

Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.

7. What are Creation Of The Israeli State audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms

like Goodreads have virtual book clubs and discussion groups.

10. Can I read Creation Of The Israeli State books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
