Religious and Sexual Identities Andrew Kam-Tuck Yip, Sarah-Jane Page, 2016-04-08 Presenting qualitative and quantitative findings on the lived experiences of around seven hundred young adults from Christian, Muslim, Jewish, Hindu, Buddhist, Sikh and mixed-faith backgrounds, *Religious and Sexual Identities* provides an illuminating and nuanced analysis of young adults' perceptions and negotiations of their religious, sexual, youth and gender identities. It demonstrates how these young adults creatively construct meanings and social connections as they navigate demanding but exciting spaces in which their multiple identities intersect. Accessible quantitative analyses are combined with rich interview and video diary narratives in this theoretically-informed exploration of religious and sexual identities in contemporary society. A timely investigation revealing the multiplicity of contemporary identities, this book will appeal not only to sociologists and scholars of religion, but also to those working in the fields of youth studies, sexuality, gender and identity.

Erotic Literature Donald McCormick,1992 This essential sourcebook is the first guide to all literature covering erotic (but not pornographic or scatological) themes--prose and poetry, ancient and modern, published and unpublished--which deserve to be called classics. From Research to Clinical Practice George Stricker,Robert H. Keisner,2013-11-11 It is an intriguing feature of human experience that in our present world, amid thousands of indications of the effectiveness of the scientific method, so many of us persist in demonstrably illusory or magical beliefs whether religiously related or simply reflections of long-standing superstitions. At a time when millions can observe on television the first landings of human beings on the moon, when our daily lives in the so-called developed countries are replete with conveniences that reflect scientific advances, we still persist in daily wagers on the state lotteries, in paying astrologers or palmists for their readings, in investing thousands of dollars and hours of our legislators' time in discussing such issues as the value of daily prayer in the elementary schools. The emergence of modern medicine based increasingly on scientific research in chemistry, biology, and physics has considerably reduced people's resort to shamans and witch doctors within the major sectors of our own society, although it has by no means eliminated such practitioners.

Causality and Containment in Seventeenth-Century Chinese Fiction McMahon,2023-07-31 A number of features characterize late Ming vernacular fiction as part of the general cultural expansion of that period. These features centrally include the exposition of sexual transgression and the function of containment, by which is meant the ideology of the control of desires. The late Ming writers are studiously devoted to illustrating minute, obscene, or erotic details that belie the decorum of the orthodox surface. However, this subversiveness of detail decreases in intensity from the late Ming to the early Qing, when values of containment are reinvoked. Related topics are: the theme of causality and its role in the story's mapping of the logic of adultery; adultery as an emblem of the woman's escape from containment and the use of the narrative topos of the gap in the wall as a locus of sexual transgression.

American Directory of Writer's Guidelines ,2007-02 Perhaps the best-kept secret in the publishing industry is that many publishers--both periodical publishers and book publishers--make available writer's guidelines to assist would-be contributors. Written by the staff at each publishing house, these guidelines help writers target their submissions to the exact needs of the individual publisher. The American Directory of Writer's Guidelines is a compilation of the actual writer's guidelines for more than 1,700 publishers. Queer Reading Practices and Sexology in Fin-de-Siècle Literature Zsolt Bojti,2025-07-28 This book scrutinises the production and transnational distribution of sexological knowledge at the turn of the century. The works of three transnationally mobile authors are in the focus: *The Picture of Dorian Gray* (1890/1891) and *Teleny* (1893) by, and attributed to, Oscar Wilde; *'The True Story of a Vampire'* (1894) by Count Stanislaus Eric Stenbock; and *Imre: A Memorandum* (1906) by Edward Prime-Stevenson. The textual analysis is governed by references in all four works to Hungarian culture to demonstrate how they conceptualised 'Hungarianness' and same-sex desire simultaneously in the light of the new classificatory science of sexualities coming from German-speaking Central Europe. By foregrounding a timely literary angle and a 'culturalist' approach, this book offers non-Anglocentric insights, not bound by either language or nationality, to shed new light on the interdisciplinary reading practices of late-Victorian subjects and the ways they contributed to the emergence of fin-de-siècle queer fiction.
